## **Crash Nostalgia For The Absence Of Cyberspace:**

**Crash**, 1994      **A Companion to Foucault** Christopher Falzon, Timothy O'Leary, Jana Sawicki, 2013-01-22 A Companion to Foucault comprises a collection of essays from established and emerging scholars that represent the most extensive treatment of French philosopher Michel Foucault's works currently available. Comprises a comprehensive collection of authors and topics with both established and emerging scholars represented. Includes chapters that survey Foucault's major works and others that approach his work from a range of thematic angles. Engages extensively with Foucault's recently published lecture courses from the Collège de France. Contains the first translation of the extensive Chronology of Foucault's life and works written by Foucault's life partner Daniel Defert. Includes a bibliography of Foucault's shorter works in English cross-referenced to the standard French edition *Dits et Ecrits*.      **Foucault and Religion** Jeremy Carrette, 2002-09-11 Foucault and Religion is the first major study of Michel Foucault in relation and response to Religion. Jeremy Carrette offers us a challenging new look at Foucault's work and addresses a religious dimension that has previously been neglected. We see that prior to Foucault's infamous unpublished volume in the History of Sexuality on the theme of Christianity there is a complex religious sub-text which anticipates this final unseen work. Jeremy Carrette argues that Foucault offers a twofold critique of Christianity by bringing the body and sexuality into religious practice and exploring a political spirituality of the self. He shows us that Foucault's creation of a body theology through the death of God reveals how religious beliefs reflect the sexual body questions the notion of a mystical archaeology and exposes the political technology of confession. Anyone interested in understanding Foucault's thought in a new light will find this book a truly fascinating read.      **SpecLab** Johanna Drucker, 2009-08-01 Nearly a decade ago Johanna Drucker cofounded the University of Virginia's SpecLab, a digital humanities laboratory dedicated to risky projects with serious aims. In SpecLab she explores the implications of these radical efforts to use critical practices and aesthetic principles against the authority of technology based on analytic models of knowledge. Inspired by the imaginative frontiers of graphic arts and experimental literature and the technical possibilities of computation and information management, the projects Drucker engages range from Subjective Meteorology to Artists' Books Online to the as yet unrealized Patacritical Demon, an interactive tool for exposing the structures that underlie our interpretations of text. Illuminating the kind of future such experiments could enable, SpecLab functions as more than a set of case studies at the intersection of computers and humanistic inquiry. It also exemplifies Drucker's contention that humanists must play a role in designing models of knowledge for the digital age, models that will determine how our culture will function in years to come.      *The City Cultures Reader* Malcolm Miles, Tim Hall, Iain Borden, 2004 Cities are products of culture and sites where culture is made. By presenting the best of classic and contemporary writing on the culture of cities, this reader provides an overview of the diverse material on the interface between cities and culture.      **Routledge Handbook of Leisure Studies** Tony Blackshaw, 2020-07-26 This landmark publication brings together some of the most

perceptive commentators of the present moment to explore core ideas and cutting edge developments in the field of Leisure Studies It offers important new insights into the dynamics of the transformation of leisure in contemporary societies tracing the emergent issues at stake in the discipline and examining Leisure Studies fundamental connections with cognate disciplines such as Sociology Cultural Studies History Sport Studies and Tourism This book contains original work from key scholars across the globe including those working outside the Leisure Studies mainstream It showcases the state of the art of contemporary Leisure Studies covering key topics and key thinkers from the psychology of leisure to leisure policy from Bourdieu to Baudrillard and suggests that leisure in the 21st century should be understood as centring on a new Big Seven holidays drink drugs sex gambling TV and shopping No other book has gone as far in redefining the identity of the discipline of Leisure Studies or in suggesting how the substantive ideas of Leisure Studies need to be rethought The Routledge Handbook of Leisure Studies should therefore be the intellectual guide of first choice for all scholars academics researchers and students working in this subject area

**Music and Technoculture** René T. A. Lysloff, Leslie C. Gay, Jr., 2013-08-15

Moving from web to field from Victorian parlor to 21st century mall the 15 essays gathered here yield new insights regarding the intersection of local culture musical creativity and technological possibilities Inspired by the concept of technoculture the authors locate technology squarely in the middle of expressive culture they are concerned with how technology culturally informs and infuses aspects of everyday life and musical experience and they argue that this merger does not necessarily result in a cultural grayout but instead often produces exciting new possibilities In this collection we find evidence of musical practices and ways of knowing music that are informed or even significantly transformed by new technologies yet remain profoundly local in style and meaning CONTRIBUTORS Leslie C Gay Jr Kai Fikentscher Tong Soon Lee Ren T A Lysloff Matthew Malsky Charity Marsh Marc Perlman Thomas Porcello Andrew Ross David Sanjek jonathan Sterne Janet L Sturman Timothy D Taylor Paul Th berge Melissa West Deborah Wong Ebook Edition Note Four of the 26 illustrations and the cover illustration have been redacted

