Subject Tests is very different from getting straight A's in school. We don't try to teach you everything there is to know about math; only what you'll need to score higher on the test. There's a big difference. In *Cracking the SAT II Math*, we'll teach you how to think like the test writers and eliminate answer choices that look right but are planted to fool you. Score higher by reviewing some basic math concepts. Earn more points by plugging in and ballparking. Learn advanced techniques for tackling the more complicated problems on the SAT II Math test. This book includes four full-length practice SAT II Math Subject Tests, two for each level. The practice questions are just like the ones you'll see on the actual exam, and we fully explain every solution.
