Armour Of Ballymoney:

Armour of Ballymoney, Etc. [A Biography of the Rev. James Brown Armour. With Plates, Including Portraits and a Facsimile.]. William Staveley ARMOUR, James Brown ARMOUR, 1934 **Armour of Ballymoney** William Staveley Armour, 1934 **Against the Tide** James Brown Armour, J. R. B. McMinn, 1985 The End of Liberal Ulster Frank Thompson, 2001 Land its ownership its occupancy and the fate of the dispossessed has long been one of the most controversial issues in Irish society Never was this truer than in the Land War period of the 1870s and 1880s In this well documented volume Frank Thompson has provided a clear and refreshing analysis of the land question in Ulster In political terms it determined the path of Ulster politics at a critical juncture in Irish history to the extent that it was the central factor in first the rise then the fall of the Ulster Liberal Party This thorniest of issues provided the dynamic of the growth of the Liberal Party in Ulster so that whereas Liberalism was in terminal decline in the other three provinces there grew an almost irresistible tide of Liberal feeling in the North However the very success of the broader movement for land reform ultimately deprived the Liberal Party in Ulster of much of its political capital Furthermore the Parnellite campaign in the province from 1883 and Orange reaction to it increasingly divided Ulster along sectarian lines to the detriment of the Liberal cause By 1886 Home Rule had become the defining question it would remain until Partition The Land Question of course remained important but it had become clear that the time when it could radically influence the shape of Ulster was past Within a dramatically short period of coming to prominence though the Ulster Liberal was not quite an extinct political species Ulster Liberalism was well and truly a spent force **Protestant Nationalists in Ireland, 1900–1923** Conor Morrissey, 2019-10-10 An innovative and original analysis of Protestant advanced nationalists from the early twentieth century to the end of the Irish Civil War **The English Catalogue of Books Published from January, 1835, to January, 1863**, 1864 The Two Unions Alvin Jackson, 2012 Alvin Jackson examines the two Unions the Anglo Scots Union of 1707 and the British Irish of 1801 comparing their background birth and survival In sustaining a comparison between the Unions he illuminates the long history and current state of the United Kingdom *Feis Na nGleann* Eamon Phoenix, 2005 The Glens of Antrim formed one of the last Irish speaking areas of Ulster until the early 1900s Until the opening of the Antrim coast road in the 1850s Irish was universally spoken in the Glens and on Rathlin The turn of the 19th century saw the Gaelic Revival which in the north of Ireland involved both Unionists and Nationalists in an effort to preserve Irish as a spoken language It was against this background of cultural renaissance that Feis na nGleann The Glens Feis was founded in 1904 as the first Gaelic cultural festival in east Ulster That inaugural Feis harnessed the talents of the Glens folk and a group of leading Big House figures in the locality among them Miss Rose Young of Galgorm Castle Miss Ada McNeill of Cushendun and Miss Margaret Dobbs Others included Sir Roger Casement then a recent convert to Irish nationalism Eoin MacNeill Glensman and language revivalist Francis Joseph Bigger lawyer and antiquarian John Benmore Clarke and Joseph Campbell

the Belfast poet This book traces the origins of Feis na nGleann in that crease in time between Parnell and the 1916 Rising In a series of scholarly chapters experts profile the historic founders of the Feis and record the history of Irish in the district There are special sections on the traditional arts and crafts fostered by the Feis the once famous Glens toy making industry the role of hurling and the rich literary legacy of the Feiseanna The book is lavishly illustrated with unique contemporary photographs The result is attractive and readable volume which will appeal to all those interested in the history and culture of the Glens and the fortunes of the Irish language in the north of Ireland Descendancy David Fitzpatrick,2014-11-27 A compelling account of Protestant loss of power and self confidence in Ireland since 1795 illustrating how descendancy was experienced and perceived **The Home Rule Crisis 1912-14** Gabriel Doherty,2014-08-01 The Home Rule Bill passed by the British parliament in 1912 was due when it came into effect in 1914 to give Ireland some control over her own affairs for the first time since the Act of Union in 1800 However this was postponed when the First World War broke out and by the time the war had ended the political landscape in Ireland had changed irrevocably The nationalist movement split into the followers of John Redmond who chose to fight for the British in the war in the hope that their loyalty would be rewarded and those on the other side who felt that this was just a delaying tactic and that England s difficulty was Ireland s opportunity Meanwhile the Unionists were violently opposed to any form of Irish self government believing that Home rule is Rome rule and this led to the signing of the Ulster Covenant and the establishment of the Ulster Volunteers The respected historians who have contributed to this book examine the reaction to the Home Rule Bill across many shades of political opinion across these islands and give a fascinating analysis of what might have been if external events had not overtaken local ones

