Cranach A Family Of Master Painters:

Cranach, a Family of Master Painters Werner Schade, Lucas Cranach, Hans Cranach, 1980-01-01 Lucas Cranach the Elder Bonnie Noble, 2009-03-16 Lucas Cranach the Elder 1472 1553 is the most influential painter of the German Reformation In collaboration with Martin Luther 1483 1546 Cranach produced innovative paintings which made the complex ideas of Lutheran Christianity understandable to a wide range of viewers and inspired later generations of artists Despite Cranach s crucial role as an interpreter of Lutheran ideas his Reformation paintings remain unfamiliar to many American scholars Lucas Cranach the Elder Art and Devotion of the German Reformation presents Cranach s Reformation painting to a broader audience and explains the pictorial strategies Cranach devised to clarify and interpret Lutheran thought For specialists in Reformation history this study offers an interpretation of Cranach s art as an agent of religious change For historians and students of Renaissance art this study explores the defining work of a major sixteenth century artist The broad implications of the Reformation and Cranach s role in transforming religious art make this study suitable for readers with a general interest in history religion or art history **Genealogies in the Library of Congress** Marion J. Kaminkow, 2012-09 A complement to genealogies in the Library of Congress t p of fifth v **Lucas Cranach** Jennifer Nelson, 2024-06-05 A revealing new account of the life and work of this early modern German printmaker This captivating biography brings Lucas Cranach the Elder into the spotlight for the twenty first century The illuminating narrative unveils an artist whose vision transcended personal brilliance as he sought to elevate a nascent nation and foster a sense of community with his work Perhaps Cranach s most remarkable achievement lay in forging a robust Lutheran community endowed with a resounding message of salvation Using prints the prevailing medium of mass communication and multiple versions of paintings he developed an intricate symbolism that resonated with the populace in early modern Germany Jennifer Nelson also explores his extensive repertoire of female nudes and shows how these seductive artworks not only tantalized his patrons but constructed for them a deep history of Germany s notional connections with ancient Greece and Rome **Medieval Families** Carol Neel, Medieval Academy of America, 2004-01-01 The collection reveals how scholars of the 1970s through the 1990s argued the importance of previously unconsidered questions about the shape of medieval familial experience and how their mutual information and criticism has refined and added to this investigation in the intervening period **The Painted Triptychs of Fifteenth-Century Germany** Lynn F. Jacobs, 2025-10-01 This book presents four case studies that interrogate how German fifteenth century painted triptychs engage with and ultimately blur various boundaries Some of the boundaries are internal to the triptych format for example transgressed frames between narrative scenes on triptych interiors or interconnections between imagery on triptych interiors and exteriors Other blurred boundaries are regional ones between the Netherlands and Cologne metaphysical ones between heaven and earth and artistic distinctions between the media of painting and sculpture The book s case studies which shed new light on Conrad von Soest Stefan Lochner and the Master of

the St Bartholomew Altarpiece illuminate the importance of German fifteenth century painting while providing a fresh assessment of relations between German triptychs and their more famous Netherlandish counterparts The case studies also demonstrate the value of probing Media lit t that is the implications of format and medium for generating meaning A coda assesses the triptych in the age of D rer *Religion and Culture in Germany (1400-1800)* Robert Scribner, 2021-10-18 The late Bob Scribner was one of the most original and provocative historians of the German Reformation His truly pioneering spirit comes to light in this collection of his most recent essays In the years before his death Scribner explored the role of the senses in late medieval devotional culture and wondered how the Reformation changed sensual attitudes Further essays examine the nature of popular culture and the way the Reformation was institutionalised considering Anabaptist ideals of the community of goods literacy and heterodoxy and the dynamics of power as they unfold in a case of witchcraft The final section of the book consists of three iconoclastic essays which together form a sustained assault on the argument first advanced by Max Weber that the Reformation created a rational modern religion Scribner shows that far from being rationalist and anti magical Protestants had their own brand of magic These fine essays are certain to spark off debate not only among historians of the Reformation but also among art historians and anyone interested in the nature of culture

