Created Equal A Biography Of Elizabeth Cady Stanton 1815 1902:

Created Equal Alma Lutz,1974 **Created Equal** Alma Lutz,1974 **The Political Thought of Elizabeth Cady Stanton** Sue Davis,2010-06-04 Elizabeth Cady Stanton 1815 1902 was not only one of the most important leaders of the 19th century women s rights movement but was also the movement s principal philosopher Davis argues that Stanton s work reflects the tapestry of American political culture in the second half of the 19th century **Reader's Guide to Women's Studies** Eleanor Amico,1998-03-20 The Reader s Guide to Women s Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women s studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors **Women of Liberty** Steve J. Shone,2019-10-01 Steve Shone s Women of Liberty explores the many overlaps between ten radical feminist and anarchist thinkers Tennie C Claflin Noe It Louise Michel Rose Pesotta Margaret Sanger Elizabeth Cady Stanton Mollie Steimer Lois Waisbrooker Mercy Otis Warren and Victoria C Woodhull In an age of great and understandable dissatisfaction with governments around the world Shone illuminates both the lost wisdom of the anarchists and the considerable contribution of women to intellectual thought influences that are currently missing from many classes documenting the history of political theory **Victoria Woodhull's Sexual Revolution** Amanda Frisken,2012-03-06 Victoria Woodhull the first woman to run for president forced her fellow Americans to come to terms with the full meaning of equality after the Civil War A sometime collaborator with Susan B Anthony and Elizabeth Cady Stanton yet never fully accepted into mainstream suffragist circles Woodhull was a flamboyant social reformer who promoted freedom especially freedom from societal constraints over intimate relationships This much we know from the several popular biographies of the nineteenth century activist But what we do not know as Amanda Frisken reveals is how Woodhull manipulated the emerging popular media and fluid political culture of the Reconstruction period in order to accomplish her political goals As an editor and public speaker Woodhull demanded that women and men be held to the same standards in public life Her political theatrics brought the topic of women s sexuality into the public arena shocking critics galvanizing supporters and finally locking opposing camps into bitter conflict over sexuality and women s rights in marriage A woman who surrendered her own privacy whose life was grist for the mills of a sensation mongering press she made the exposure of others secrets a powerful tool of social change Woodhull s political ambitions became inseparable from her sexual nonconformity yet her skill in using contemporary media kept her revolutionary ideas continually before her peers In this way Woodhull contributed to long term shifts in attitudes about sexuality and the slow liberation of marriage and other social institutions Using contemporary sources such as images from the sporting news Frisken takes a fresh look at the heyday of this controversial women s rights activist discovering Woodhull s previously unrecognized importance in the turbulent

climate of Radical Reconstruction and making her a useful lens through which to view the shifting sexual mores of the nineteenth century

The Feminist Takeover Betty Steele, 1987-03-03 The Feminist Takeover chronicles the rapid growth of the Women's Movement over the past two decades. It evaluates the movement forcefully and honestly by looking at its history and the radical changes it has wrought on society today. The author asks us to re-examine assumptions on which most of us have been raised and to consider what we stand to lose if we do not turn back the feminist tide

Freeing the Female Body Fan Hong, 2013-01-11 This collection records the bravery of these forgotten inspirational figures whose determination challenged and overcame convention, custom, and prejudice to free women from the ranks of the sexualized, controlled, and oppressed

Nonviolent Action Ronald M. McCarthy, Gene Sharp, Brad Bennett, 2013-07-04 This comprehensive guide to research sources and theories about nonviolent action as a technique of struggle in social and political conflicts discusses the methods and techniques used by groups in various encounters. Although violence and its causes have received a great deal of attention, nonviolent action has not received its due as an international phenomenon with a long history. An introduction that explains the theories and research used in the study provides a practical guide to this essential bibliography of English language sources. The first part of the book covers case study materials divided by region and subdivided by country. Within each country, materials are arranged chronologically and topically. The second major part examines the methods and theory of nonviolent action, principled nonviolence, and several closely related areas in social science such as conflict analysis and social movements. The book is indexed by author and subject

