Gardens of Grandeur Pasquale De Marco,2025-07-17 From the imperial gardens of St Petersburg to the public parks of Moscow from the gardens of the aristocracy to the gardens of the Russian people Russian gardens are a reflection of the history culture and traditions of the Russian people In Gardens of Grandeur we take a journey through the rich history of Russian gardens from the earliest Byzantine influenced gardens of the 10th century to the grand palaces and public parks of today We explore the influence of Peter the Great who introduced ideas plants and designers from Holland France and Germany to create St Petersburg s Summer Garden and the great formal garden at Peterhof by the Gulf of Finland We also explore the introduction of the English style of landscaping which owed much to Catherine the Great and the recruitment of British gardeners to lay out parks for the Empress and rich nobles Gardens of Grandeur is a celebration of the beauty and diversity of Russian gardens It is a journey through time and space from the imperial gardens of the past to the modern gardens of today It is a journey through the history and culture of the Russian people as seen through the lens of their gardens This book is a must read for anyone interested in Russian history culture or gardens It is also a beautiful and inspiring book that will appeal to anyone who loves gardens and gardening Gardens are a reflection of the people who create

them They are a reflection of our hopes and dreams our fears and aspirations They are a reflection of our culture and our history Russian gardens are no exception They are a reflection of the Russian people their history and their culture Gardens are also a place of peace and tranquility They are a place to escape the hustle and bustle of everyday life and to reconnect with nature Russian gardens are no exception They are a place to relax and rejuvenate to find peace and tranquility If you like this book write a review Place-making for the Imagination: Horace Walpole and Strawberry Hill Marion Harney, 2016-04-08 Drawing together landscape architecture and literature Strawberry Hill the celebrated eighteenth century Gothic villa and garden beside the River Thames is an autobiographical site where we can read the story of its creator Horace Walpole This man of taste created private resonances pleasure and entertainment a collusion of the historic the visual and the sensory Above all it expresses the inseparable integration of house and setting and of the architecture with the collection all specific to one individual a unity that is relevant today to all architects landscape designers and garden and country house enthusiasts Avoiding the straightforward architectural description of previous texts this beautifully illustrated book reveals the Gothic villa and associated landscape to be inspired by theories that stimulate The Pleasures of the Imagination articulated in the series of essays by Joseph Addison 1672 1719 published in the Spectator 1712 Linked to this argument it proposes that the concepts behind the designs for Strawberry Hill are not based around architectural precedent but around eighteenth century aesthetics theories antiquarianism and matters of Taste Using architectural quotations from Gothic tombs Walpole expresses the mythical idea that it was based on monastic foundations with visual links to significant historical figures and events in English history The book explains for the first time the reasons for its creation which have never been adequately explored or fully understood in previous publications The book develops an argument that Walpole was the first to define theories on Gothic architecture in his Anecdotes of Painting 1762 71 Similarly innovative The History of the Modern Taste in Gardening 1780 is one of the first to attempt a history and theory of gardening The research uniquely evaluates how these theories found expression at Strawberry Hill This reassessment of the villa and its associated l

Nineteenth-Century Gardens and Gardening Sarah Dewis, Brent Elliott, 2024-06-19 This volume is the fifth of a six volume collection that brings together primary sources on gardens and gardening across the long nineteenth century Economic expansion empire the growth of the middle classes and suburbia the changing role of women and the professionalisation of gardening alongside industrialisation and the development of leisure and mass markets were all elements that contributed to and were influenced by the evolution of gardens It is a subject that is both global and multidisciplinary and this set provides the reader with a variety of ways in which to read gardens through recognition of how they were conceived and experienced as they developed Material is primarily derived from Britain with Europe USA Australia India China and Japan also featuring and sources include the gardening press the broader press government papers book excerpts and some previously unpublished material Publishing Culture and the "reading Nation" Lynne Tatlock, 2010 In

examining facets of the lives of select books from the 1780s to the 1930s that Germans actually read these essays present a complex and nuanced picture of writing publishing and reading in the shadow of nation building and class formation and suggest how the analysis of texts and the study of books can inform one another

Van Gogh's Gardens Derek Fell, 2001-04-12 Of the passions driving Vincent Van Gogh's extraordinary art one of the greatest was his abiding preoccupation with flowers gardens and the natural landscape Living in poverty however he was never able to translate the breathtaking visions on his canvas into an actual garden Now thanks to Derek Fell's marvellous images insightful writing and reverent adherence to Van Gogh's original botanical ideas Van Gogh's gardens have finally come to brilliant life Drawing inspiration from his dazzling paintings of sunflowers irises and Provencal landscapes as well as from the eloquent letters he wrote to his brother and sister about colour harmonies and planting ideas Fell has lovingly created and photographed the living embodiment of Van Gogh's singular reflections on colour and nature More than 130 original colour photographs show the roots of his ideas in the French landscape today and reveal exactly how those ideas will look in our own backyards including contemporary gardens that embrace such unconventional Van Gogh inspired pairings as geraniums with poppies and heliotrope with roses The book also showcase twenty of the master's most stunning paintings of landscapes and flowers
