Arms Canada The Deadly Business Of Military Exports:

Arms Canada Ernie Regehr, 1987 First published in 1987 Arms Canada paints a disturbing picture of the Canadian arms industry an industry whose sales then totalled 3 billion annually Treaty Compliance: Some Concerns and Remedies The Markland Group, Canadian Council on International Law, 2024-01-15 The Markland Group is a Canadian non governmental organization founded in 1987 by Douglas Scott It is composed of lawyers academics and other professionals with a special interest in the compliance aspects of disarmament treaties The Canadian Council on International Law was founded in 1972 to represent Canadian international law practitioners and academics and to facilitate and promote the study of international legal problems by scholars and professionals These two organizations joined forces in March 1995 to conduct a workshop on compliance a topic which they felt had received insufficient attention from the international legal community Thirty eight experts from Canada the United States and Great Britain were assembled for a series of meetings at the University of Toronto under the chairmanship of Walter Dorn and Christine Elwell Five of the papers presented at the workshop have since been edited expanded and updated for publication in this volume The papers analyse compliance measures under various treaties with particular attention being given to The Biological Weapons Convention the Chemical Weapons Convention the Nuclear Non Proliferation Treaty Safeguards Trade and Environment Compliance Measures and International Humanitarian Law Compliance and Enforcement Mechanisms and their potential impact on Arms Control and Disarmament Treaties The Markland Group and the CCIL believe that the study of treaty compliance methodology is still in its infancy The development of effective reliable and acceptable compliance systems is imperative particularly for treaties dealing with disarmament It is hoped that this volume will provide an impetus for enhanced study of this crucial issue **The Weapons State** David Mutimer, 2000 The proliferation of all kinds of weapons is a focal point for international security This work shows how both the language used to talk about weapons proliferation and the practices adopted to respond to it serve to define the problem in ways that promote policy responses doomed to failure *Human Rights in Canadian Foreign Policy* Robert O. Matthews, Cranford Pratt, 1988 Concern for international human rights is well entrenched in the rhetoric of Canadian foreign relations This book is one of the first comprehensive efforts to present assess and explain the actual effect which this concern has had on Canada's foreign policy **Economic and Strategic Issues in U. S. Foreign Policy** Carl-Ludwig Holtfrerich, 2011-07-22 No detailed description available for Economic and Strategic Issues in U S Foreign Policy **Essays on the Quality of Life** Alex C. Michalos, 2013-04-17 Since initiating the journal Social Indicators Research in 1974 Alex C Michalos has been a pioneer in social indicators and quality of life research This collection of nineteen articles provides an overview of nearly 30 years of work including papers drawn from diverse sources and papers never published before Topics range over quality of life investigations connected to the problems of combining social economic and environmental indicators measuring the status of women in Canada housing and migration health and human well being older peoples well

being leisure activities and health impact of public services police services criminal victimization feminism and ethnic relations on the quality of life The final paper on multiple discrepancies theory MDT is the author s unique contribution to an empirically testable new foundation for theories of utility satisfaction and happiness Silent Partners Alex Souchen,Matthew S. Wiseman,2023-09-15 Canada s military industrial complex is deeply embedded in the fabric of the country Silent Partners reveals its origins and influence During the Cold War Canada s military industrial and political partnerships developed behind the scenes and without much public scrutiny Silent Partners explores Canada s history of leveraging military and defence expenditures to fund domestic industries bolster employment and support science and technology Military and defence spending have affected Canada in myriad ways from demography and geography to political economy and international relations in uneven patterns of prosperity and decline The contributions in this volume explore the environmental impacts of military activities and munitions production the ethical issues of human experimentation and military testing and the economic and political implications of procurement and arms exports Silent Partners is an illuminating examination of Canada s military industrial complex from a historical perspective **Conflicts of Interest** Jamie Swift,Brian Tomlinson,2011-04-30 Ten activists scholars and writers analyze contemporary development issues linking Canada and the Third World **Canadian Defence Industry in the New Global Environment** Alistair D. Edgar,David G. Haglund,1995 The defence industry in Canada is facing serious challenges Declining defence expenditures protectionism in Canada s principal markets political resistance and escalating costs of weapons technology all threaten it The Canadian Defence Industry in the New Global Environment is a thorough examination and assessment of the problems and prospects of the industry given the recent dramatic changes that have transformed the international security environment The Road to Peace Ernie Regehr,Simon Rosenblum,1988-01-01 In 1988 as the Berlin Wall began to quake and the United States and the Soviet Union prepared to slash their nuclear arsenals Canada s government remained firmly tied to a Cold War vision of the world In this book Regehr and Rosenblum assessed the international strategic situation at the very moment that the superpowers nuclear standoff began to melt away Against the backdrop of significant undertakings to halt the drift towards annihilation the authors find much to criticize in Canadian defence policy complicity in reckless American war fighting strategies undue adherence to organizations such as NATO and NORAD whose justifications were fast disappearing a retrograde approach to defending Arctic sovereignty The Road to Peace is a compelling document that vividly conveys the heady atmosphere of the Cold War s apogee **Imperial Power and Regional Trade** Abigail B. Bakan,David Cox,Colin Leys,2006-01-01 The election of Ronald Reagan as President of the United States in November 1980 opened a new chapter in international relations U S foreign policy shifted from an alliance based consensual approach to one based on a more overt use of its immense economic and above all military power This policy entailed some stark choices for the U S A s allies and neighbours and above all for the small countries of Central America and the Caribbean This revealing book tells the story of

