Creating Facts Israel Palestinians And The West Bank

Yehuda Lukacs

Creating Facts Israel Palestinians And The West Bank:

A History of the Israeli-Palestinian Conflict Mark Tessler, 2009-03-24 Mark Tessler's highly praised comprehensive and balanced history of the Israeli Palestinian conflict from the earliest times to the present updated through the first years of the 21st century provides a constructive framework for understanding recent developments and assessing the prospects for future peace Drawing upon a wide array of documents and on research by Palestinians Israelis and others Tessler assesses the conflict on both the Israelis and the Palestinians terms New chapters in this expanded edition elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition *Creating Facts* Geoffrey Aronson, 1987 *Israel, Palestinians, and the Intifada* Geoffrey Aronson, 1990 First published in 1990 Routledge is an imprint of Taylor Francis an informa company

Palestinian Labour Migration to Israel Leila Farsakh, 2005-09-06 This book examines the flow of Palestinian labour to Israel over the last three decades and shows how it has fluctuated over time with most recently a shift in the flow towards Israeli settlements in the occupied territories

Palestine and Israel John B. Quigley, 1990 The dispute over Palestine between the Palestinian Arabs and the Israelis is one of the most volatile and intractable conflicts in the world today Palestine and Israel examines the history of this battle from the perspective of international law and it argues that a long term solution to the conflict must protect legitimate interests to remain viable an element the author believes has so far been seriously neglected This extensively documented work details the complex politics and agonizing struggles that have characterized the clash between Jews and Arabs examining in depth the competing claims to Palestine and the extent to which legitimate interests remain to be fulfilled Beginning with the early Zionist settlement in Palestine that rose from the effort by Jews to escape long standing discrimination in Europe Qigley investigates the origins of the dispute including the British occupation of Palestine the British Mandate and the involvement of the United Nations He examines the 1948 War the establishment of Israel and explores the legal and political status of Jews there After a detailed analysis of the 1967 War and Israel's occupation of the West Bank and Gaza Strip he concludes with recommendations for resolving the conflict including discussions of the responsibility of other states for the persisting injustice the role of other states in settling the dispute and steps to a possible solution

The Israel-Palestine Conflict Elizabeth Matthews, 2011-03-21 The conflict between the Israelis and the Palestinians is considered intractable by many and is frequently characterised by the violence between the two sides In attempts at peace the starting point for negotiations is a cessation of violence beneath this however lies a plethora of other issues to be addressed This unique text brings together Israeli and Palestinian viewpoints on a number of key issues and topics making clear the points of agreement as well as the views that divide The chapters deal first with three issues that require compromise and resolution for a peace treaty to be realized water refugees and borders territory and settlements and then with three important concepts that can either impede or promote peace democracy human rights and peace culture

and education Thus the book provides an invaluable opportunity to understand at least in part the divergent and even convergent interests and understandings of Israelis and Palestinians on issues and concepts important to the peace process As such it will be a valuable resource for courses on conflict resolution the Middle East peace process and political science

The Israel-Palestine Conflict Neil Caplan,2019-09-11 One of the 10 Must Read Histories of the Palestine Israel Conflict Ian Black Literary Hub on the 100th anniversary of the Balfour Declaration The new edition of the acclaimed text that explores the issues continuing to define the Israeli Palestinian conflict Numerous instances of competing sometimes incompatible narratives of controversial events are found throughout history Perhaps the starkest example of such contradictory representations is the decades long conflict between Israel and Palestine For over 140 years Israelis Palestinians and scores of peacemakers have failed to establish a sustainable mutually acceptable solution The Israel Palestine Conflict introduces the historical basis of the dispute and explores both the tangible issues and intangible factors that have blocked a peaceful resolution Author Neil Caplan helps readers understand the complexities and contradictions of the conflict and why the histories of Palestine and Israel are so fiercely contested Now in its second edition this book has been thoroughly updated to reflect the events that have transpired since its original publication Fresh insights consider the impact of current global and regional instability and violence on the prospects of peace and reconciliation New discussions address recent debates over two state versus one state solutions growing polarization in public discourse outside of the Middle East the role of public intellectuals and the growing trend of merging scholarship with advocacy Part of the Wiley Blackwell Contested Histories series this clear and accessible volume Offers a balanced non polemic approach to current academic discussions and political debates on the Israel Palestine conflict Highlights eleven core arguments viewed by the author as unwinnable Encourages readers to go beyond simply assigning blame in the conflict Explores the major historiographical debates arising from the dispute Includes updated references and additional maps Already a standard text for courses on the history and politics of the Middle East The Israel Palestine Conflict is an indispensable resource for students scholars and interested general readers *The Palestinian National Movement* Amal Jamal,2005 Examines elite structure and political struggles within the Palestinian national movement and their implications for regime stability

