Creation And Procreation Feminist Reflections On Mythologies Of Cosmogony And Parturition:

Creation and Procreation Marta Weigle, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas Subcreation: Fictional-World Construction from J.R.R. Tolkien to Terry Pratchett and Tad Williams Stefanie Schult, 2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien s original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader s willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader s acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader s immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams s and Terry Pratchett s fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett s Discworld retains a feeling of Britishness that is not to be found in Williams s Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author s Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media **Earth Magic** Dodie Graham McKay, 2021-10-08 Dig into the History Lore and Practice of Earth Magic Packed with rituals exercises spells recipes and more this dynamic addition to Llewellyn s Elements of Witchcraft series shows you how to enrich your connection to the earth Dodie Graham McKay shares a variety of fun and fascinating ways to get your hands dirty as you grow your magical practice Explore the deities animal guides herbs and crystals associated with the earth element Discover recipes spells and sacred sites that help you call upon nature for greater power and wisdom Learn how this element is used in cultures and myths around the world Featuring illuminating essays from guest contributors including Sparrow Kemp Austin Lawrence and Jacqui Wood Earth Magic inspires you to manifest amazing changes in your environment and yourself Watch the book trailer here *Thinking Through Myths* Kevin Schilbrack, 2003-09-02 Eight outstanding essays from leading academics deconstruct perennial problems of rationality imagination and narrative to trace the influence of myth in our own beliefs origins and potential futures Thinking Through Myths attempts to reconcile the opposed claims of pragmatism and beauty calling for the acknowledgement of myths in

everyday experience **The Oxford Companion to World Mythology** David Leeming,2005-11-17 An interesting and lively book that contains articles on heros villains mythologists and mythological approaches **Mother with Child** Kathryn Allen Rabuzzi,1994-02-22 Rabuzzi rejects the status quo presenting viable often spiritual alternatives to prevailing high tech patriarchal models of childbirth Booklist Rabuzzi author of The Sacred and the Feminine and Motherself contends that childbearing has been denigrated denied and devalued This book is intended to help women rename re ritualize reinterpret and reframe childbearing for themselves and their partners A lovely book It is a book for anyone wishing to reexamine and reclaim birth s potential for sacredness Robbie Davis Floyd author of Birth as an American Rite of Passage Excellent The Reader s Review **Black Poetic Feminism: The Imagination of Toi Derricotte** Nima Leslie Williams,2006-12-06 Sexual abuse happens Domestic violence happens We know it happens We have child protective services We watch Law and Order SVU We are surrounded by sex in our media and we are surrounded by sexual violence in our media Yet I have turned to the work of Toi Derricotte because we are not surrounded by sexual violence in our literary criticism because we are not discussing sexual violence in our college classrooms because the work of a poet like Derricotte a poet who reveals the long difficult trajectory of the emergence of voice of the emergence of a healthy vibrant bisexual self is largely ignored by those of us in the academy who contribute articles to that grand behemoth otherwise known as the Modern Language Association s International Bibliography The Black poetic feminism of Toi Derricotte works on this silence in a variety of ways Read on and perhaps learn a great deal from her journey The Mythology of Native North America David Adams Leeming,Jake Page,2000-02-01 Recounts more than seventy Native American myths from a variety of cultures covering gods creation and heroes and heroines and discusses each myth within its own context its relationship to other myths and its place within world mythology The Cry of Tamar Pamela Cooper-White,2013-06-24 In this comprehensive practical and gripping assessment of various forms of violence against women Pamela Cooper White challenges the Christian churches to examine their own responses to the cry of Tamar in our time She describes specific forms of such violence and outlines appropriate pastoral responses The second edition of this groundbreaking work is thoroughly updated and examines not only where the church has made progress since 1995 but also where women remain at unchanged or even greater risk of violence **The Origins of the World's Mythologies** Michael Witzel,2012 Michael Witzel persuasively demonstrates the prehistoric origins of most of the mythologies of Eurasia and the Americas Laurasia **Mythography** William G. Doty,2000-03-21 Presenting major myth theorists from antiquity to the present this work offers a cross disciplinary approach to the study of myth Rewritten and restructured it reflects the increased interest in myth among both scholars and general readers since the publication of the first edition The Mighty Goddess Sally Pomme Clayton,2023-03-16 This stunning collection of myths is for adults and brings together 52 goddess myths from across the globe familiar unknown forgotten spectacular Pioneering storyteller Sally Pomme Clayton revitalises powerful goddesses creating new perspectives and contemporary literature from fragments of

The Goddess Myth in Contemporary Literature and Popular Culture Mary J. Magoulick, 2022-02-04 Honorable Mention for the 2022 Elli K ng s Maranda Prize awarded by the Women s Section of the American Folklore Society

Goddess characters are revered as feminist heroes in the popular media of many cultures However these goddess characters often prove to be less promising and more regressive than most people initially perceive Goddesses in film television and fiction project worldviews and messages that reflect mostly patriarchal culture included essentialized gender assumptions in contrast to the feminist empowering levels many fans and critics observe Building on critiques of other skeptical scholars this feminist folkloristic approach deepens how our remythologizing of the ancient past reflects a contemporary worldview and rhetoric Structures of contemporary goddess myths often fit typical extremes as either vilified destructive dark and chaotic typical in film or television or romanticized positive even utopian typical in women s speculative fiction This goddess spectrum persistently essentializes gender stereotyping women as emotional intuitive sexual motherly beings good or bad precluded from complex potential and fuller natures Within apparent good over evil pop culture narrative frames these goddesses all suffer significantly However a few recent intersectional writers like N K Jemisin break through these dark reflections of contemporary power dynamics to offer complex characters who evince hopepunk They resist typical simplified reductionist absolutes to offer messages that resonate with potential for today s world Mythic narratives featuring goddesses often do but need not serve merely as ideological mirrors of our culture s still problematically reductionist approach to women and all humanity
