Elizabethan attitudes towards aboriginals paralleled their attitudes towards English vagrants Despite a nod to Arcadian conventions travel narratives of Virginia were preoccupied with finding wealth according to Paul W DePasquale s research Rick H Lee examines the conflicting loyalties of Pierre Raddisson in the New World Richard A Young demonstrates that the Florida shipwreck narratives of Cabeza de Vaca were groomed for intended audiences past and present This rich interdisciplinary collaboration contributes to the debate on boundaries between disciplines as well as boundaries between the Middle Ages and the early modern period and also between historical and theoretical perspectives Making Contact draws our attention to the important ways in which historic encounters with contrasting others have shaped the identities of both individual and corporate selves over a span of five centuries

Return to Aztlan Danna A. Levin Rojo, 2014-03-10 Long before the Spanish colonizers established it in 1598 the Kingdom of Nuevo M xico had existed as an imaginary world and not the one based on European medieval legend so often said to have driven the Spaniards ambitions in the New World What the conquistadors sought in the 1500s it seems was what the native Mesoamerican Indians who took part in north going conquest expeditions also sought a return to the Aztecs mythic land of origin Aztlan Employing long overlooked historical and anthropological evidence Danna A Levin Rojo reveals how ideas these natives held about their own past helped determine where Spanish explorers would go and what they would conquer in the northwest frontier of New Spain present day New Mexico and Arizona Return to Aztlan thus remaps an extraordinary century during which for the first time Western minds were seduced by Native American historical memories Levin Rojo recounts a transformation of an abstract geographic space the imaginary world of Aztlan into a concrete sociopolitical place Drawing on a wide variety of early maps colonial chronicles soldier reports letters and native codices she charts the gradual redefinition of native and Spanish cultural identity and shows that the Spanish saw in Nahua or Aztec civilization an equivalence to their own A deviation in European colonial naming practices provides the first clue that a transformation of Aztlan from imaginary to concrete world was taking place Nuevo M xico is the only place name from the early colonial period in which Europeans combined the adjective new with an American Indian name With this toponym Spaniards referenced both Mexico Tenochtitlan the indigenous metropolis whose destruction made possible the birth of New Spain itself and Aztlan the ancient Mexicans place of origin Levin Rojo collects additional clues as she systematically documents why and how Spaniards would take up native origin stories and make a return to Aztlan their own goal and in doing so overturns the traditional understanding of Nuevo M xico as a concept and as a territory A book in the Latin American and Caribbean Arts and Culture initiative supported by the Andrew W Mellon Foundation

The Armature of Conquest Beatriz Pastor Bodmer, 1992 Focusing on certain key first hand narratives of the discovery exploration and conquest of the New World the author views various journals letters and other documents not merely as narratives of facts and events but as literary expressions of the dynamics of the writer s experience Bodmer uses early Spanish chronicles to take the reader on a

journey of exploration into the ideology of conquest and how it fared in the face of New World realities What emerges is a detailed analytical history of the gradual awakening of a critical consciousness concerning accepted versions of the discovery and conquest of America
