Constructivism and the New Social Studies Geoffrey Scheurman, Ronald W. Evans, 2018-07-01 The New Social Studies refers to a flurry of academic and commercial activity during the 1960s and 1970s that resulted in the mass development and dissemination of revolutionary classroom materials and teacher resources In science as well as social studies a spirit of inquiry based teaching filled the air during this time resulting in the development of curricula that were both pedagogically innovative and intellectually rigorous Constructivism and the New Social Studies contains a collection of classic lessons from some of the most successful projects of the era providing a resource of exceptional ideas and materials that have stood the test of time These revealing artifacts are presented with commentaries from some of the original directors of major projects including Edwin Fenton Barry Beyer and Suzanne Helburn In addition to American and World History groundbreaking lessons are represented in Economics Government Sociology and Geography including the Public Issues Series Fred Newann The Amherst History Project Richard Brown and Geoffrey Scheurman and Teaching American History The Quest for Relevancy Allan Kownslar Gerald Ponder and Geneva Gay and Man A Course of Study Peter Dow With a Foreword by Jerome Bruner the volume not only provides a resource of exceptional curriculum ideas and actual materials it also builds a lucid bridge between the theoretical ideas of constructivism and the pedagogical principles of inquiry learning With over 50 years of expertise from curriculum history and social studies pedagogy the editors make the

case that guided inquiry as presented in these projects was constructivist by design offering a range of instructional methods that begin with questions rather than answers and considers progress in terms of the development of analytical skills and experimental habits of mind rather than the mere acquisition of knowledge Projects developed during the New Social Studies serve as both an interesting historical archive of powerful curricular innovations as well as a treasure trove of actual lessons and materials still useful in social studies classrooms striving to become more constructivist The lessons and other materials we chose should be relevant if you are an historian researcher theorist or teacher of any subject but it will be especially significant if you are interested in the nature of social civic or historical literacy in America including how to teach for authentic achievement in those areas

The One and the Many Martin E. Marty,1997 E pluribus unum no longer holds Out of the many have come as many claims and grievances all at war with the idea of one nation undivided The damage thus done to our national life as too few Americans seek a common good is Martin Marty s concern His book is an urgent call for repair and a personal testament toward resolution A world renowned authority on religion and ethics in America Marty gives a judicious account itself a rarity and a relief in our day of uncivil discourse of how the body politic has been torn between the imperative of one people one voice and the separate urgings of distinct identities racial ethnic religious gendered ideological economic Foreseeing an utter deadlock in public life with devastating consequences if this continues he envisions steps we might take to carry America past the new turbulence While the grand story of oneness eludes us and probably always will Marty reminds us that we do have a rich ever growing and ever more inclusive repertory of myths symbols histories and most of all stories on which to draw He pictures these stories with their diverse interpretations as part of a conversation that crosses the boundaries of groups Where argument polarizes and deafens conversation is open ended guided by questions allowing for inventiveness fair play and dignity for all It serves as a medium in Marty s broader vision which replaces the restrictive difficult and perhaps unattainable ideal of community with the looser more workable idea of association An association of associations is what Marty contemplates and for the spirit and will to promote it he looks to eighteenth century motifs of sentiment and

Fuchs,2012-01-01 Winner of the John Hope Franklin Prize 1991 Winner of the Theodore Saloutos Award from the Immigration History Society 1993 Do recent changes in American law and politics mean that our national motto e pluribus unum is at last becoming a reality Lawrence H Fuchs searches for answers to this question by examining the historical patterns of American ethnicity and the ways in which a national political culture has evolved to accommodate ethnic diversity Fuchs looks first at white European immigrants showing how most of them and especially their children became part of a unifying political culture He also describes the ways in which systems of coercive pluralism kept persons of color from fully participating in the civic culture He documents the dismantling of those systems and the emergence of a more inclusive and stronger civic culture in which voluntary pluralism flourishes In comparing past patterns of ethnicity in America with those of today Fuchs finds reasons for optimism Diversity itself has become a unifying principle and Americans now celebrate ethnicity One encouraging result is the acculturation of recent immigrants from Third World countries But Fuchs also examines the tough issues of racial and ethnic conflict and the problems of the ethno underclass the new outsiders The American Kaleidoscope ends with a searching analysis of public policies that protect individual rights and enable ethnic diversity to prosper Because of his lifelong involvement with issues of race relations and ethnicity Lawrence H Fuchs is singularly qualified to write on a grand scale about the interdependence in the United States of the unum and the pluribus His book helps to clarify some difficult issues that policymakers will surely face in the future such as those dealing with immigration language and affirmative action *Crimes of Hate* Phyllis B.
