

Therefore, if anyone is in  
Christ, he is a new creation.  
The old has passed away;  
behold, the new has come.

## **Creation And Christ:**

**Creation and Christ** Angela Costley, 2020-11-09 The Epistle to the Hebrews is usually associated with its theology of Christ the High Priest. However the term high priest is not so common in the first four chapters of Hebrews occurring only four times with a further reference to sacrifice in 1:3. Rather than emphasising the priestly or sacrificial activity of Christ these opening sections contain a number of references to creation 1:2, 3:10, 12:2, 5:9, 10:3, 1:6, 4:3, 4:4 and 4:9, 10. In this volume Angela Costley uses discourse analysis to explore the importance of the topic of creation to the discourse of the Epistle to the Hebrews uncovering a close link between creation and salvation. She highlights the interaction of the topic of creation with the topic of salvation in the discourse to uncover a depiction of Christ as the creator who descends to take on human flesh. God who becomes human in order to lead humanity heavenward.

### **The New Creation in Christ**

Alfred Prempeh-Dapaah, 2016-04-30 What actually makes a person become a new creation in Christ and what should be the lifestyle of the new creation in Christ. This book reveals some of the realities of the new creation in Christ that can be compared to a metamorphosis. Knowing what makes a person become a new creation in Christ is the beginning of a good strong and successful Christian life. It helps the person to identify themselves and what they have to accomplish God's purposed plan of life for them in Christ. Good to be read by the just born again and all that seeks to grow into spiritual maturity.

Christ and Creation Noel O'Sullivan, 2009 This book sets out to interpret Henri de Lubac's theology of creation from a christological perspective. The challenge of this research has been the absence of a systematic christology in the writings of de Lubac. Yet it is possible to posit a Lubacian christology by sifting through the author's work on a myriad of subjects. The point of entry is the patristic distinction between image and likeness whereby image is understood as an inamissible seal which bestows the divine prerogatives of reason, freedom, immortality and dominion over nature. Likeness is a potential given at creation and realised in the course of the economy of salvation. De Lubac describes it variously as divinisation, divine union, the supernatural dignity of the human being and participation in the internal movement of the Trinity. The originality of this book consists in the gradual emergence of the role of Christ in the process whereby image becomes likeness. De Lubac records his intention to publish a book on Jesus Christ, an ambition he never realised. The present book does not just illustrate the omnipresence of Christ in the writings of de Lubac but dares to delineate what a Lubacian christology would look like.

*Christ and Creation* Colin E. Gunton, 2010-04-05 The papers in this volume are organized in three parts: scriptural, contextual and theological. The central question being addressed is how do Christians living in contexts where Islam is a majority or minority religion experience, express or think of the Cross. This is therefore an exercise in listening. As the contexts from where these engagements arise are varied, the papers in drawing scriptural, contextual and theological reflections offer a cross section of Christian thinking about Jesus and the Cross.

*Christ the Heart of Creation* Rowan Williams, 2018-09-06 In this wide ranging book Rowan Williams argues that what we say about Jesus Christ is key to

understanding what Christian belief says about creator and creation overall Through detailed discussion of texts from the earliest centuries to the present day we are shown some of the various and subtle ways in which Christians have discovered in their reflections on Christ the possibility of a deeply affirmative approach to creation and a set of radical insights in ethics and politics as well Throughout his life Rowan Williams has been deeply influenced by thinkers of the Eastern Christian tradition as well as Catholic and Anglican writers This book draws on insights from Eastern Christianity from the Western Middle Ages and from Reformed thinkers from Calvin to Bonhoeffer as well as considering theological insights sparked by philosophers like Kierkegaard and Wittgenstein Christ the Heart of Creation concerns fundamental issues for Christian belief and Williams tackles them head on he writes with pellucid clarity and shows his gift for putting across what are inevitably complex ideas to a wide audience

**From Creation to Re-Creation** Daniel Lazich, 2021-09-27 Within the last forty years scientific discoveries and knowledge about our universe contain unprecedented theological implications They imply that the creator exists more so than ever before These discoveries have developed a worldview that challenges both theologians and scientists to engage in a mutually fruitful dialogue From Creation to Re Creation uniquely presents God s accomplishments as author Daniel Lazich transports himself to a time when authors wrote creation narratives to depict the contrast between the ancient epics and biblical narrative It forcefully asserts that the creation of this world and humankind was accomplished by the Creator who loves humanity selflessly This assertion is backed by the most advanced study and research concerning our universe s nature Lazich writes that the final observer in quantum cosmology and God in the Bible are the same From Creation to Re Creation employs unprecedented theological implications to assert that the creator s existence is necessary for the universe and humankind in it to exist