Scots in Victorian and Edwardian Belfast Kyle Hughes,2013-12-11 A new departure in Scottish and Irish migration studiesThe Scottish diasporic communities closest to home those which are part of what we sometimes term the near Diaspora are those we know least about Whilst an interest in the overseas Scottish diaspora has grown in recent years Scots who chose to settle in other parts of the United Kingdom have been largely neglected This book addresses this imbalance Scots travelled freely around the industrial centres of northern Britain throughout the nineteenth and early twentieth centuries and Belfast was one of the most important ports of call for thousands of Scots The Scots played key roles in shaping Belfast society in the modern period they were essential to its industrial development they were at the centre of many cultural philanthropic and religious initiatives and were welcomed by the host community accordingly Yet despite their obvious significance in staunchly Protestant Unionist and at times insular and ill at ease Belfast individual Scots could be viewed with suspicion by their hosts dismissed as strangers and cast in the role of interfering outsiders Key FeaturesThe only book length scholarly study of the Scots in modern Ireland Brings to light the fundamental importance of Scottish migration to Belfast society during the nineteenth century Advances our knowledge and understanding of Scotland s near diaspora Highlights areas of tension in Ulster Scottish relations during the Home Rule era Puts forward a new agenda for a better

understanding of British in migration to Ireland in the modern period *Growing Up in Nineteenth-century Ireland* Mary Hatfield, 2019 A comprehensive cultural history of childhood in nineteenth century Ireland which explores how the notion of childhood fluctuated depending on class gender and religious identity and presents invaluable new insights into Irish boarding schools the material culture of childhood and the experience of boys and girls in education **Bibliography of Irish History 1912-1921** James Carty, 2012-03-30 An invaluable reference work of which only 750 copies were originally printed providing a remarkably complete list of titles published during this most troubled period in Irish history the period stretching from the passing of the Home Rule Bill in Britain's Parliament through the raising of rival Unionist and Nationalist volunteer militias in northern and southern Ireland the Great War the Easter Rising and the guerilla war against British forces which led to Irish independence An incredibly useful book providing a jumping off board for anyone wanting to research the political and military history of the era Publications are listed alphabetically by brief chronological period *A Nation and not a Rabble* Diarmaid Ferriter, 2015-03-05 Packed with violence political drama and social and cultural upheaval the years 1913 1923 saw the emergence in Ireland of the Ulster Volunteer Force to resist Irish home rule and in response the Irish Volunteers who would later evolve into the IRA World War One the rise of Sinn Féin in intense Ulster unionism and conflict with Britain culminated in the Irish war of Independence which ended with a compromise Treaty with Britain and then the enmities and drama of the Irish Civil War Drawing on an abundance of newly released archival material witness statements and testimony from the ordinary Irish people who lived and fought through extraordinary times *A Nation and not a Rabble* explores these revolutions Diarmaid Ferriter highlights the gulf between rhetoric and reality in politics and violence the role of women the battle for material survival the impact of key Irish unionist and republican leaders as well as conflicts over health land religion law and order and welfare **A History of Congregations in the Presbyterian Church in Ireland, 1610-1982** Presbyterian Historical Society of Ireland, 1982 **A record year in my existence as lord mayor of Belfast, 1898, written and compiled for his daughter and sons by their affectionate father [sir J.
