1700 but David Stevenson demonstrates that the real origins of modern Freemasonry lie in Scotland around 1600 when the system of lodges was created by stonemasons with rituals and secrets blending medieval mythology with Renaissance and seventeenth century history This fascinating work of historical detection will be essential reading for anyone interested in Renaissance and seventeenth century history for freemasons themselves and for those readers captivated by the secret societies at the heart of the bestselling The Da Vinci Code David Stevenson is Emeritus Professor of Scottish History at the University of St Andrews His many previous publications include The Scottish Revolution 1637 1644 Revolution and Counter Revolution in Scotland 1644 1651 and The First Freemasons Scotland Early Lodges and their Members His most recent book is the The Hunt for Rob Roy 2004 Previous edition Hb 1988 0 521 35326 2 Previous edition Pb 1990 0 521 39654 9 **The Hidden Secret Power of Freemasonry** Robert Kallian, P.M., 2022-08-01 It is entertaining to be antiaEURMasonic and perpetuate conspiracy theories and stories based on satanic worship rather than join Freemasonry or any other private organization primarily structured with improving the individual in society The Masonic term making good men better is the desire of the craft concerning all people living in a multicultural society to better themselves This is masonry in a nutshell To achieve this betterment takes a great deal of work and selfaEURintrospection which the critics of the craft refuse to endure and fail to examine the important historical esoteric symbols associated with the craft This book is dedicated toward neutralizing such superficial negative ideology pursued by critics who have a personal interest in negating the significant works of the greatest fraternal organization in the world Contained herein are chapters on women in Freemasonry the Catholic Church and Freemasonry which contains an addendum relating to over one hundred cardinals and bishops who under pseudonyms were Freemasons a chapter on the 133rd Psalm providing a lineaEURbyaEURline interpretation of a work which provides the important ideological humanistic basis for both society and Freemasonry with an important chapter analyzing the final endaEURperiod of a man s life as it related to Ecclesiastes Chapter 12 Men join Freemasonry because in their hearts they seek to improve themselves In a reality any can start living as principled individuals exercising the same values without being a Freemason All that is required is desire and work effort with a foundation from the Holy Bible to betterment of himself However the Masonic Craft assists an individual in this journey by providing defined structure support and a roadmap that helps focus the advancement and as such increases the probability of a successful outcome Freemasonry centers on learning how to charge one s self with thought and physical conduct However in order to improve one must read study and understand the true nature of reality in life buttressed by the role of oneself and those with which one socializes This philosophy underlines why the most important virtues of Freemasonry are symbolic and teach us to be better humans Freemasonry gains its structure and foundation through an inherent love of an adherence to the Holy Bible and would not exist without that devotion The foundation of Masonry is predicated on the fact that the craft and the Bible are intricately interconnected just as other holy books around the world are central to their Freemason organizations Much of Masonry s

symbolism is taken from biblical sources especially Genesis and the stories surrounding the building of King Solomon's temples. Great emphasis is placed on the development of moral and ethical virtues and the building of character with truth being the guiding principle of our lives. Thus brotherhood and charity are natural outcomes and further define one of Masonry's major tenets. Masonry uses proven methods to enhance the lives and spirits of members in a tangible way. In every Masonic lodge upon its altar there is a Holy Bible supporting the square and compasses. This old familiar book so beloved by so many generations is our Volume of the Sacred Law and represents the Great Light in Freemasonry. The Bible is open when the lodge opens; the Bible is closed when the lodge closes. No lodge can transact its own business much less initiate candidates into the mysteries of the craft unless the Book of Holy Law lies open upon its altar. It is the true responsibility of each individual Mason to seek out and understand the true nature of reality through the teachings of Freemasonry discovered in the symbols of the craft. The individual must learn to recognize and interpret the footprints of the deity and the sublime methods that he uses to reveal his message. So mote it be. May the mystery begin. *Freemasons, World Order, and Mind Wars* Nicolas K. Laos, 2016. Many have speculated on the role played by Freemasons in launching the French and American Revolutions and in today's Bohemian Grove and other secretive forums where world events seem to be shaped. This book presents the history of Freemasonry in a philosophically rigorous and eloquent way and proposes a new philosophically significant and historically meaningful Freemasonic path. Along the way the author casts light on important little understood aspects of world history presenting an enlightening narrative of world events. Dr. Nicolas Laos is the Founder and President of the autonomous international Freemasonic and scholarly fraternity United Traditionalist Grand Sanctuaries of the Ancient and Primitive Rite Memphis Misraim. He names many of the prominent men who have been members over the centuries and provides a history of Freemasonry and discusses how the movement spread, how it relates to religion, international affairs and world history and the symbolism used. **A Witches' Canon Part 2** Roy H. Blunden, 2023-01-27. An Exploration of the Traditional Witchcraft Coven: its Organization and Rituals including Initiations, Rites of Passage, Magical and Social practices. The truth is Old Gerald B. Gardner had little interest in how the Traditional Witchcraft Coven had been organized and structured. So apart from an example of how it should not be done, he passed on little information about how it was meant to be organized. That knowledge of how best to organize and structure a modern Coven has had to be reclaimed from the old records and by trial and error. So too the social Rites of Passage, those of birth, marriage and death, that were all long since appropriated by the religious authorities have likewise needed to be restored. As too the traditional forms of Coven Magic and Healings whilst still keeping Witchcraft ever the religion of Dance, Fun and Mirth. After all, who said that religion is not to be enjoyed? **A Witches' Canon Part 1** provides a fact-based, referenced guide for those wishing to further explore the Religion and Celebratory Rituals of Traditional Wicca. **A Witches' Canon Part 2** has been written to provide a practical, referenced guide to the social aspects of Traditional Wicca of Coven Organization, Initiations, Rites and Rituals. **A Witches' Canon Part 3** is a fact

Freemasonry, 1899 **The Meaning of Being Illuminati** Nicolas Laos, 2019-05-23 This book articulates a new research program called Ur Illuminism which consists in an integrated and systematic study of humanity's quest for illumination namely for the highest and noblest possible mode of being Thus it takes on the challenge of revising widely accepted ways of understanding and interpreting the ontological underpinnings of civilization and the ontological potential of humanity It allows the reader to delve into a creative rediscovery of Platonism medieval Christian mystics and scholars writings and various illuminist systems from the Orphic mystical cult to the European Enlightenment and thence to the eighteenth century Illuminati fraternities and beyond Moreover the book studies major issues in the history of philosophy politics and esoteric systems such as Hermeticism the Kabbalah alchemy the Rosicrucian movement Freemasonry and the Bavarian Illuminati It maintains that a postmodern rediscovery of premodern metaphysics specifically a postmodern esoteric theocracy as distinct from old sacerdotalism and religious formalism is the best bulwark against oppression and the ontological degradation of humanity as well as the best path to the attainment of that wisdom and spiritual self knowledge which constitute the existential integration and completion of the human being In this context it proposes a peculiar and intellectually fecund synthesis between Tory Anarchism Libertarianism Platonism and Byzantine Hesychasm as they are elucidated here
