Alloys and Automobiles Ralph D. Gray,1979 Elwood Haynes built an automobile in Kokomo Indiana in 1893 1894 He also produced alloys and was a metallurgical scientist Alloys and Automobiles Ralph Gray,1989-06-01

Haynes-Apperson and America's First Practical Automobile W. C. Madden,2003 While Elwood Haynes and the Apperson brothers are not as well known as Henry Ford Ransom Olds and other famous automobile manufacturers their contributions to the automotive industry are just as significant They were responsible for one of the first functioning automobiles if not the first in the United States After building their automobile in 1894 the three men formed the Haynes Apperson Automobile Company in Kokomo Indiana one of the first car manufacturing companies in the country Three years after incorporation a dispute over money caused the partnership to split up and Edgar and Elmer Apperson formed their own company Both companies lasted until the mid 1920s This book is a history of these automotive pioneers and their companies the Haynes Apperson Automobile Company the Haynes Automobile Company and the Apperson Brothers Automobile Company It is richly illustrated with photographs of the factories automobiles personalities and advertisements **Indiana History** Ralph D.

Gray,1994 These readings provide an overview of Indiana history based upon primary and secondary accounts of significant events and personalities This treasure trove includes work by George Rogers Clark Emma Lou Thornbrough George Ade Dan Wakefield and many more **The History of Stainless Steel** Harold M. Cobb,2010-01-01 The History of Stainless Steel provides a fascinating glimpse into a vital material that we may take for granted today Stainless steel called the miracle metal and the crowning achievement of metallurgy by the prominent metallurgist Carl Zapffe is a material marvel with an equally fascinating history of people places and technology As stainless steel nears the hundredth anniversary of its discovery The History of Stainless Steel by Harold Cobb is a fitting perspective on a vital material of our modern life Aptly called the miracle metal by the renowned metallurgist Carl Zapffe stainless steel is not only a metallurgical marvel but its history provides an equally fascinating story of curiosity competitive persistence and entrepreneurial spirit The History of Stainless Steel is the world's first book that captures the unfolding excitement and innovations of stainless steel pioneers and entrepreneurs Many new insights are given into the work of famous pioneers like Harry Brearley Elwood Haynes and Benno Strauss including significant technical contributions of lesser known figures like William Krivsky This fascinating history of stainless steel exemplifies the great push of progress in the 20th Century From the stainless steel cutlery of Brearley in 1913 stainless steel burst on the modern scene in many tangible ways Excerpted text by William Van Alen architect of the Chrysler Building describes the early architectural use of stainless steel Another historic application of stainless steel is the revolution in rail travel by the Edward G Budd Company which built the first light weight stainless steel passenger trains with an astounding 90% reduction in fuel costs This remains recognized today as one of the technological marvels of the modern world Harold Cobb a metallurgist who has spent much of his career in the stainless steel industry uncovers many interesting

stories and insights including a special perspective on the prominent role of stainless steel in the activities of emerging technical societies such as the American Society for Metals and the American Society for Testing and Materials Amply illustrated and with a 78 page timeline this publication truly evokes the inspirations created by and from stainless steel
