Eradicating Female Genital Mutilation Hilary Burrage,2016-12-05 This ground breaking handbook details the present situation with regard to female genital mutilation FGM in Britain referring also to other Western nations where FGM occurs It scrutinises current pathways to eradicating this dangerous sometimes lethal form of child abuse and gender related violence The cultural and belief systems giving rise to FGM are complex Further FGM is an intensely intimate matter often imposed on young and vulnerable children Approaches to its eradication therefore demand considerable human insight and a competent grasp of inter cross agency working It is also vital that everyone concerned whether in caring and parental safeguarding or other roles understands fully that regardless of custom or belief FGM is a serious crime The vulnerabilities and need for protection of victims and potential victims are paramount but these pressing priorities do not lessen the requirement that all aspects of FGM be dealt with straightforwardly in accordance with the law This book makes the case urgently for developing a shared coherent model a multi disciplinary paradigm articulated at the highest level as the basis to achieve the eradication of FGM The text will be required reading for health legal educational and social services professionals as well as researchers policy makers school

governors journalists and other concerned citizens *Reproductive Politics in India* Josephine Kipgen, 2023-12-09 This monograph explores the full context of sex selective abortion SSA in India by examining the historical forces political movements government policies and gender regimes that shape this reproductive practice Using qualitative research methods within a feminist methodology including in depth interviews with service providers and professionals in New Delhi and a content analysis of Indian newspapers the study engages the following areas of analysis the social structures and determinants of SSA in India the potential for women s agency in SSA and the representations of SSA and SSA seeking women in the Indian media This research expands the discourse and analysis of SSA by facilitating a nuanced and multilayered exploration of a profoundly contextual personal and gendered reproductive issue by grounding data and interpretation in the lived experiences of research participants with systems wide knowledge of SSA Further the feminist theory informed analysis moves away from normative victimhood frameworks Lastly the book contributes to the understudied area of media discourse analysis on the intersections of gender and SSA in national news coverage This book will be relevant for students scholars and teachers across the humanities and social sciences interested in reproductive rights justice and feminist research methods It will also be a critical resource for sexual and reproductive health and rights SRHR advocates

Africa and Its Significant Others , 2016-08-09 When did the intimate dialogue between Africa Europe and the Americas begin Looking back it seems as if these three continents have always been each other s significant others Europe created its own modern identity by using Africa as a mirror but Africans traveled to Europe and America long before the European age of discovery and African cultures can be said to lie at the root of European culture This intertwining has become ever more visible Nowadays Africa emerges as a highly visible presence in the Americas and African American styles capture Europe s youth many of whom are of North African descent This entanglement however remains both productive and destructive The continental economies are intertwined in ways disastrous for Africa and African knowledge is all too often exported and translated for US and European scholarly aims which increases the intercontinental knowledge gap This volume proposes a fresh look at the vigorous and painful but inescapable relationships between these significant others It does so as a gesture of gratitude and respect to one of the pioneering figures in this field Dutch Africanist and literary scholar Mineke Schipper who is taking her leave from her chair in Intercultural Literary Studies at the University of Leiden Where have the past four decades of African studies brought us What is the present day state of this intercontinental dialogue Sixteen of Mineke s colleagues and friends in Europe Africa and the Americas look back and assess the relations and debates between Africa Europe America Ann Adams Ernst van Alphen Mieke Bal Liesbeth Bekers Wilfried van Damme Ariel Dorfman Peter Geschiere Kathleen Gyssels Isabel Hoving Frans Willem Korsten Babacar M Baye Harry Olufunwa Ankie Peypers Steven Shankman Miriam Tlali and Chantal Zabus write about the place of Africa in today s African Diaspora about what sisterhood between African and European women really means about the drawbacks of an overly strong focus on culture in debates about Africa

about Europe's reluctance to see Africa as other than its mirror or its playing field about the images of Africans in seventeenth century Dutch writing about genital excision the flaunting of the African female body and the new self writing about new ways to look at classic African novels and about the invigorating disturbing political art of intercultural reading

Between Rites and Rights, 2007-08-24 The study shows in chronological fashion how African women writers in the past five decades have introduced a new autobiographical discourse around their experience of excision bringing nuance and vitality to the FGM debate

Claiming Individuality Vered Amit, Noel Dyck, 2006-07-20 Individuality is often interpreted as a force for the separation and autonomy of the individual This book takes a different approach it explores the expression of individuality as a form of social action inextricably linked to questions of belonging Using case studies from North America Europe Africa and Asia the authors examine a wide range of topics Covering everything from studies of childhood and family relations to patterns of movement for tourism work and religious pilgrimage from the spinning of fashions to the sculpting of life narratives the contributors analyse the shifting forms of the cultural politics of distinction The book illustrates the variation and ingenuity with which people in various settings claim diverse forms of individuality their motivations for doing so and the outcomes of their actions

Transcultural Bodies Ylva Hernlund, Bettina Shell-Duncan, 2007-06-07 Female circumcision or more precisely female genital cutting FGC remains an important cultural practice in many African countries often serving as a coming of age ritual It is also a practice that has generated international dispute and continues to be at the center of debates over women's rights the limits of cultural pluralism the balance of power between local cultures international human rights and feminist activism In our increasingly globalized world these practices have also begun immigrating to other nations where transnational complexities vex debates about how to resolve the issue Bringing together thirteen essays Transcultural Bodies provides an ethnographically rich exploration of FGC among African diasporas in the United Kingdom Europe and Australia Contributors analyze changes in ideologies of gender and sexuality in immigrant communities the frequent marginalization of African women's voices in debates over FGC and controversies over legislation restricting the practice in immigrant populations

