planning any sort of pattern of reasonable dimensions it may be wise to take some advice from an expert gardener Also remember that if you are taking professional advice you may need to look at his fees beforehand in order to prevent escalating costs right at the initial stages of the project itself This does not mean that you cannot have your own individual ideas carried out for a garden because after all it is a reflection of the heart body mind and soul of the person who plans it You want to create a thing of beauty and a joy forever