*The Gospel in Creation* Ellet Joseph Waggoner, 1999-06 The Gospel in Creation is a nicely illustrated work setting forth clearly and simply the relation between God s work in creation and redemption The signs of power and greatness that mark the handiwork of God in the visible universe are shown to be but indications of the unfailing strength with which He works in the lives of those who submit to His will The confirmation of the truths of the gospel drawn from the study of the creation will make this book a valuable one to all who are watching with interest the attacks that are now made on the authority of the Bible

**Christ in Creation and Ethical Monism** Augustus Hopkins Strong, 1899 *Two Discourses on the Creation of All Things by Jesus Christ, and on the Resurrection of the Dead Through the Man Jesus Christ* Robert Tyrwhitt, 1787 *Christ of the Creation Days* Gregory J. Girard, 2017-08-02 Christ of the Creation Days by Greg Girard I have long been fascinated by the great types of Scripture not clever connections invented by over ingenious preachers but the patterns that underlie the way God repeatedly works both in the people and the events of the Bible Some of them are quite explicit Others you dont see till they are pointed out to you and then you wonder how you could have missed them The more we see one part of Scripture underlining another in what I think of as the repeat of patterns the greater its integrity is seen to be and the clearer its message Greg Girard opens our eyes to a set of

correspondences that could not be more basic to the biblical revelation of God Should it surprise us that the sequence of his creative action in the making of the world should be the same shape as the sequence of his redemptive action in revealing himself to his people Yet I for one had never made the connection The creation of light the separation of land and sea the stars of heaven the man appointed to rule all that lives of course these images reappear elsewhere but had you noticed where and at what crucial points in the Bible story The author deserves our thanks for this illuminating and inspiring study Michael Wilcock author of five titles in the Bible Speaks Today series InterVarsity Press and other books of Bible exposition The World as Creation Emily Binns,1990 **From Creation to Re-Creation** Daniel Lazich,2021-09-27 Within the last forty years scientific discoveries and knowledge about our universe contain unprecedented theological implications They imply that the creator exists more so than ever before These discoveries have developed a worldview that challenges both theologians and scientists to engage in a mutually fruitful dialogue From Creation to Re Creation uniquely presents God s accomplishments as author Daniel Lazich transports himself to a time when authors wrote creation narratives to depict the contrast between the ancient epics and biblical narrative It forcefully asserts that the creation of this world and humankind was accomplished by the Creator who loves humanity selflessly This assertion is backed by the most advanced study and research concerning our universe s nature Lazich writes that the final observer in quantum cosmology and God in the Bible are the same From Creation to Re Creation employs unprecedented theological implications to assert that the creator s existence is necessary for the universe and humankind in it to exist Genesis, The Reality of God's Creation Fernanda Silva,2021-10-19 First God believed and then he called what he had inside his heart to existence In the book The Reality of God s Creation we can understand that the reality our eyes see day by day is not nearly what the Father wished for us and through Jesus Christ we have access to this reality lost by sin God s Word is the most potent encyclopedia in life However it would be a mysterious unknown if there were not God s great will through the anointing of the Spirit both to write it and to interpret it From this formula the result comes revelation In possession of it what remains is to live enjoying a life carefully planned by our God and Father Moreover nothing is better than knowing how everything was planned Just know the manual of life the Word of God consulting how everything was planned in the beginning Pastor Atlas Freire Purpose and destiny To discover the purpose of human existence is undoubtedly one of the most thought out questions of our time We live in an age when our society is hungry for a purpose for a mission for a real sense Who is a human being What is your place within the planet and society When God created man he had a goal nothing was done by chance and everything is wholly connected according to his magnificence You have a purpose and a destiny and until you find out which one you will never be complete and successful in your life Once you know your purpose God will show your destiny *Creation, Christ and Culture* Richard W. McDonough, 2009-11-26 This book examines the New Testament teaching that Christ was the one through whom God made the world While scholars usually interpret this doctrine as arising from the equation of Jesus and the Wisdom of God Sean McDonough argues that it had its roots in the church s memories of Jesus miracles These memories coupled with the experience of spiritual renewal in the early church established Jesus as the definitive agent of God s new creation in the New Testament writings and the teachings of the Early Church Following the logic that the end is like the beginning Christ was taken to be the agent of primal creation This insight was developed in light of Old Testament creation texts viewed from within a messianic matrix of interpretation God gives his Word his Spirit and his Wisdom to his Messiah from the very beginning and the Messiah the radiance of God s glory establishes the cosmos in accordance with God s purposes Creation is the beginning of messianic dominion he rules the world he made McDonough carefully substantiates his thesis through a detailed exegesis of the relevant New Testament texts in the context of related texts in Judaism and Greco Roman philosophy He concludes with a survey of the doctrine of Christ as Creator in the work of six theologians Justin Martyr Irenaeus Athanasius Karl Barth J rgen Moltmann and Wolfhart Pannenberg      *Creation Centred in Christ* Henry Grattan Guinness, 1896      Fundamentals of Catholicism: God, Trinity, Creation, Christ, Mary Kenneth Baker, 1982      **Christ and the Created Order** Zondervan, 2018-05-08 According to the Christian faith Jesus Christ is the ultimate revelation not only of the nature of God the Creator but also of how God the Creator relates to the created order The New Testament explicitly relates the act of creation to the person of Jesus Christ who is also a participant within creation and who is said by his acts of participation to have secured creation s ultimate redemption from the problems which presently afflict it Christian theology proposes that Jesus Christ the incarnate Word and Wisdom of God the agent in whom the Spirit of God is supremely present among us is the rationale and the telos of all things time space as we experience and explore it nature and all its enigmas matter itself Christology is thus utterly fundamental to a theology of creation as this is unfolded both in Scripture and in early Christian theology For all this the contemporary conversation about science and faith tends to a remarkable degree to neglect the significance of Jesus Christ focusing instead on a generic God of wonder or God of natural theology Such general theism is problematic from the perspective of Christian theology on many levels and has at times led to a more or less deistic theology the impression that God has created the world then largely left it to itself Such a theology is far removed from classical Christian renderings of creation providence redemption and eschatology According to these the theology of creation is not just about remote beginnings or the distant acts of a divine originator Rather the incarnate Jesus Christ is himself remarkably the means and the end for which creation itself exists If we would think aright about our world study it and live

