Reading Popol Wuj Nathan C. Henne, 2020-04-14 Popol Wuj is considered one of the oldest books in the Americas Various elements of Popol Wuj have appeared in different written forms over the last two millennia and several parts of Popol Wuj likely coalesced in hieroglyphic book form a few centuries before contact with Europeans Popol Wuj offers a unique interpretation of the Maya world and ways of being from a Maya perspective However

that perspective is often occluded since the extant Popol Wuj is likely a copy of a copy of a precontact Indigenous text that has been translated many times since the fifteenth century Reading Popol Wuj offers readers a path to look beyond Western constructions of literature to engage with this text through the philosophical foundation of Maya thought and culture This guide deconstructs various translations to ask readers to break out of the colonial mold in approaching this seminal Maya text Popol Wuj or Popol Vuh in its modern form can be divided thematically into three parts cosmogony the formation of the world tales of the beings who inhabited the Earth before the coming of people and chronicles of different ethnic Maya groups in the Guatemala area Examining thirteen translations of the K'iche' text Henne offers a decolonial framework to read between what translations offer via specific practice exercises for reading studying and teaching Each chapter provides a close reading and analysis of a different critical scene based on a comparison of several translations English and Spanish of a key K'iche' word or phrase in order to uncover important philosophical elements of Maya worldviews that resist precise expression in Indo European languages Charts and passages are frontloaded in each chapter so the reader engages in the comparative process before reading any leading arguments This approach challenges traditional Western reading practices and enables scholars and students to read Popol Wuj and other Indigenous texts from within the worldview that created them

La vida en comunidad es lo m s esencial de la espiritualidad cristiana y es la esencia misma del reino de Dios La espiritualidad cristiana consiste en un nuevo modo de relacionarnos en amor pues es precisamente esto lo que claramente distingue a la comunidad creyente de cualquier otra comunidad humana

Al definir a la espiritualidad cristiana el Dr Cassese derriba el obsoleto paradigma que intentaba buscar la perfecta relación con Dios a través del aislamiento de la pura relación personal e individual con Dios. En particular porque en realidad es en la comunidad donde la espiritualidad se realiza, se prueba, se evalúa, crece y se perfecciona. Este libro por lo tanto nos ayuda a comprender y vivir la espiritualidad desde la vida cotidiana en comunidad, desde la interrelación e interacción con nuestros hermanos y hermanas desde la inmersión profunda en la vida misma.

ENDOSO AL LIBRO COMUNIÓN Y COMUNIDAD

Por Roberto Amparo Rivera PhD. La iglesia como institución tradicionalmente ha reflejado en la práctica las tendencias y valores de la sociedad en que se desenvuelven. Por eso no es de maravillarse encontrar hoy día creyentes individualistas y congregaciones que son más grupos de individuos que comunidades integradas. A pesar de que el amor de Dios que supuestamente distingue la comunidad no busca lo suyo, los miembros de estas iglesias se preocupan más de sus propios intereses que del bienestar comunitario. En este estado de cosas, el libro *Comunión y comunidad* de Giacomo Cassese es un grito de alerta y una invitación a recobrar el sentido comunitario de la fe cristiana. Hay una opinión generalizada de que la cultura occidental es cada vez más espiritualista. En este contexto, la espiritualidad se mide en términos de prácticas esotéricas de meditación, ayuno, contemplación de la naturaleza y lecturas de documentos misteriosos de religiones orientales. La contraparte cristiana percibe la espiritualidad solo en su dimensión vertical: el alma en relación con Dios, mientras que el resto de la vida no hace ninguna aplicación a las relaciones diarias con los semejantes. En marcado contraste, Cassese define espiritualidad como un estilo de relacionarse y de vivir en comunidad. Para los cristianos afirma el autor, espiritualidad conlleva vivir la vida en su plenitud y con propósito. Solo en la comunión con Cristo nos entendemos como personas de comunidad. Y es a partir de la persona de Cristo que descubrimos la dignidad de los demás como personas. Solamente recibiendo a nuestros hermanos y hermanas como regalo de Dios y experimentando a través de la comunión con ellas y ellos la encarnación de la Trinidad, tendremos la vida en abundancia que el camino hacia Dios promete. *Comunión y comunidad* es un oasis al espíritu solitario que aun no ha descubierto que su mayor riqueza está en la vida relacional con sus hermanos y hermanas en Cristo. La lectura es amena y fácil de seguir. Cassese se esmera por hacer comprensibles los términos teológicos que emplea. Con marcada paciencia toma de la mano a los lectores y lectoras y les guía con su habilidad característica a través de los caminos de la espiritualidad, dejando un sentido de. Ahora se entiende. El resumen al final de los capítulos así como el glosario al terminar la lectura son ayudas adicionales en caso de que algún lector o lectora las necesite. Definitivamente el libro de Cassese es un instrumento valioso para la iglesia que quiere vencer el individualismo que destruye las riquezas de la vida cristiana en comunidad, el dualismo que hace separación artificial, deformadora entre la creación material y el mundo del espíritu, y el pragmatismo que reduce la vida a valores puramente materiales. Cassese combate eficientemente estos tres enemigos arraigados de la espiritualidad cristiana. Recomendamos a pastoras y pastores líderes denominacionales y otras personas responsables de dirigir la vida espiritual de sus respectivas comunidades que adquieran y distribuyan copias de

