Alternative Conceptions of Civil Society Simone Chambers, Will Kymlicka, 2020-10-06 The idea of civil society has long been central to the Western liberal democratic tradition where it has been seen as a crucial site for the development and pursuit of basic liberal values such as individual freedom social pluralism and democratic citizenship This book considers how a host of other ethical traditions define civil society Unlike most studies of the subject which focus on a particular region or tradition it considers a range of ethical traditions rarely addressed in one volume libertarianism critical theory feminism liberal egalitarianism natural law Christianity Islam Judaism and Confucianism It considers the extent to which these traditions agree or disagree on how to define civil society s limits and how to evaluate its benefits and harms A variety of distinguished advocates and interpreters of these traditions present in depth explorations of how these various traditions think of ethical pluralism within societies asking how a society should respond to diversity among its members Together they produce a work rich with original insights on a wide range of subjects about which little has been written to date An excellent starting point for a comparative ethics of civil society this book concludes that while the concept of civil society originated in the liberal tradition it is quickly becoming an important focus for a truly cross cultural dialogue In addition to the editors the contributors are Michael Banner Hasan Hanafi Loren E Lomasky Richard Madsen Michael A Mosher Michael Pakaluk Anne Philips Adam B Seligman Suzanne Last Stone and Michael Walzer *Citizens of Two Kingdoms: Civil Society and Christian Religion in Greater China* Shun-hing Chan, Jonathan W. civil society has been treated in classical liberalism liberal egalitarianism critical theory feminism natural law Christianity Judaism Islam and Confucianism The volume draws on the work of eminent scholars to address six questions In terms of function and consequences does it matter where the line is drawn between civil society and the state What is the relationship of civil society to the state In what contexts and under what conditions should government interact with individuals directly or instead indirectly through communal associations What are the prerogatives and duties of citizenship and what is the role of civil society in forming good citizens How should a society handle the conflicts that sometimes arise between the demands of citizenship and those of membership in the non governmental associations of civil society A theoretical introduction by the editors political theorist Nancy Rosenblum and legal scholar Robert Post and a conclusion by religious ethicist Richard Miller tie the book together In addition to Rosenblum the contributors are Kenneth Baynes David Biale John Coleman Farhad Kazemi John Kelsay William Galston Will Kymlicka Tom Palmer Fred Miller Susan Moller Okin Peter Nosco Henry Rosemont Steven Scalet David Schmidtz William Sullivan Max Stackhouse Stephen White and Noam Zohar *Christian Realism and the New Realities* Robin W. Hashmi, 2009-01-10 One of the most dynamic aspects of the Islamic revival during the past two centuries has been the rethinking of Islamic political thought A broad range of actors ideas and ideologies characterize the debate on how Islamic ethics and law should be manifested in modern institutions Yet this aspect of the return to Islam has been neglected by policymakers the media and even many scholars who equate political Islam with merely one strand labeled Islamic fundamentalism Bringing together ten essays from six volumes of the Ethikon Series in Comparative Ethics this book gives a rounded treatment to the subject of Islamic political ethics The authors explore the Islamic ethics of civil society boundaries pluralism and war and peace They consider questions of diversity discussing among other subjects Islamic regimes policies regarding women and religious minorities The chapters on war and peace take up such crucial and timely issues as the Islamic ethics of jihad examining both the legitimate conditions for the declaration of war and the proper conduct of war In their discussions the contributors analyze the works of classical writers as well as the full range of modern reinterpretations But beyond these analyses of previous and contemporary thinkers the essays also reach back to the two fundamental sources of Islamic ethics the Qur'an and traditions of the Prophet to develop fresh insights into how Islam and Muslims can contribute to human society in the twenty first century The authors are Dale F Eickelman Hasan Hanafi Sohail H Hashmi Farhad Kazemi John Kelsay Muhammad Khalid Masud Sulayman Nyang Bassam Tibi and M Raquibuz Zaman From the foreword by Jack Miles Western foreign ministers and secretaries of state may have to learn a little theology if the looming clash between embattled elements both in the West and