the Caribbean Basin Initiative CBI through which the new assertion of U S hegemony in the region was expressed The CBI entitled friendly countries of the region i e excluding Cuba pre invasion Grenada and Nicaragua to military and economic aid plus incentives modelled on the so called Puerto Rican miracle so as to reorient their trade towards the U S A The authors carefully compare the claims made for the CBI with its underlying political objectives and examine its actual impact on regional development through detailed case studies of the Eastern Caribbean and Trinidad Also examined are the impact of the CBI on Caribbean regional integration and the responses of Canada and Britain the two other major countries with long standing political and economic interests in the Caribbean What emerges from this investigation is the way the CBI reflects the U S A s historic quest for regional dominance rather than a new era in Caribbean development **Diplomatic**

Departures Kim R. Nossal, Nelson Michaud, 2007-10-01 During the nine years that the Conservatives under Brian Mulroney held power in Ottawa Canadian foreign policy underwent a series of important departures from established policy Some of these changes mirrored the major transformations in global politics that occurred during this period as the Berlin Wall was breached the Cold War came to an end and a globalized economy emerged But some of the changes were the results of initiatives taken by the Conservative government The first major scholarly examination of the foreign policy of this period this collection explores and analyzes the many departures from traditional Canadian statecraft that took place during the Mulroney Conservative era free trade with the U S a continentalized energy policy initiatives over the environment and the Arctic the withdrawal of Canadian forces from Europe and the transformation of peacekeeping into peacemaking **Canada**

In The World Tyler A. Shipley, 2020-07-25T00:00:00Z An accessible and empirically rich introduction to Canada s engagements in the world since confederation this book charts a unique path by locating Canada s colonial foundations at the heart of the analysis Canada in the World begins by arguing that the colonial relations with Indigenous peoples represent the first example of foreign policy and demonstrates how these relations became a foundational and existential element of the new state Colonialism the project to establish settler capitalism in North America and the ideological assumption that Europeans were more advanced and thus deserved to conquer the Indigenous people says Shipley lives at the very heart of Canada Through a close examination of Canadian foreign policy from crushing an Indigenous rebellion in El Salvador peacekeeping missions in the Congo and Somalia and Cold War interventions in Vietnam and Indonesia to Canadian participation in the War on Terror Canada in the World finds that this colonial heart has dictated Canada s actions in the world since the beginning Highlighting the continuities across more than 150 years of history Shipley demonstrates that Canadian policy and behaviour in the world is deep rooted and argues that changing this requires rethinking the fundamental nature of Canada itself **Arctic Twilight** Kevin McMahon, 1988 Acknowledgments Author s Note Prologue Reigns Chapter One Friends Chapter Two Laws Chapter Three Systems Chapter Four Belief Bibliography *Understanding Canada* Wallace Clement, 1997 The new Canadian political economy has emerged from its infancy and is now regarded as a respected and

innovative field of scholarship Understanding Canada furthers this tradition by focusing on current issues in an accessible and informative way **Lost in Cyberspace?** Robert Chodos,Rae Murphy,Eric Hamovitch,1997-01-01 The arrival of the information highway has been hyped as the greatest change in how humans live and work since we captured fire What are its implications for Canadian society The authors present a thought provoking examination of the new digital technologies considering particularly the effects they might be expected to have on employment sovereignty community and culture in Canada They trace the information highway back to its military origin guide readers through the maze of corporate players promoting its development and stop to explore the wide open culture of the internet Lost in Cyberspace is a pioneering look at the influence of new digital technologies on Canadian society Canadian Books in Print.
