Always At Ease Overcoming Anxiety And Shyness In Every Situation:

Always at Ease Christopher J. McCullough, 1991 An authoritative guide for conquering the social anxiety or shyness that affects an estimated 84 million Americans Dr McCullough gets to the heart of the matter by tracing shyness and anxiety to its psychological roots thereby helping to treat the problem rather than only the symptoms *Cultures of Piety* Anne Clark Bartlett, Thomas H. Bestul, 2018-09-05 Devotional texts in late medieval England were notable for their flamboyant piety and their preoccupation with the tortured body of Christ and the grief of the Virgin Mary Generations of readers internalized and shaped the cultures of piety represented by these works Anne Clark Bartlett and Thomas H Bestul here gather seven examples of this literature all written in the period 1350 1450 one in Anglo Norman the remainder in Middle English The volume includes an appendix containing the original texts of the latter six pieces The collection illustrates the polyglottal conflicting and often polemical nature of devotional culture in the Middle Ages It provides a valuable context for and interesting counterpoint to the Canterbury Tales and other classic works of late medieval England The introduction and the translators headnotes discuss crucial aspects of the texts histories and thematics including the importance of the body in spiritual practices the development of female patronage and of a wide audience for this literature and the indivisibility of the political and the religious in medieval times The Reader's Digest, 1996 **Individual Psychology**, 1992 **1512**