Conflict and Peacemaking in Israel-Palestine Sapir Handelman,2011-03-17 Presenting and evaluating interactive models of peacemaking and the phenomenon of intractable conflict the book takes an in depth look into specific models for peacemaking and applies them to the situation in Israel Palestine [The Discourse of Palestinian-Israeli Relations](#) Sean F. McMahon,2010-04-15 This Foucault inspired analysis of the degeneration of the Oslo Process into direct Palestinian Israeli violence critically examines the ideas and practices that define Palestinian Israeli relations The text offers a radically different peace proposal that moves far beyond exhausted calls for confidence building measures and or an end to settlement construction [Encyclopedia of the Palestinians](#) Philip Mattar,2005 Presents the history of modern Palestine and

biographies of important Palestinians **The Israeli-Palestinian Conflict** Beverley Milton-Edwards, 2008-07-30 The conflict between Israelis and Palestinians is one of the most enduring and complex in the modern world But why did the conflict break out Who is demanding what and why is peace so difficult to achieve The Israeli Palestinian Conflict tackles the subject and analyses the conflict from its historical roots in the late nineteenth century to the present attempts at conflict resolution in the twenty first century Framing the debate and analysis around issues such as Zionism Palestinian nationalism international peace efforts the refugees state building democracy and religious opposition and highlighted by first hand quotes and sources of the conflict from its major participants Beverley Milton Edwards explores the deep impact of the conflict on regional politics in the Middle East and why the enmity between Palestinians and Israelis has become a number one global issue drawing in the world s most important global actors An essential insight into the complexities of one of the world s most enduring conflicts between Israelis and Palestinians this textbook is designed to make a complex subject accessible to all Key features include a chronology of events and annotated further reading at the end of each chapter The Israeli Palestinian Conflict is an ideal and authoritative introduction into aspects of politics in Israel among the Palestinians a vitally important issue for those studying the politics of the Middle East **Israel, Jordan, and the Peace Process** Yehuda Lukacs, 1997 Israel and Jordan even though self proclaimed enemies of one another practiced a relationship of interdependence based on corresponding interests In the years following the 1967 war these two countries fates were delicately intertwined because of many factors like mutual reliance on natural resources especially water and parallel interests in the subordination of the Palestinian national movement These conditions of commonality led to extensive ties between the two countries and approximated a state of de facto peace that ironically made an official peace treaty almost impossible to sign A formal peace treaty would have required not only Israel s withdrawal from the West Bank but also Jordan s acknowledgment of the clandestine contacts between the two formal enemies Yehuda Lukacs gives us an account of how this relationship changed in 1988 when Jordan disengaged from the West Bank This event combined with the Palestinian uprising and the Gulf War paved the way for Israel and Jordan in 1994 to sign the Israeli Jordanian peace treaty By systematically examining the impact of functional cooperation between two official enemies Lukacs makes an important contribution to Middle East studies and international conflict resolution **Fratricide in the Holy Land** Avner Falk, 2005-02-17 This is the first English language book ever to apply psychoanalytic knowledge to the understanding of the most intractable international struggle in our world today the Arab Israeli conflict Two ethnic groups fight over a single territory that both consider to be theirs by historical right essentially a rational matter But close historical examination shows that the two parties to this tragic conflict have missed innumerable opportunities for a rational partition of the territory between them and for a permanent state of peace and prosperity rather than perennial bloodshed and misery Falk suggests that a way to understand and explain such irrational matters is to examine the unconscious aspects of the conflict