The Industry of Evangelism Drew B. Thomas, 2021-10-25 Of the leading print centres in early modern Europe Wittenberg was the only one that was not a major centre of trade politics or culture This monograph examines the rise of the Wittenberg printing industry and analyses how it overtook the Empire s leading print centres It investigates the workshops of the four leading printers in Wittenberg during Luther s lifetime Nickel Schirlentz Josef Klug Hans Lufft and Georg Rhau Together these printers conquered the German print world **The Serpent and the Lamb** Steven Ozment, 2012-01-03 This compelling book retells and revises the story of the German Renaissance and Reformation through the lives of two controversial men of the sixteenth century the Saxon court painter Lucas Cranach the Serpent and the Wittenberg monk turned reformer Martin Luther the Lamb Contemporaries and friends each was godfather to the other s children Cranach and Luther were very different Germans yet their collaborative successes merged art and religion into a revolutionary force that became the Protestant Reformation Steven Ozment an internationally recognized historian of the Reformation era reprises the lives and works of Cranach 1472 1553 and Luther 1483 1546 in this generously illustrated book He contends that Cranach s new art and Luther s oratory released a barrage of criticism upon the Vatican the force of which secured a new freedom of faith and pluralism of religion in the Western world Between Luther s pulpit praise of the sex drive within the divine estate of marriage and Cranach s parade of strong lithe women a new romantic familial consciousness was born The Cranach woman and the Lutheran household both products of the merged Renaissance and Reformation worlds evoked a new organization of society and foretold a new direction for Germany *Imago and Contemplatio in the Visual Arts and Literature (1400-1700)* Stijn Bussels, Karl A.E. Enenkel, Michel Weemans, Elliott D. Wise, 2024-01-22 This volume contains

twenty four essays which in their subjects and methodology pay tribute to the scholarship of Walter S Melion The contributions are grouped under three categories Devotion Art and Image Theory and Vision and Contemplation The Devotion section addresses votive practices theological theory and polemic literature The Art and Image Theory section focuses on Jesuit image theory the reflexive dimension of works and artists reflections on the function of images Finally the Vision and Contemplation section discusses the early modern eye as a tool for thoughtful prolonged looking to ascertain visual wit deception self assessment and friendship sacred and profane allegories Perfection's Therapy Mitchell B. Merback,2018-02-09 A deft reinterpretation of the most zealously interpreted picture in the Western canon as a therapeutic artifact Albrecht Dürer's famous portrayal of creative effort in paralysis the unsurpassed masterpiece of copperplate engraving titled Melencolia I has stood for centuries as a pictorial summa of knowledge about the melancholic temperament a dense allegory of the limits of earthbound arts and sciences and the impossibility of attaining perfection Dubbed the image of images for being the most zealously interpreted picture in the Western canon Melencolia I also presides over the origins of modern iconology art history's own science of meaning Yet we are left with a clutter of mutually contradictory theories a historiographic ruin that confirms the mood of its object In *Perfection's Therapy* Mitchell Merback reopens the case file and argues for a hidden intentionality in Melencolia's opacity its structural chaos and its resistance to allegorical closure That intentionality he argues points toward a fascinating possibility never before considered that Dürer's masterpiece is not only an arresting diagnosis of melancholic distress but an innovative instrument for its undoing Merback deftly resituates Dürer's image within the long history of the therapeutic artifact Placing Dürer's therapeutic project in dialogue with that of humanism's founder Francesco Petrarca Merback also unearths Dürer's ambition to act as a physician of the soul Celebrated as the Apelles of the black line in his own day and ever since as Germany's first Renaissance painter theorist the Dürer we encounter here is also the first modern Christian artist addressing himself to the distress of souls including his own Melencolia thus emerges as a key reference point in a venture of spiritual ethical therapy a work designed to exercise the mind restore the body's equilibrium and help in getting on with the undertaking of perfection *German Paintings in the National Gallery of Ireland* National Gallery of Ireland,David Oldfield,1987 **Hidden Faces: Covered Portraits of the Renaissance** Alison Manges Nogueira,2024-04-02 Many small Renaissance portraits were richly adorned with covers or backs bearing allegorical figures mythological scenes or emblems that celebrated the sitter and invited the viewer to decipher their meaning *Hidden Faces* includes seventy objects ranging in format from covered paintings to miniature boxes that illuminate the symbiotic relationship between the portrait and its pair Texts by thirteen distinguished scholars vividly illustrate that the other faces of these portraits represent some of the most innovative images of the Renaissance created by masters such as Hans Memling and Titian Uniting works that have in some cases been separated for centuries this fascinating volume shows how the multifaceted format unveiled the sitter's identity both by physically revealing the portrait and reading the significance behind