El Retorno de la Femenidad Sagrada y el Alma del Mundo Llewellyn Vaughan-Lee, 2014-01-01 Lo femenino contiene el misterio de la creación Esta verdad simple y primordial a menudo pasa desapercibida Sin embargo en estos tiempos de crisis global que a su vez portan las semillas de una transformación global es necesario que redespertemos al poder espiritual y al potencial de lo femenino Las cualidades femeninas forman parte tanto del hombre como de la mujer y nos empujan hacia las profundidades de nuestro ser hasta los misterios del alma cuya sabiduría se denomina Sophia Sin lo femenino nada nuevo puede nacer nada nuevo puede llegar a la existencia quedaríamos atrapados en las imágenes materialistas de la vida que están contaminando nuestro planeta y profanando nuestras almas Tenemos que volver al centro de nuestro ser al lugar donde lo sagrado se manifiesta en la existencia Y la feminidad mística contiene la clave para poder llevar a cabo esta labor de redención y de transformación En las últimas dos décadas Llewellyn Vaughan Lee ha impartido enseñanzas sobre lo femenino y el alma mundi el Alma del Mundo que por primera vez han sido recopiladas en este libro

La Verdadera Historia de la Creación Vanessa Coltrinari, 2013-11-08 En el principio de la Creación uno de los 12 Seres Creadores originales malinterpreta una consigna del Creador y considera que puede convertirse en su igual dando origen a la Oscuridad y desencadenado el mal que nunca debió haber existido Debido a su desconexión de la energía del

Creador este ser y aquellos a quienes dio origen necesitan alimentarse de otra fuente por lo que secuestran la idea del Ser Humano cuya concepción original fue del Creador y la materializan en la Tierra Sin embargo la chispa original del Creador estaba ya en los Seres Humanos y es lo que hoy nos permite cortar el ciclo de esclavitud al que estamos sometidos y finalmente alcanzar la iluminación Como llegaron estos seres a adueñarse de nuestra Creación De qué manera utilizan al Ser Humano para sus propios fines Cuanto falta para que este mundo y todo lo que hay en él alcance la iluminación Este libro responde estas y muchas otras preguntas

The Origins of Catholic Evolutionism, 1831-1950 Kenneth W. Kemp, 2025 The history of the Catholic Church's response to evolutionary biology has often been badly misrepresented as antagonistic In fact its response is better characterized as a long process of accommodation This work is a comprehensive introduction to the work of the Catholic scientists and theologians who worked out the details of that accommodation Few Catholics found the evolutionary origin of plant and animal species theologically objectionable None thought that evolutionary processes provided a sufficient account of the origin of the first human beings Catholics differed over whether those processes played a role in the origin of the first human body Catholic evolutionism began with the work of four nineteenth century scientists who might be called the pioneers of Catholic evolutionism Belgian geologist Jean Baptiste d Omalius d Halloy English anatomist George Mivart Italian anatomist Filippo De Filippi and French paleontologist Albert Gaudry The next generations of Catholic evolutionists writing in the period from about 1890 1940 included scientists Jesuit entomologists Erich Wasmann and Felix R. Schkämp as well as priests who focused more exclusively on the question of compatibility Dalmace Leroy John Zahm Henry de Dorlodot and Ernest Messenger Among the scientists might also be included French paleontologist Pierre Teilhard de Chardin who made some contributions to the general idea of the compatibility of evolutionary biology and Catholic theology but who eventually veered

off in the direction of a comprehensive evolutionary theology of nature the details of which are beyond the scope of this book Catholic anti evolutionists made efforts to have the Church prohibit works of Catholic evolutionism that in their judgment gave evolutionary processes too great a role in the formation of the human body or that relied on problematic principles of hermeneutics Efforts on the former front were eventually blocked by Pope Pius XI The first magisterial statement on the question came however only in 1950 with Pope Pius XII's encyclical *Humani generis* which provisionally declared the orthodoxy of evolutionary accounts of the origin of the human body In addition to providing details about Catholic evolutionists and the magisterium the book also reviews the treatment of the new ideas in Catholic encyclopedias periodicals and textbooks Although written in the first instance as a work of scholarship the book was also written with attention to the needs of scientists priests and members of the general public who are interested in the question Natural Grace Rupert Sheldrake, Matthew Fox, 1997 British biologist Sheldrake and American priest Fox share an interest in going beyond the current limitations of institutional science and mechanistic religion These dialogues emerged as the authors spoke together at meetings *Creación en El Espacio* Joan Miró, 1966