**Marxism, Cultural Studies and Sport** Ben Carrington, Ian McDonald, 2008-12-05

The cultural ubiquity political prominence and economic significance of contemporary sport present fertile terrain for its critical socio cultural analysis From corporate and media dominated mega events like the Olympic Games to state programmes for nation building and health promotion to the cultural politics of race gender sexuality age and disability sport is so profoundly marked by relations of power that it lends itself to critique and deconstruction Marxism Cultural Studies and Sport brings together leading experts on sport to address these issues and to reflect on the continued appeal of sport to people across the globe as well as on the forms of inequality that sport both produces and highlights Including a Foreword by Harry Cleaver and Afterword by Michael B rub this book assesses the impact of this work on the fields of mainstream Marxism and cultural studies Marxism Cultural Studies and Sport is centred on three vital questions Is Marxism still relevant for understanding sport in the twenty first century Has Marxism been preserved or transcended by cultural studies What is the relationship

between theory and intervention in the politics of sport The result is a unique and diverse examination of modern sports culture The first book published on the relationship between sport and Marxism for over twenty years Marxism Cultural Studies and Sport is an invaluable resource for students of sport sociology Marxism and cultural studies at all levels

**Video Spaces** Barbara London,1995 Exhibition 6 22 9 12 95 Distributed by Abrams      **Sex in Antiquity** Mark Masterson,Nancy Sorkin Rabinowitz,James Robson,2018-02-05 Looking at sex and sexuality from a variety of historical sociological and theoretical perspectives as represented in a variety of media Sex in Antiquity represents a vibrant picture of the discipline of ancient gender and sexuality studies showcasing the work of leading international scholars as well as that of emerging talents and new voices Sexuality and gender in the ancient world is an area of research that has grown quickly with often sudden shifts in focus and theoretical standpoints This volume contextualises these shifts while putting in place new ideas and avenues of exploration that further develop this lively field or set of disciplines This broad study also includes studies of gender and sexuality in the Ancient Near East which not only provide rich consideration of those areas but also provide a comparative perspective not often found in such collections Sex in Antiquity is a major contribution to the field of ancient gender and sexuality studies      **Foucault Live** Michel Foucault,1996 The most accessible and exhaustive introduction to Foucault s thought to date including every extant interview made by Foucault from the mid 60s until his death in 1984 Currently in its fourth printing Foucault Live is the most accessible and exhaustive introduction to Foucault s thought to date Composed of every extant interview made by Foucault from the mid 60s until his death in 1984 Foucault Live sheds new light on the philosopher s ideas about friendship the intent behind his classical studies while clarifying many of the professional and popular misinterpretations of his ideas over the course of his career As Gilles Deleuze noted the interviews in this book go much further than anything Foucault ever wrote and they are indispensable in understanding his life work Most notably Foucault Live includes interviews he made with the gay underground press during his stays in America during the 1970s In them Foucault suggests that homosexuality presents a new paradigm for ways of living beyond the predictable binary couple All of the philosopher s interests from madness and delinquency to film and sexuality and their resultant writings are probed by knowledgeable critics and journalists After reading this book the reader can explore key notions such as episteme savoir and connaissance archeology and archive without the knitted brow that plagued Foucault s public when he was alive This is the guide to Foucault s life as an agent provocateur in the world of philosophy and scholarship

**Foucault Now** James Faubion,2014-02-27 Michel Foucault is recognized as one of the twentieth century s most influential thinkers however the authors in this volume contend that more use can be made of Foucault than has yet been done and that some of the uses to which Foucault has so far been put run the risk of and occasionally simply amount to misuse This interdisciplinary volume brings together a group of esteemed scholars recognized for their command of and insights into Foucault s oeuvre They demonstrate the many respects in which Foucault s project of an ontology of the present

remains vital and continues to yield compelling insights and show that an ontology of the present is restricted to no particular terrain but instead ranges widely and on paths that frequently intersect The essays in this much needed new collection address the key components of Foucault's thought ranging from his approach to power biopolitics and parrhesia to analysis of key texts such as *Folie et D raison* and *Histoire de la sexualité* This collection will spark debate amongst students and scholars alike and demonstrates that that every further encounter with Foucault's corpus is more likely than not to demand a revisiting of interpretations already formulated conclusions already drawn uses already devised Contributors include Didier Eribon Eric Fassin John Forrester Ian Hacking Lynne Huffer Colin Koopman James Laidlaw Laurence McFall Mariella Pandolfi Paul Rabinow and Cary Wolfe