He examines large group psychology nationalism group narcissism psychogeography the Arab and Israeli minds and suicidal terrorism and he offers psychobiographical studies of Ariel Sharon and Yasser Arafat two key players in this tragic conflict today *The Arab-Israeli Conflict, Volume IV, Part II* John Norton Moore, 2014-07-14 The Arab Israeli Conflict is a fundamental research tool for students of the Middle East and for those responsible for U S policymaking in that area It is a successor to John Norton Moore s widely acclaimed three volume compilation of readings and documents on international law and the Arab Israeli conflict Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Popular Resistance in Palestine Mazin B. Qumsiyeh, 2010-11-05 Armed resistance suicide bombings and rocket attacks populate the Western media s depiction of Palestinian resistance Synthesising data from hundreds of original sources Dr Mazin Qumsiyeh provides the most comprehensive study of the always creative often peaceful civil resistance in Palestine Successes failures missed opportunities and challenges are chronicled through hundreds of stories from over 100 years of Palestinian resistance The book critically and comparatively surveys uprisings under Ottoman rule against the Balfour Declaration and the Oslo Accords all the way up to the Boycotts Divestments and Sanctions movement The compelling human stories told in this book will inspire people of all faiths and political backgrounds to chart a better and more informed direction for a future of peace with justice

To Rule Jerusalem Roger Friedland, Richard Hecht, 2000-09-19 To Rule Jerusalem is a study of religion and politics Judaism and Zionism as well as Palestinian nationalism and Islam and it brings a most remarkable perspective to a topic conflict over Jerusalem with which we all are unfortunately far more familiar than we might like to be Gregory Mahler Shofar

The Palestine Yearbook of International Law 1987-1988 Pineschi, 1997-02-01 The Palestine Yearbook of International Law is a well established yearbook which was previously published by the Al Shaybani Society of International Law Kluwer Law International will be publishing the Yearbook from the eighth volume onwards and will also manage the distribution of the previous seven volumes The Palestine Yearbook of International Law has become widely respected as a prime reference source of legal material relating to Palestinian issues and is an important forum for the international legal community particularly for legal practitioners researchers and scholars In addition to leading articles on topical problems and issues it contains key legislation court decisions and other relevant legal material translated from the original Arabic or Hebrew into English

Trans-Colonial Urban Space in Palestine Maha Samman, 2013-06-26 Taking a multidisciplinary approach to examine the dynamics of ethno national contestation and colonialism in Israel Palestine this book investigates the approaches for dealing with the colonial and post colonial urban space resituating them within the various theoretical

frameworks in colonial urban studies The book uses Henry Lefebvre's three constituents of space perceived conceived and lived to analyse past and present colonial cases interactively with time It mixes the non temporal conceptual framework of analysis of colonialism using literature of previous colonial cases with the inter temporal abstract Lefebvrian concepts of space to produce an inter temporal re reading of them Israeli colonialism in the occupied areas of 1967 its contractions from Sinai and Gaza and the implications on the West Bank are analysed in detail By illustrating the transformations in colonial urban space at different temporal stages a new phase is proposed the trans colonial This provides a conceptual means to avoid the pitfalls of neo colonial and post colonial influences experienced in previous cases and the book goes on to highlight the implications of such a phase on the Palestinians It is an important contribution to studies on Middle East Politics and Urban Geography

The Path to Mass Rebellion Ruth Margolies Beitler, 2004-01-01 The Path to Mass Rebellion An Analysis of Two Intifadas should be read by policy makers international relations and conflict resolution scholars Middle East Studies scholars political scientists and anyone else interested in better understanding the current violence surrounding the creation of a Palestinian state and security issues this creates for Israel
