Allies Divided Robert D. Blackwill, Michael Stürmer, 1997 Many Transatlantic security concerns in the coming decades will originate not in Europe but in the Greater Middle East which encompasses the area from the Maghreb to the Caspian basin This volume juxtaposes essays from U S and European scholars on selected areas and issues the Arab Israeli peace process the Persian Gulf Turkey and the Caspian Basin the proliferation of weapons of mass destruction and military force projection Each author considers American and European strategies toward a particular issue and makes suggestions for future policy collaboration between the countries on both sides of the Atlantic *The End is the Beginning* Leslie Dutcher, 2024-05-17 *The End is the Beginning* is a 290 page masterpiece that explains everything we need to know concerning all the major end time issues It is an in depth study of what everyone can expect in the short time remaining before the Battle of Armageddon and the Second Coming of Jesus Christ This book discusses topics such as The United States in Bible Prophecy Islam in Bible Prophecy The Berlin Wall in Bible Prophecy when and where World War 3 will happen The Mark of the Beast and nine other chapters loaded with end time prophetic facts I highly recommend this book to anyone searching for the latest updates on end time prophecy Review written by W P *The History of American Foreign Policy from 1895* Jerald A. Combs, Jessica Elkind, 2024-04-01 Now in its fifth edition this volume offers a clear concise and nuanced history of U S foreign relations since the Spanish American War and places that narrative within the context of the most influential historiographical trends and debates *The History of American Foreign Policy from 1895* includes both revised and new sections that incorporate insights from recent scholarship on the United States in the world These sections devote more attention to the international framework as well as the domestic constraints under which American foreign policymakers operated This edition also emphasizes the role of non state actors such as missionaries aid workers activists and business leaders in shaping policies and contributing to international relations As a result the text considers a broader and more diverse range of people and voices than many other histories of U S foreign policy Expanded final chapters bring the story of U S foreign relations to the present and explore some of the contemporary challenges facing American and global leaders including terrorism the effects of climate change China s increasing influence and globalization Updated controversial issues sections and suggestions for further reading at the end of each chapter reflect important contributions from new studies This engaging text is an invaluable resource for students interested in the history of American foreign policy and international relations [Conflict and Cooperation in the Gulf Region](#) Joseph Kostiner, 2009-01-22 This book analyzes four main episodes of conflict and defense which have affected the region during the last three decades the Iran Iraq war 1980 1988 which effected the Gulf Cooperation Council GCC from a close neighborly distance the Iraq Kuwait war 1990 1991 which constituted an attempt to invade the GCC and eliminate one of its member states Kuwait And the subsequent attempts to reestablish a regional inter state stability in the Gulf during the mid 1990s approximately and the war of Islamic terrorism

notably al Qaeda against Saudi Arabia leading up to 2005 Each episode was driven by inimical interests and evolved as a destabilizing influence on the Gulf states At the same time each conflict resulted in a paradoxical combination rivalry and cooperation among the GCC states themselves A perpetual sequence of conflict and cooperation thus developed **The Clash of Civilizations** Allan Trawinski, 2017-05-26 In this work Allan Trawinski will test and disprove the commonly held hypothesis that the present West Near East Conflict is a relatively new development since the founding of the State of Israel in 1948 is primarily driven by religion culture radical Islamic fundamentalism against Christianity Judaism and that terrorism is employed as the Near East's primary method weapon tactic of choice which could all be ended by solving the Palestinian Israeli religious problem ending radical terrorism becoming energy independent liberating the region from despots and establishing prosperous economic and democratic regimes in their wakes Consequently he will test and prove his own counterhypothesis that the present West Near East Conflict is a part of a continuous 3 275 year conflict that is secular geopolitical economic as much as or more than ideological religious cultural in nature and that terrorism has only until very recently played a relatively minor role as the Near East's primary method weapon tactic of choice Australia and China at 40 Jingdong Yuan, 2012 For the first time Australia's leading trading partner is not a democracy Rather it is a powerful authoritarian state with a fast growing economy a rapidly modernising military and bold global ambition How should Australia respond to the seemingly unstoppable and dazzlingly swift rise of China To mark the 40th anniversary of diplomatic relations between Australia and the People's Republic of China expert writers from Australia and China come together here to analyse how both countries relate to each other They cast light on security and economic issues trade and investment and political diplomatic and strategic challenges that can only increase in intensity While China's prosperity is good for Australia's bottom line China's assertiveness in regional affairs its tight domestic political human rights and currency controls and the expansion of its cultural influence all make Australians uneasy And could this global powerhouse become a military threat Or can we have it all in the Asian Century healthy trade and diplomatic relations and a genuine and robust dialogue

