Art Education in Israel Sigal Barkai,David Pariser,2025-06-11 This book describes unique aspects of the education system in Israel specifically focusing on art

education and its role in fostering social change and diversity It delves into art based research autobiographical methodologies and interviews showcasing the transformative potential of qualitative research in capturing authentic experiences and promoting social engagement through art education It shows how practitioner researchers navigate the complexities of art education shaping and refining their teaching methodologies to effectively meet the needs of their students By exhibiting viewpoints from secular and religious Jewish Israeli Palestinian citizens of Israel as well as diverse gender and ethnic communities within Israeli society it encapsulates the vibrant texture of the country s educational landscape It also highlights the actions of women as educators and activists who resist oppression wherever it may exist The book demonstrates a multifaceted perspective on the potential for healing that can be harnessed through art education within specific societal and contextual settings This vision can be applied and adapted to various other locations worldwide This book offers rich descriptions of the concerns and dynamics that characterize Israeli art education projects as a model for other places around the world dealing with similar issues of ethnic and national diversity political conflicts violent extremism and migration It is beneficial to readers who aim to improve social dimensions such as recognizing a diversity of cultures and developing innovation in teaching methods with art education as the catalyst *Education, Religion and Society* Dennis Bates, Gloria Durka, Friedrich Schweitzer, 2006-06-28 Education Religion and Society celebrates the career of Professor John Hull a leading figure in the transformation of religious education in English and Welsh schools and co founder of the International Seminar on Religious Education and Values He has also made major contributions to the theology of disability and the theological critique of the money culture Leading international scholars join together to offer a critical appreciation of his contribution to religious education and practical theology and explore the continuing debate about the role of religious education in promoting international understanding intercultural education and human rights The contributors also deal with indoctrination racism and relationship in Christian religious issues and examine aspects of the theology of social exclusion and disability This unique book includes a complete list of John Hull s writings up to the beginning of 2005 providing both an excellent introduction to contemporary issues of religious education in the West and the most complete critical account yet of his work Creating Religious Childhoods in Anglo-World and British Colonial Contexts, 1800-1950 Hugh Morrison, Mary Clare Martin, 2017-01-20 Drawing on examples from British world expressions of Christianity this collection further greater understanding of religion as a critical element of modern children s and young people s history It builds on emerging scholarship that challenges the view that religion had a solely negative impact on nineteenth and twentieth century children or that secularization is the only lens to apply to childhood and religion Putting forth the argument that religion was an abiding influence among British world children throughout the nineteenth and most of the twentieth centuries this volume places religion at the center of analysis and discussion At the same time it positions the religious factor within a broader social and cultural framework The essays focus on the historical contexts in which religion was formative for children in

various British settings denoted as Anglo or colonial during the nineteenth and early to mid twentieth centuries These contexts include mission fields churches families Sunday schools camps schools and youth movements Together they are treated as sites in which religion contributed to identity formation albeit in different ways relating to such factors as gender race disability and denomination The contributors develop this subject for childhoods that were experienced largely but not exclusively outside the metropole in a diversity of geographical settings By extending the geographic range even within the British world it provides a more rounded perspective on children s global engagement with religion