Christian Political Ethics John A. Coleman, 2009-01-10. *Christian Political Ethics* brings together leading Christian scholars of diverse theological and ethical perspectives: Catholic, Lutheran, Calvinist, and Anabaptist, to address fundamental questions of state and civil society, international law and relations, the role of the nation and issues of violence and its containment. Representing a unique fusion of faith-centered ethics and social science, the contributors bring into dialogue their own varying Christian understandings with a range of both secular ethical thought and other religious viewpoints from Judaism, Islam, and Confucianism. They explore divergent Christian views of state and society and the limits of each. They grapple with the tensions that can arise within Christianity over questions of patriotism, civic duty, and loyalty to one's nation, and they examine Christian responses to pluralism and relativism, globalization, and war and peace. Revealing the striking pluralism inherent to Christianity itself, this pioneering volume recasts the meanings of Christian citizenship and civic responsibility and raises compelling new questions about civil disobedience, global justice, and Christian justifications for waging war as well as spreading world peace. It brings Christian political ethics out of the churches and seminaries to engage with today's most vexing and complex social issues. The contributors are Michael Banner, Nigel Biggar, Joseph Boyle, Michael G. Cartwright, John A. Coleman, S. J. John Finnis, Theodore J. Koontz, David Little, Richard B. Miller, James W. Skillen, and Max L. Stackhouse.

Confucian Political Ethics Daniel A. Bell, 2010-04-24. For much of the twentieth century, Confucianism was condemned by Westerners and East Asians alike as antithetical to modernity. Internationally renowned philosophers, historians, and social scientists argue otherwise in *Confucian Political Ethics*. They show how classical Confucian theory, with its emphasis on family, ties, self-improvement, education, and the social good, is highly relevant to the most pressing dilemmas confronting us today. Drawing upon in-depth cross-cultural dialogues, the contributors delve into the relationship of Confucian political ethics to contemporary social issues, exploring Confucian perspectives on civil society, government, territorial boundaries, and boundaries of the human body and body politic, and ethical pluralism. They examine how Confucianism, often dismissed as backwardly patriarchal, can in fact find common ground with a range of contemporary feminist values and need not hinder gender equality. And they show how Confucian theories about war and peace were formulated in a context not so different from today's international system and how they can help us achieve a more peaceful global community. This thought-provoking volume affirms the enduring relevance of Confucian moral and political thinking and will stimulate important debate among policymakers, researchers, and students of politics, philosophy, applied ethics, and East Asian studies. The contributors are Daniel A. Bell, Joseph Chan, Sin Yee Chan, Chenyang Li, Richard Madsen, Ni Lexiong, Peter Nosco, Michael Nylan, Henry Rosemont Jr., and Lee H. Yearley.

Christianity and Civil Society Jeanne Heffernan Schindler, 2008-01-01. *Christianity and Civil Society* responds to the crisis of American democracy as perceived by such

diverse thinkers as Christopher Lasch Michael Sandel Mary Ann Glendon and Robert Putnam Despite their philosophical differences these thinkers highlight a common theme a decline in the institutions of civil society once held to be the vital center of the American polity In place of these institutions such as the family neighborhood church and civic associations one finds a disturbingly reduced socio political stage dominated by an abstract triumvirate of the individual state and market as prime actors Whether taking their inspiration from the political theology of St Thomas Aquinas and papal encyclicals or from John Calvin and his heirs in the Reformed traditions the authors assembled here find the doctrinal resources of Christianity indispensable to defending the irreducible identity and value of the social institutions that serve as the connective tissue of a political community By drawing upon a treasury of social thought little known to most Americans Christianity and Civil Society offers a fresh vantage point from which to assess the crisis of our polity as well as the best prospects for its renewal

Boundaries and Justice Sohail H.