Hollywood Behind the Wall Daniela Berghahn, 2005-07-15 This book is a representative history of East German film culture from 1946 to the present examining both DEFA's celebrated classics and the most acclaimed post unification feature films by East German directors As Berghahn shows East German cinema occupies an ambivalent position between German national cinema on the one hand and East European and Soviet cinema on the other It includes a wide ranging exploration of post unification cinema from East Germany including cult films such as *Sun Alley* and *Goodbye Lenin* and provides contextualized readings of twenty significant films referencing one hundred and ninety East German films in total along with numerous West German and East European classics *Rabin and Israel's National Security* Efraim Inbar, 1999-06-17 For more than forty years Yitzhak Rabin played a critical role in shaping Israeli national security policy and military doctrine He began as a soldier in the Palmach the elite underground unit of the Jewish community in Palestine served in the 1948 War of

Independence and ultimately became chief of staff of the Israel Defense Force IDF defense minister in several governments ambassador to the United States and twice prime minister As chief of staff Rabin led the IDF to its triumph in the 1967 Six Day War He was assassinated in 1995 as prime minister as he left a peace rally Drawing on unpublished materials and interviews with important sources including Rabin himself Efraim Inbar's work offers a systematic study of Rabin's strategic thinking and his policies Topics include the evolution of Rabin's thinking his contributions to IDF military buildup his stress on Israel's relationship to the United States his attitudes toward the use of force and his approach to Israel's nuclear status in the Middle East Inbar's conclusion evaluates Rabin's contribution to Israel's national security and assesses Rabin's personal transition from warrior to peace maker Because of Rabin's crucial role in Israel's defense establishment at important junctures in its history this book provides an important view into the security challenges Israel has faced and how the country has responded over four decades

The Offensive Mine Laying Campaign Against Japan United States Strategic Bombing Survey, 1946 *To Save a City* Roger Gene Miller, 1998 **From Hannibal to Sulla** Carsten Hjort Lange, 2024-01-29 The second century BCE was a time of prolonged debate at Rome about the changing nature of warfare From the outbreak of the Second Punic War in 218 to Rome's first civil war in 88 BCE warfare shifted from the struggle against a great external enemy to a conflict against internal parties This book argues that Rome's Italian subjects were central to this development having rebelled and defected to Hannibal at the end of the third century the allies again rebelled in 91 BCE with significant consequences for Roman thought about warfare as such These rebellions constituted an Italian renewal of the war against their old conqueror Rome and an internal war within the polity Accordingly we need to add internal war to the already well established dichotomy of foreign and civil war This fresh analysis of the second century demonstrates that the Roman experience of internal war during this period provided the natural stepping stone in the invention of civil war as such It conceives of the period from the Second Punic War onward as an antebellum period to the later civil wars of the Late Republic during which contemporary observers looked back at the last great war against Hannibal in preparation for the next conflict

Going Global Or Going Nowhere? Jennifer Medcalf,2008 This book examines the changing nature and location of NATO s operations concentrating on the development of its extra European interventions The objectives of the book are twofold The first is to provide a historical overview of the importance of the out of area issue to NATO The book takes a chronological approach to this and maps the evolution of the debates that took place about NATO s appropriate response to threats beyond the North Atlantic area from NATO s founding in 1949 until the present day The second objective is to assess how successfully NATO has made the transition from being a security actor with regional responsibilities to one that responds to global security threats The author considers the argument that emerged post 9 11 that the key to ensuring NATO s future vitality was to expand its geographic area of responsibility to encompass threats occurring both within and beyond the Euro Atlantic area This book therefore provides the first detailed examination of the evolution of NATO s global role and the success with which NATO has adapted to its new responsibilities