Handbook on Women Workers United States. Women's Bureau, 1963

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1971

Prophetess of Health Ronald L. Numbers, 2008-07-02 Respected historian of science Ronald Numbers here examines one of the most influential yet least examined religious leaders in American history: Ellen G. White, the enigmatic visionary who founded the Seventh-day Adventist Church. Numbers scrutinizes White's life, 1827-1915, from her teenage visions and testimonies to her extensive advice on health reform, which influenced the direction of the church she founded. This third edition features a new preface and two key documents that shed further light on White: transcripts of the trial of Elder Israel Dammon in 1845 and the proceedings of the secret Bible Conferences in 1919

Catalogs of the Sophia Smith Collection, Women's History Archive, Smith College, Northampton, Massachusetts: Subject catalog Sophia Smith Collection, 1975

Mrs. Stanton's Bible Kathi Kern, 2018-09-05 Mrs. Stanton's Bible traces the impact of Elizabeth Cady Stanton's religious dissent on the suffrage movement at the turn of the century and presents the first book-length reading of her radical text, the *Woman's Bible*. Stanton is best remembered for organizing the Seneca Falls convention at which she first called for women's right to vote. Yet she spent the last two decades of her life working for another cause: women's liberation from religious oppression. Stanton came to believe that political enfranchisement was meaningless without the systematic dismantling of the church's stifling authority over women's lives. In 1895, she collaboratively authored this biblical exegesis just as the women's movement was

becoming more conservative Stanton found herself arguing not only against male clergy members but also against devout female suffragists Kathi Kern demonstrates that the Woman s Bible itself played a fundamental role in the movement s new conservatism because it sparked Stanton s censure and the elimination of her fellow radicals from the National American Woman Suffrage Association Mrs Stanton s Bible dramatically portrays this crucial chapter of women s history and facilitates the understanding of one of the movement s most controversial texts *The Life and Death of the Radical Historical Jesus* David Burns,2013-02-28 This unconventional cultural history explores the lifecycle of the radical historical Jesus a construct created by the freethinkers feminists socialists and anarchists who used the findings of biblical criticism to mount a serious challenge to the authority of elite liberal divines during the Gilded Age and Progressive Era Handbook of Facts on Women Workers United States. Women's Bureau,1948 **Dictionary of Modern American Philosophers** John R. Shook,2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers anda large number of female and minority thinkers whose work has been neglected It includes those intellectualsinvolved in the development of psychology pedagogy sociology anthropology education theology politicalscience and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas abibliography of writings and suggestions for further reading While all the major post Civil War philosophers arepresent the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern AmericanPhilosophers offers the first scholarly treatment of the life and work of certain writers This book will be anindispensable reference work for scholars working on almost any aspect of modern American thought The Making of American Liberal Theology Gary J. Dorrien,2001-01-01 This text identifies the indigenous roots of American liberal theology and uncovers a wider longer running tradition than has been thought Taking a narrative approach the text provides a biographical reading of important religious thinkers of the time Reader's Guide to American History Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history Freedom's Ferment - Phases of American Social History to 1860 Alice Felt Tyler,2011-03-23 In its first half century the United States was visited by scores of curious European travellers who came to investigate the strange new world that was being created

in the Western Hemisphere In their accounts of the experience they praised or condemned the institutions and national characteristics spread out before them seized avidly upon all differences from the European norm and worried each peculiarity beyond recognition and beyond any just limit of its importance Americans themselves with the keen sensitiveness of the young and the boasting enthusiasm natural to vigorous creators of new ideas and institutions examined the work of their hands and believing it good reassured themselves and answered their calumniators in a flood of aggressive replies Every American interested in a reform movement a new cult or a Utopian scheme burst into print adding another to the rapidly growing list of polemic books and pamphlets From this variety of sources it is possible to recapture something of the inward spirit that gave rise to the more familiar and more tangible events of America's youth
