Creating a Successful Christian Marriage Cleveland McDonald, Philip McDonald, 2008-04-01 This classic text written by a father and son team looks at the nuclear family as a social institution and provides guidance for interaction and adjustment during dating engagement and early marriage The authors treat such practical matters as communicating working through interpersonal differences and growing in relationships within the family They also discuss the impact of cultural expectations on family patterns and define ideal family roles developed in Scripture Other topics covered include parenting extended family relationships finances and nontraditional families Now available in paperback

Christian Marriage and Family Michael G. Lawler, William P. Roberts, 1996 A definite shift in the Catholic Church's understanding of marriage took place at Vatican Council II Rather than perceiving marriage as a contract whose primary purpose was the procreation of children the council spoke of marriage as an intimate partnership of life and love Then recapturing an earlier tradition it went on to describe the family as a domestic church In this book seven theologians who have lectured and written extensively on marriage probe the rich theology of marriage and family that emerged from Vatican II and explore some of the implications that flow from this theology Part One reflects on the sacramentality of marriage and on the family as a church of the home Part Two examines the pastoral implications this has for marital and family ministry and spirituality

The Secret Success of Marriage BRANFORD B YEBOAH, 2015-05-18 Prayer has always been a vital part of Christian life By studying the prayers of men of God in the Scriptures you will begin to understand the concept of prayer The men whose prayers moved God to act

were ordinary men like us Nevertheless they knew the power of prayer and its benefits The prayer these men prayed was not ordinary prayer but intense prayer People who pray with God have a relationship with Him If you carefully study Scripture you will notice that the way the prophets prayed reveals how married couples should pray to move God to intervene in their failing marriages Their prayer demonstrates the principles that can be gleaned and clearly identified and which if applied to marital life can work wonders When studied the prayers of these great men who walked with God provide a wealth of insight The New Testament offers us prayer to which we even better relate The Gospels centre on key events in the life of Christ including examples of prayer These examples do not only give us insight into the heart of Christ but also give us key instructions on how to pray

Created in Their Image Winelle J. Kirton-Roberts,2015-03-30 Every denomination entered the Caribbean with a mission While the general motivation was to convert the population to Christianity the accompanying practices were undoubtedly intended to civilise and westernise The Moravians and Methodists were the first two evangelical Protestant missions that brought the gospel to the enslaved Africans in the Caribbean When emancipation was granted to the enslaved Africans by the British government in 1834 the newly freed Africans had their own ideas as to how they would live work and worship They were in a struggle for freedom self affirmation self expression and personal development But the Moravians and Methodists had independently framed their thoughts on what the formerly enslaved Africans needed to survive and succeed What the evangelical Protestants created for themselves was an image of the formerly enslaved African They had drawn a mental picture of a European Christian of African descent who was residing in the Caribbean and practicing the Christianity of the West The Caribbean evangelical black was a reflection of the Europeans but never managed to fit into the submissive Christian image This book traces the eighty years during which formerly enslaved Africans adapted to their state of freedom in Antigua and Barbados and how the Moravians and Methodists sought to shape their way of life The book examines the theological dispositions on slavery gender education religion sexuality and race