Philosophy as Practice in the Ecological Emergency Lucy Weir, 2023-03-30 This book argues that philosophy is as practical as plumbing and what we need right now is what philosophers can offer as philosophers to help us all our species and beyond through this ecological emergency this climate change this anthropocene This book is about the meaning and purpose of philosophy as a way of a practice of responding to the ecological emergency which includes climate change biodiversity loss pollution habitat destruction and all the associated impacts that fragment and threaten to create collapse among the systems that created and sustain us There are the related economic and social impacts the fragmentation of communities and political ideologies through attitude polarisation and the increasing threats to systems by those who seek to promote further exploitation at the expense of attempts to regain some system of cooperation and an attitude of compassion which is at the heart of our survival strategies as a species Philosophy has always sought to address questions related both to our place in the universe and to how to live given our understanding of our place Those of us committed to a philosophical life have used a range of metaphors and narratives to enlighten and to exhort to action those who would seek to understand what to do how and why Philosophy has played a key role in helping us as a species to respond to the ecological emergency What then is the practice of philosophy given that we're in an ecological emergency This question is the thread and it forms the framework for the dialogue that runs through the book

*Electronic Civil Disobedience and Other Unpopular Ideas* Critical Art Ensemble, 1996 Forget the nostalgia for old school political resistance Here is a smart guide for activism in the post symbolic age of nomadic capital and power CAE's brilliant analysis of our current cyberlandscape is grounded in a shockingly mystical radicality Miwon Kwon editor DOCUMENTS In this superb

collection of essays CAE catalogues the assault on power from the refusal of consumer capital's work machine to the rebellion in cyberspace This incisive compilation makes an important critical contribution to the onslaught against authoritarian social order and the ideology of power Tad Kepley editor Anarchy A Journal of Desire Armed An anarchist's Cookbook for an age of decentralized dematerialized power Electronic Civil Disobedience shares cultural DNA with William Burroughs Electronic Revolution Guy Debord's Society of the Spectacle Hakim Bey's Temporary Autonomous Zone and other classics of nomadic resistance CAE is a flesh eating virus on the body politic Mark Dery In the age of global nomadic capital the CAE attempts to lay the foundation for the growth of nomadic resistance Utilizing the tools of its enemy the CAE suggests that a new cultural and political resistance is possible Fusing a situationist influenced concept of contestational art an understanding of the parallel nature of cultural and political action borrowed from Gramsci and a hacker's deep understanding of how new technology functions ECD is a launch point for debating the nature of power and resistance in the information age

**Delights and Disquiets of Leisure in Premodern India**, 2023-12-30 Leisure is a corollary to pleasure Essays in this historical exploration trace how leisure and recreation were often imagined and celebrated during premodern times from the ancient to the precolonial period This book takes into account the differential access to leisure and pleasure based on class and gender where masculinity is projected through manly sports and femininity through beauty and indulgence in the projection of recreation entertainment and luxury The counter discourse representing labour for those who cater for this leisure is invisibilized as is their transactional nature The volume dwells on the attitudes prescribed and proscribed and brings to the fore the differences across religious ideologies such as Brahmanism Buddhism Jainism and Muslim in various periods Further it looks at leisure in the various classes and cultural spaces such as the elite women the king in the bed chamber the court with dancing girls public areas such as orchards and gardens and performance spaces

**Disobbedienza civile elettronica e altre idee impopolari: come sopravvivere e resistere nella società del controllo** Critical art ensemble, 1998 Makeover Nation Toby Miller, 2008 Life is very much a project in the United States but not a straightforwardly individual one A duality of individual free choice and disciplinary institutional governance is the grand national paradox Simply being leading life without a bumper sticker avowing one's elective institutional affinities seems implausible in a country consumed by the makeover the idea that what you were born as need not define you forever As Toby Miller writes in his introduction I come neither to bury the makeover nor to praise the makeover but to criticize it even as I stand alternately bewildered amused appalled and attracted by it In Makeover Nation he does just that in a witty no holds barred style Miller looks at the power of various forms of knowledge about people and their emotions as they have been applied to the US population from talk therapy to drug treatment He is particularly interested in young people in examining how childhood is constructed and pays close attention to the much favored and overused diagnosis and treatment of ADHD ADD He also focuses his attention on metrosexuals and right wing Christians to disclose how these opposing groups manifest

their drive toward self creation Miller believes that we must question the pleasures of reinvention even as we embrace them

**Saving the Image** Tanya Leighton,Pavel Büchler,2003

**Globalization and Sport** Toby Miller,Geoffrey A

Lawrence,Jim McKay,David Rowe,2001-03-19 Sport is the most universal feature of popular culture It crosses language barriers and slices through national boundaries attracting both spectators and participants to a common lingua franca of passions obsessions and desires This book brings to light the connections between sport and culture It argues that although sport is obviously a source of pleasure it is also part of the government of everyday life The creation of a sporting calendar movements of rational recreation and the development of physical education in the public sector are read as ways of disciplining and shaping urban industrial populations In addition sport is examined as a principal front of globalization The sports process draws together dispersed communities and generates economic wealth The book demonstrates how commodification bureaucratization and ideology are fundamental to the organization of sporting cultures
