(Annotated) Henry James, 2016-09-30 *Crapy Cornelia* was first published in Harper's Magazine in October 1909 It is one of a number of stories he wrote which reflect on the time he had spent away from his native America living in Europe It also deals with an issue to which he returned over and over again the decision regarding marriage or bachelorhood This story combines two themes which occur frequently in James's late tales the fear of marriage and the lost opportunity or what might have been And it puts them into a context of nostalgia highlighted by his own return to the USA in 1904 after an absence of twenty one years **Critical Companion to Henry James** Eric L. account exploring how a population explosion transformed nineteenth century European and American culture creating shared narratives of urban life American Fiction and the Metaphysics of the Grotesque Dieter Meindl, 1996 By

synthesizing Kayser's and Bakhtin's views of the grotesque and Heidegger's philosophy of Being American Fiction and the Metaphysics of the Grotesque seeks to demonstrate that American fiction from Poe to Pynchon has tried to convey the existential dimension the pre individual totality or flow of life which defines itself against the mind and its linguistic capacity

Dieter Meindl shows how the grotesque through its self contradictory nature has been instrumental in expressing this reality conception an antirationalist stance in basic agreement with existential thought The historical validity of this new metaphysics which grants precedence to Being the context of cognition over the cognizant subject must be upheld in the face of deconstructive animadversions upon any metaphysics of presence The notion of decentering the subject Meindl argues did not originate with deconstruction The existential grotesque confirms the protomodernist character of classic American fiction Meindl traces its course through a number of well known texts by Melville James Gilman Anderson Faulkner and O Connor among others To convey life conceived as motion these writers had to capture that is immobilize it in their art an essentially distortive and therefore grotesque device Melville s *Bartleby* dealing with a mort vivant is the seminal text in this mode of indirectness As opposed to the existential grotesque which grants access to a preverbal realm the linguistic grotesque of postmodern fiction works on the assumption that all reality is referable to language in a textual universe American Fiction and the Metaphysics of the Grotesque will significantly alter our understanding of certain traditions in American literature
