Features 3 minibooks that cover building pages at online services such as Google Pages using Microsoft's Expressions Web tool and tweaking a site's look and feel with Cascading Style Sheets. This title includes coverage of topics such as Web and page design, Dreamweaver HTML/XHTML, graphics and multimedia, e-commerce scripting, and Flash.

Adobe Dreamweaver CS3, 2008. Dreamweaver is the standard by which site designers and managers handle the many components required to run today's typical web presence. The Portfolio Series addresses this powerful tool the same way it does other Creative Suite applications: the way one has to in the real world of design and site management. Purely project-based, the book offers eight hands-on, step-by-step assignments exactly as they would be handed to someone in the field. Each assignment addresses workflow, task, and process requirements, finishing with a site that works the way it's supposed to. The title provides self-learners, interested readers, students, and professional instructors detailed instructions on how to master the application.
