Science and Religion in Neo-Victorian Novels John Glendening, 2013-04-17

Criticism about the neo-Victorian novel, a genre of historical fiction that reimagines aspects of the Victorian world from present-day perspectives, has expanded rapidly in the last fifteen years but given little attention to the engagement between science and religion. Of great interest to Victorians, this subject often appears in neo-Victorian novels, including those by such well-known authors as John Fowles, A.S. Byatt, Graham Swift, and Mathew Kneale. This book discusses novels in which nineteenth-century science, including geology, paleontology, and evolutionary theory, interacts with religion through accommodations, conflicts, and crises of faith. In general, these texts abandon conventional religion but retain the ethical connectedness and celebration of life associated with spirituality at its best. Registering the growth of nineteenth-century secularism and drawing on aspects of the romantic tradition and ecological thinking, they honor the natural world without imagining that it exists for humans or functions in reference to human values. In particular, they enact a form of wonderment, the capacity of the mind to make sense of, creatively adapt, and enjoy the world out of which it has evolved, in short, to endow it with meaning. Protagonists who come to experience reality in this expansive way release themselves from self-anxiety and alienation. In this book, Glendening shows how, by intermixing past and present fact and fiction, neo-Victorian narratives with a few instructive exceptions manifest this pattern.

All Quiet Along the Potomac Ethel Lynn Beers, Mrs. Ethelinda Elliot Beers, 1879 *Moses' Women* Shera Aranoff Tuchman, Sandra E. Rapoport, 2008

The complete story of the man Moses, history's premier prophet, lawgiver, and religious heroic figure, cannot be told without an understanding of the women in his life. The Bible tells us that Moses was born to Yocheved, daughter of Levi, third son of the Hebrew patriarch Jacob. He was watched over by his sister Miriam, drawn from the Nile waters by Batya, daughter of the Egyptian Pharaoh, raised as Egyptian royalty, and married to Zipporah, daughter of the high priest of Midian. But there is more depth to these women's lives than what appears in the sparse biblical text, and it is the Jewish biblical commentaries who unveil these layered nuances. This book draws upon these sources and recounts how the Hebrew midwives resisted carnal intimidation by the Egyptian Pharaoh, what occurred between Moses, Zipporah, and the angel of death that night in the desert, why Moses abandoned Zipporah, how Miriam championed her sister-in-law Zipporah, and was punished for it, and the identity of Moses' mysterious Kushite woman. *Moses' Women* weaves

these biblical narratives and the commentaries into a chronicle of the women who reared Moses bore his children advised him and intervened to save him time and again when his very life was trembling in the balance **BOOK JACKET** **Meeting Jesus Through the Jesse Tree** Anne Neuberger, 2013-07-18 Nobody Ever Told Me (or My Mother) That!
