David Loewenstein

Cranmer In Context P:

Thomas Cranmer Paul Ayris, David G. Selwyn, 1999 Cranmer's career set within the intellectual and theological context of 16c England Fascinating collection of essays Cranmer's career is set within the context of European politics and religion and his contributions to English liturgy and theology The scope of the various essays is wide encompassing his intellectual relations with Erasmus and Luther his period of ambassadorial service on the Continent his remarkable command of the English language at one of the most important periods in its development as a vehicle for intellectual and religious debate and his extensive redrafting of a new code of law in place of the old ecclesiastical canon law NOTES AND QUERIES Dr PAUL AYRIS is Director of Library Services at University College London Dr DAVID SELWYN is Reader in Ecclesiastical History University of Wales Lampeter English Evangelicals and Tudor Obedience, c.1527-1570 Ryan Reeves, 2013-11-29 The heart of this book lies in the important discovery that a pivotal Tudor argument in favor of the Royal Supremacy the argument from Psalm 82 that earthly kings are gods on this earth is in fact Zwinglian in origin This teaching from Psalm 82 which originated in Zurich in the mid 1520s was soon used extensively in England to justify the Supremacy and English evangelicals from Tyndale to Cranmer unanimously embraced this Protestant argument in their writings on political obedience The discovery of this link shows conclusive textual proof of the Zurich Connection between Swiss political teachings and those popular under Tudor kings This study argues then that evangelical attitudes towards royal authority were motivated by the assumption that Protestantism supported godly kingship over against papal tyranny As such it is the first monograph to find a vital connection between early Swiss Protestant similar teachings on obedience and later teachings by evangelicals Thomas Cranmer's Doctrine of the Eucharist Peter Newman Brooks, 1992-01-27 essential reading for all students of the English Church Patrick Collinson Thomas Cranmer 1489-1556 is arguably the most controversial figure of the English Reformation The sixteenth century was a period of fierce theological controversy and no doctrine concerned contemporaries more than the vexed issue of the Eucharist Scholars have always found it notoriously difficult to determine Cranmer's conviction on this central matter of the Christian faith This and many other questions that have long troubled Cranmer scholars receive fair and full treatment in this absorbing study This book re-establishes itself as the definitive exposition of Cranmer's doctrine of the Eucharist *The English Religious Tradition and the Genius of Anglicanism* Geoffrey Rowell, 2009-05-01 In this book twelve distinguished scholars explore the character of the English Church through the remarkable individuals who have played a part in its long history Over the centuries these outstanding personalities have made an enduring contribution to the development of the Anglican spirit That so many of them have a place in the history of our literature too demonstrates that the English religious tradition has been a source of inspiration and a living relationship between the Church and the Word This book is more than a celebration of our religious heritage The English Church has been shaped by its island nation and people yet it has grown bigger than its island home with churches in over 160 countries

But how can Anglicanism survive in a spiritually diminished world where Christianity itself is under threat In the final chapter Stephen Sykes the Bishop of Ely takes an unflinching look at Anglicanism today The twelve chapters in this volume were originally given as a series of lectures in the Chapel of Keble College Oxford in 1992 to mark the bicentenary of the birth of John Keble 1792 1866 Sermons given by the Bishop of Oxford and by the Chaplain of Keble College to mark the anniversary are also included and there is a Foreword by the Archbishop of Canterbury

The Library of Thomas Cranmer David G. Selwyn, 1996

From Cranmer to Davidson Stephen Taylor, 1999 Important texts in the Church's history collected together in one volume This first miscellany volume to be published by the Church of England Record Society contains eight edited texts covering aspects of the history of the Church from the Reformation to the early twentieth century The longest contribution is a scholarly edition of W J Conybeare's famous and influential article on nineteenth century Church Parties other documents included are the protests against Archbishop Cranmer's metropolitan powers of visitation the petitions to the Long Parliament in support of the Prayer Book and Randall Davidson's memoir on the role of the archbishop of Canterbury in the early twentieth century Stephen Taylor is Professor in the History of Early Modern England University of Durham Contributors PAUL AYRIS MELANIE BARBER ARTHUR BURNS JUDITH MALTBY ANTHONY MILTON ANDREW ROBINSON STEPHEN TAYLOR BRETT USHER ALEXANDRA WALSHAM

List of Cranmer's writings from Bale Thomas Cranmer, 1833

Reformation Reputations David J. Crankshaw, George W. C. Gross, 2020-11-10 This book highlights the pivotal roles of individuals in England's complex sixteenth century reformations While many historians study broad themes such as religious moderation this volume is centred on the perspective that great changes are instigated not by themes or isms but rather by people a point recently underlined in the 2017 quincentenary commemorations of Martin Luther's protest in Germany That sovereigns from Henry VIII to Elizabeth I largely drove religious policy in Tudor England is well known Instead the essays collected in this volume inspired by the quincentenary and based upon original research take a novel approach emphasizing the agency of some of their most interesting subjects Protestant and Roman Catholic clerical and lay men and women With an introduction that establishes why the commemorative impulse was so powerful in this period and explores how reputations were constructed perpetuated and manipulated the authors of the nine succeeding chapters examine the reputations of three archbishops of Canterbury Thomas Cranmer Matthew Parker and John Whitgift three pioneering bishops wives Elizabeth Coverdale Margaret Cranmer and Anne Hooper two Roman Catholic martyrs John Fisher and Thomas More one evangelical martyr other than Cranmer Anne Askew two Jesuits John Gerard and Robert Persons and one author whose confessional identity remains contested Anthony Munday Partly biographical though mainly historiographical these essays offer refreshing new perspectives on why the selected figures are famed or should be famed and discuss what their reformation reputations tell us today

Treacherous Faith David Loewenstein, 2013-08-29

Treacherous Faith is a major study of heresy and the literary imagination from the English Reformation to the Restoration It

analyzes both canonical and lesser known writers who contributed to fears about the contagion of heresy as well as those who challenged cultural constructions of heresy and the rhetoric of fear mongering **Reformation Readings of Paul**
Michael Allen,Jonathan A. Linebaugh,2015-09-24 In light of recent interest in whether the Protestant Reformers interpreted Paul correctly this edited volume enables a more careful reading of the Reformers themselves Each chapter pairs a Reformer with a Pauline text and brings together historical theologians and biblical scholars to examine these Reformation era readings of Paul s letters

The Enigmatic Realm of **Cranmer In Context P**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
