Laing,2004-08-31 From the early twentieth century until the Communist takeover in 1949 Shanghai commercial artists created thousands of colorful posters and black and white advertisements that formed an essential part of modern life in the city This visually appealing and richly illustrated work describes the origin and evolution of modern commercial art in China focusing on colorful advertisement calendar posters that featured distinctive feminine images It makes clear how essential commercial art and its institutional backing were to the development of modern art and even modern society in China over the past century Selling Happiness discusses not only advertising art but also the production and marketing of the calendar poster These posters like other advertisements were rendered in a Western realistic technique and were wildly and widely

popular Ordinary people throughout China often acquired them to decorate their homes Laing outlines how the Chinese commercial artist who rarely attended formal Western art classes gained skills in Western representational art In the final chapter of the book she explains how the styles developed by the commercial poster artists during the 1920s and 1930s became the basis for certain types of propaganda art under the Chinese Communists in the 1950s and 1960s *The Taiwanese Americans* Bloomsbury Publishing, 1998-05-26 Despite the relatively short history of the Taiwanese in the United States they have been a significant presence in America Since 1965 immigration law changes have led to a dramatic increase in the Asian population in the United States Taiwanese Americans the immigrants from Taiwan and their descendants are a prominent group in this increasing Asian population This is the first book length study about the Taiwanese American community in the United States While most articles have discussed the economic impact of their immigration this study focuses on their community organization information networks religious practices cultural observances and the growing second generation Finally it concludes with an assessment of the contributions of Taiwanese Americans to U S society Biographical sketches of noted Taiwanese Americans complete the text The identity of the Taiwanese American community is complex and evolving because it is partly determined by the politics between Taiwan and China As relations between Taiwan and China change so will the identity of Taiwanese Americans Other variables affecting their identity include the relations between mainlanders and native Taiwanese in Taiwan political liberalization within Taiwan the role of U S policy towards Taiwan and China and the nurturing of a Taiwanese consciousness An increasingly important variable is the orientation of the second generation American born Taiwanese Americans They have the options of being simultaneously Taiwanese American Chinese American Asian American and American Taiwanese Americans are helping to reinvent America by transforming the economic and cultural landscape of the U S as have previous waves of immigrants
