Musical Bows and Zithers along the Great Silk Road Xiao Mei, Gisa Jähnichen, 2023-10-04 The musical bow is usually considered one of the earliest instruments in the history of instrumental development yet the validity of this view has not been proven In all likelihood it was one among many other early instruments created to produce sound The same can be said in general for all the simple chordophones called zithers of which the musical bow is one type The papers collected in this volume have been initially presented at the International Council for Traditional Music Colloquium ICTM held in Shanghai in December 2022 They try to challenge some previous depictions of instrumental development and one sided explanations of musical histories They specifically focus on exploring the interrelationship between instrumental development and the availability of natural resources in particular geographical regions While the papers at the colloquium focused on sound production they also explored the role of ethnomusicology as a discipline in guiding local decision making and interregional research co operation *The Cities and Routes of the Great Silk Road* IñUñrii Fedorovich Buriñañkov, 1999 **Winds of**

the Steppe Bernard Ollivier, 2020-11-17 Bernard Ollivier pushes onward in his attempt to become the first person to walk the entire length of the Great Silk Road A gripping account More than just a travel story this is a quest for the Other Alexis Liebaert L v nement Picking up where Walking to Samarkand left off Winds of the Steppe continues the astonishing tale of journalist Bernard Ollivier s 7 200 mile walk from Turkey to China along the Silk Road the longest and most mythical trade route of all time Taking readers from the snows of the Pamir Mountains to the backstreets of Kashgar a Central Asian city that could be the setting for One Thousand and One Nights to the Tian Shan Mountains to the endless Taklamakan and Gobi Deserts of China s Xinjiang Uyghur Autonomous Region Bernard Ollivier continues his epic foot journey along the Great Silk Road hoping to make his way to Han China and reach at long last the legendary city of Xi an After traveling through a region dotted with former Buddhist shrines Ollivier finds himself craving the warm welcome of Islamic lands where regardless of their culture or nationality travelers are often treated as esteemed guests Beyond the occasional vestige of the old Silk Road Ollivier comes face to face with sites of religious significance China s Great Wall and of course thousands of everyday people along the way As Ollivier tries to make sense of his journey and find connections between these people s daily lives and the so called modern world he does so with a sense of humility that transforms his personal journey into a universal quest

Ancient Texts and Languages of Ethnic Groups Along the Silk Road Johannes Reckel, Merle Schatz, 2021 Central Asia has been dominated by Mongolian and Turkic speaking nations for the past 1300 years Uyghurs and Uzbeks were the most important traders on the Central Asian Silk Roads Earlier Sogdians and Tokharians and other ethnic groups speaking Indo Germanic Indo Iranian languages were active on these ancient trade routes In the 18th and 19th century a Tungus language Manchu became important for Sinkiang Mongolia and the whole of China Expansion policy of different realms comprehensive commercial activities and the spread of religious ideas facilitated the exchange of cultural knowledge along

the Silk Road Texts and scripts tell us not only about the different groups that were in contact but also reflect details of diplomatic religious and economic ambitions and the languages that were used for these different forms of communication. Several examples of contact induced language change or specific linguistic influence as a result of contacts along the Silk Road invite us to understand more about the frequency intensity and intention of contacts that took place in very different regions connected by the Silk Road.

Treasures of the Great Silk Road Edgar Knobloch, 2012-05-01

Turkestan the great landmass of Central Asia and Western China is an intriguing meeting point of civilizations. Four major invasions Greek Arab Mongol and Russian together with Persian Turkic and Chinese cultural influences have made their mark on this vast and sometime forbidding region. The Great Silk Road ran to the West through it while nomad and urban peoples combined over the centuries to produce a cultural flowering under Timur and his successors in the late medieval and early modern periods through a rich profusion of artistic and architectural styles and ornament. In this comprehensive account of the culture and history of Central Asia Edgar Knobloch describes the main centres of our human civilization. He spices the text with quotations from the works of contemporary travellers while providing an expert's commentary on the archaeological architectural and decorative features of the sites he describes. The stunning and evocative photographs are supplemented by numerous maps incorporating the recent developments in the region's borders and frontiers. With up to date information on borders check points and visas *Treasures of the Great Silk Road* should appeal not only to scholars and those interested in the great cultural heritage of this region but also to travellers to the region.

The Silk Roads Geordie Torr, 2018-09-10

For millennia the silk roads have been the arteries of international trade. Today these ancient routes still play a key role. Over the ages the passages across the region have shifted and evolved due to changing political circumstances environmental forces and the prevalence of deadly illness. Despite this the ceaseless flow of goods and culture between East and West has continued unabated. Taking us back to the origins of these enduring networks Geordie Torr describes the beginnings of early trade the ancient cultures that breathed life into these routes and the mighty dynasties which rose to exert control before fading into the sands of time. The trade that took place along these roads led to exchanges in art culture and technology as the delicate silks woven by the Chinese and Indians arrived in Europe so wool gold and silverware travelled back to the Orient while innovations in sea travel allowed the

maritime routes to thrive The stories of the first intrepid travellers who left behind the safety of their homelands to risk their lives in alien lands are scattered throughout the pages and highlight the basic human compulsion to explore Featuring stunning photography that celebrates the natural beauty of the routes alongside artworks illustrating the incredible skill of craftsmen through the ages The Silk Roads distils thousands of years of history into an accessible and fascinating tale