Risk, Stigma, Agency Sunny Sinha, 2025-02-28 This book centers the life histories of three women engaged in sex work in Kolkata India to show how they make sense of their lived experiences and reveals deep insights into the risks women face in the current social environment of India Much of the risk discourse surrounding sex work in India comes from academics social and health workers epidemiologists and policymakers Departing from this approach the author foregrounds the lives and voices of the women themselves to provide a richly nuanced picture of the diverse and complex realities that shape many women's lives in India It provides a deeper understanding of the different but interrelated vulnerabilities to which many sex workers are subject including poverty familial violence child marriage marital rape public ridicule stigma and health risks such as HIV AIDS along with their reasons for entry exit and reentry into sex work This book will be of interest to researchers and students from a variety of academic disciplines such as

social work anthropology and sociology women s studies public health and criminal justice It has also been written in an accessible and engaging style that should appeal to a diverse global audience of non academic professionals as well as scholars It will resonate with professionals in health or social welfare fields e g nurses social workers lawyers psychologists who address issues of violence against women human trafficking or health risks in sex work

Clinical Manual of Cultural Psychiatry Russell F. Lim, 2015-04-01 The interaction of culture and mental illness is the focus of the Clinical Manual of Cultural Psychiatry which is designed to help mental health clinicians become culturally competent and skilled in the treatment of patients from diverse backgrounds The product of nearly two decades of seminar experience the book teaches clinicians when it is appropriate to ask Is what I am seeing in this patient typical behavior in his or her culture The ability to see someone else s worldview is essential for working with ethnic minority and culturally diverse patients and the author who designed the course that was this handbook s precursor has expanded the second edition to take into account shifting demographics and the changing culture of mental health treatment The content of the new edition has been completely updated expanded to include new material and enhanced by innovative features that will prove helpful for mental health clinicians as they encounter diverse patient populations The new chapter on women reflects the fact that mental health disparities extend beyond ethnic minorities Women have significantly higher rates of posttraumatic stress disorder and affective disorders for example yet research on women has been limited largely to the relationship between reproductive functioning and mental health Two new chapters address the alarming number of unmet mental health needs that lesbian gay bisexual and transgender patients suffer from These chapters emphasize the need for mental health providers and policy makers to remedy these disparities A new chapter has been added to help clinicians determine the role religious and spiritual beliefs play in psychological functioning because religious and spiritual beliefs have been found to have both positive and negative effects on mental health The newly introduced DSM 5 Cultural Formulation Interview CFI is addressed in the book s introduction and is included in its entirety along with an informant module 12 supplementary modules and guidelines for their use in a psychiatric assessment In addition the reader has access to videotaped examples using simulated patients to illustrate practical application of the DSM 5 Outline for Cultural Formulation and CFI Extensive information on ethnopsychopharmacology reviewing clinical reports of ethnic variation with several different classes of psychotropic medications and examining the relationship of pharmacogenetics ethnicity and environmental factors to pharmacologic treatment of minorities The book updates coverage of African American Asian American Latino Hispanic and Native American Alaskan Native cultures as they relate to mental health issues while retaining the nuanced approach that was so effective in the first edition Course tested and DSM 5 compatible throughout the Clinical Manual of Cultural Psychiatry is a must read for clinicians in our diverse era

The Routledge International Handbook of Harmful Cultural Practices Maria Jaschok, U. H. Ruhina Jesmin, Tobe Levin von Gleichen, Comfort Momoh, 2023-12-04 This handbook looks at cross cultural

work on harmful cultural practices considered gendered forms of abuse of women These include female genital mutilation FGM virginity testing hymenoplasty and genital cosmetic surgery Bringing together comparative perspectives intersectionality and interdisciplinarity it uses feminist methodology and mixed methods with ethnography of central importance to provide holistic grounded theorizing within a framework of transformative research Taking female genital mutilation a topical contested practice and making it a heuristic reference for related procedures makes the case for global action based on understanding the complexity of harmful cultural practices that are contextually differentiated and experienced in intersectional ways But because this phenomenon is enshrouded in matters of sensitivity and prejudice narratives of suffering are muted and even suppressed are dismissed as indigenous ritual or become ammunition for racist organizing Such conflicted and often opaque debates obstruct clear vision of the scale of both problem and solution Divided into six parts Discourses and Epistemological Fault Lines FGM and Related Patriarchal Inscriptions Gender and Genitalia Female Bodies and Body Politics Economics Law Medicine Public Health and Human Rights Placing Engagement Innovation Impact Care Words and Texts to Shatter Silence Comprised of 24 newly written chapters from experts around the world this book will be of interest to scholars and students of nursing social work and allied health more broadly as well as sociology gender studies and postcolonial studies

Lifting the Veil Phil Parshall, Julie Parshall, 2003-04-01 A heart wrenching and perplexing look at the dark world of Muslim women

Circle Thinking Carrie Pemberton, 2002-12-01 This volume traces the origins of the Circle of Concerned African Women Theologians a group of African women theologians established in the 1980s It is a movement which has been dedicated to research publication and support of African women The book traces a struggle against excluding and alienating practices from Western missionary tradition and African cultural transpositions in contemporary Church and society The theology of advocacy which has emerged encourages African women to develop theologies of empowerment from their histories and struggles and addresses the multiple crises which the continent faces The problems of culture ethics and post colonialism are explored in the issues surrounding ubiquitous violence against women on the continent and the continuation of clitoridectomy as an enduring strategy for making gender and clan for some African peoples