within it wisely we must reckon centrally with his significance What might such a bold claim possibly mean and why is Jesus Christ said by Christian theology to be so important for understanding God's overall relationship to the created order What does this importance mean for science Christ and the Created Order addresses these questions by gathering insights from biblical scholars theologians historians philosophers and scientists This interdisciplinary collection of essays reflects on the significance of Jesus Christ for understanding the created world particularly as that world is observed by the natural sciences Contributors to Christ and the Created Order include Marilyn McCord Adams Richard Bauckham Deborah Haarsma Paul Moser Murray Rae James K A Smith Norman Wirzba N T Wright and more

**The Truth about Creation** Alex Andraos, 2017-11 There have been severe differences between science and the Bible since we can remember The issue has always been creation Science has never been able to take the creation story of the Bible seriously due to wrong teaching by Christians that the earth according to the book of Genesis is only six thousand years old when there is overwhelming evidence that the earth could actually be billions of years old In this book the author remarkably proves that what science has discovered in the past two hundred years the Bible has been teaching all along Those teaching the young earth creation theory have unfortunately left out very important scripture regarding creation and in the process could not prove the truth as taught by the Bible As a result many people have missed out on the kingdom of God In this book Alex E Andraos attempts to put this matter right in a teaching of creation seldom taught in the church of Jesus Christ His objective is very clear The salvation of the souls of those who have rejected the Word of God due to the lack of knowledge by the church of Jesus Christ on this subject In addition the author authenticates the Bible through amazing archeological proof fulfilled prophecy that even involves our present day and he proves the existence of Jesus Christ through sources outside of the Bible In this process the theory of evolution is exposed for what it really is just a theory This is a must read for every Christian and for those who have not allowed themselves to enter the kingdom of God due to doubt formed in their minds because of incorrect Bible teaching regarding creation
