Touch in Sports Coaching and Physical Education Heather Piper,2014-08-07 In our increasingly risk averse society touch and touching behaviours between professionals and children have become a fraught issue In sports coaching and physical education touching young sports performers and participants has in some contexts come to be redefined as dubious and dangerous Coaches find themselves operating in a framework of regulations and guidelines that create anxiety for them and others and for many volunteer and sometimes professional coaches this fearful context has led them to question the risks and benefits of

their continuing involvement in sport Touch in Sports Coaching and Physical Education is the first book to explore this difficult topic in detail Drawing on a series of international studies from the US UK Australia Canada Sweden and elsewhere it presents important new research evidence and examines theories of risk and moral panic that frame the discussion By challenging prevailing orthodoxies the book makes a significant contribution to critical discussion around practice pedagogy politics and policy in sport and physical education and also informs current debates around the nature and quality of all in loco parentis relationships **Z.
