A. Belloli,Detroit Institute of Arts,Metropolitan Museum of Art (New York, N.Y.),1983 This exhibition catalog documents the emergence of modern American design in the second quarter of the 20th century Cranbrook was one of the few institutions in the United States that offered instruction in design during the 1920s and 30s and its influence on architecture interior design art and crafts after World War II was crucial and extensive The exhibition includes over 200 objects and photo panels and surveys the history of the Cranbrook facility as well as the achievements of the teachers and students Presenting the history of the Cranbrook community it covers Eliel Saarinen s contribution to architecture and urban design interior design and furniture metalwork and bookbinding textiles ceramics sculpture and painting ISBN 0 89558 097 7 pbk ISBN 0 87099 341 0 pbk 45 00 For use only in the library     **The International Design Yearbook 2007** Jennifer Hudson,2007 Leading showcase of international domestic design including more than 500 photographs with full technical data for each object and biographies of the designers whose work is featured

**Hooked Rugs** Cynthia Fowler,2017-07-05 Through a close look at the history of the modernist hooked rug this book raises important questions about the broader history of American modernism in the first half of the twentieth century Although hooked rugs are not generally associated with the avant garde this study demonstrates that they were a significant part of the artistic production of many artists engaged in modernist experimentation Cynthia Fowler discusses the efforts of Ralph Pearson and of Zoltan and Rosa Hecht to establish modernist hooked rug industries in the 1920s uncovering a previously undocumented history The book includes a consideration of the rural workers used to create the modernist narrative of the hooked rug as cottage industries were established throughout the rural Northeast and South to serve the ever increasing demand for hooked rugs by urban consumers Fowler closely examines institutional enterprises that highlighted and engaged the modernist hooked rugs such as key exhibitions at the Museum of Modern Art and the Metropolitan Museum of Art in the 1930s and 40s This study reveals the fluidity of boundaries among art craft and design and the profound efforts of a devoted group of modernists to introduce the general public to the value of modern art

**Design-keramic Studio** ,1948     Made in Mexico Chris Goertzen,2010-10-21 Made in Mexico examines the aesthetic political and sociopolitical aspects of tourism in southern Mexico particularly in the state of Oaxaca Tourists seeking authenticity buy crafts and festival tickets and spend even more on travel expenses What does a craft object or a festival moment need to look like or sound like to please both tradition bearers and tourists in terms of aesthetics Under what conditions are transactions between these parties psychologically healthy and sustainable What political factors can interfere

with the success of this negotiation and what happens when the process breaks down With Subcommandante Marcos and the Zapatistas still operating in neighboring Chiapas and unrest on the rise in Oaxaca itself these are not merely theoretical problems Chris Goertzen analyzes the nature and meaning of a single craft object a woven pillowcase from Chiapas thus previewing what the book will accomplish in greater depth in Oaxaca He introduces the book's guiding concepts especially concerning the types of aesthetic intensification that have replaced fading cultural contexts and the tragic partnership between ethnic distinctiveness and oppressive politics He then brings these concepts to bear on crafts in Oaxaca and on Oaxaca's Guelagueta the anchor for tourism in the state and a festival with an increasingly contested meaning

**Contemporary Rugs** Christopher Farr, Matthew Bourne, Fiona Leslie, 2002 Although rugs woven in the classical style are still popular it is the new wave of contemporary rug designers from the last ten years who are making news in the style and design magazines Contemporary Rugs Art and Design by leading British rug designers Christopher Farr and Matthew Bourne and Fiona Leslie of the Victoria and Albert Museum London is the first book to explore the very best modern rug design from around the world Some of the most renowned names in modern art and design from Picasso to Frank Lloyd Wright have at some point in their careers turned their hand to rug design Today designers such as Romeo Gigli Kate Blee Ou Baholyodin and Rifat Ozbek are pushing the medium to its limits with an often vibrant play of pattern and texture these designers are creating both chic tone setters for a room and unique works of art The book begins by looking at the evolution of rug design over the last 100 years before displaying the work of over 50 contemporary international designers With an illustrated technical glossary and an invaluable international directory of sources Contemporary Rugs Art and Design provides simply the most encyclopaedic and authoritative reference available on the subject Contemporary Rugs Art and Design is a beautifully illustrated and timely presentation indispensable to designers collectors fashion and art students galleries auction houses architects artists and anyone interested in textile design *Dwell*, 2007-02 At Dwell we're staging a minor revolution We think that it's possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines *Dwell*, 2007-03 At Dwell we're staging a minor revolution We think that it's possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines

**The Dewey School** Anna Edwards,2017-07-05 This book talks of perhaps one of the greatest education experiments in the history of America In 1894 John Dewey moved his position as Chairman of the Philosophy Department at the University of Michigan to assume the position as Chairman of the Department of Philosophy Psychology and Pedagogy at the University of Chicago He would remain there until 1904 his departure prompted in great part by his dissatisfaction regarding his wife s treatment by the administration in her role of principal of the Laboratory School At this time Dewey was anxious to translate his more abstract ideas into practical form and he saw the position at Chicago affording him a rare opportunity to do this The school itself was conceived by Dewey as having an organic functional relation to the theoretical curriculum Just as Dewey was anxious to merge philosophy and psychology and to relate both of these disciplines to the theoretical study of education similarly he saw the school as a laboratory for these studies analogous to the laboratory used in science courses This effort to merge theory and practice is perhaps the major characteristic of Dewey s entire professional career In the opening sentence of Dewey s remarks in his essay in this volume The Theory of the Chicago Experiment we see the extent to which this problem preoccupied him The gap between educational theory and its execution in practice is always so wide that there naturally arises a doubt as to the value of any separate presentation of purely theoretical principles This book is an accurate and detailed account of one of the most interesting experiments ever undertaken in America It provides the reader with the complexity of John Dewey s abstract philosophy experimentalism
