**Sailing Alone** Richard J. King,2023-09-07 An exceptional book *Sailing Alone* belongs on the very small shelf of the true classics of the sea Peter Nichols author of *Sea Change* and *A Voyage for Madmen* Colourful and inventive The Times *Sailing on a boat by yourself out at sea and out of sight of land can be exhilarating or terrifying compelling or tedious sometimes it can be all of these things just in one morning It is an adventure at odds with our normal sociable lives carried out floating on a medium wholly inimical to our existence But the deep ocean is also a remarkable place on which to think Richard King s enormously engaging and curious new book is about the debt we owe to solo sailors women and men young and old who have set out alone Spending weeks and months alone slowly quietly and close to the ocean surface is to create the world s largest laboratory an endlessly changing capricious and startling place in which to observe oneself the weather the stars and myriad sea creatures from the tiniest to the most massive and threatening*

This is a book for anyone who is fascinated by sailing solitude and the vast seas that cover so much of our planet **The Greatest Love Poems of All Time** Cook & Brothers,2015-01-09 This book is very humorous and it gets straight to the point It could leave you with tears falling from your eyes or make you very angry My mama was my heart and my soul She taught me everything I know I am the man I am because of her She was my backbone She was there for me through hard times and good times What can I say Words do not explain the things I feel about my mama She stood by my side when no one else would She was truly truly a mother **Journey into Amnesia** John P Fox,2015-12-03 A child's novel for grown ups In a dispute over child custody Judge Pankhurst offers Joni Cartwright the unenviable choice the horrible decision that of choosing which parent she wants to live with the child is so distressed by the ordeal and the seemingly insurmountable odds stacked against a once happy family Joni takes her problems to bed where she dreams of solutions *Current Estimates from the National Health Interview Survey, United States* ,1968 Sunbonnets and Sweet Gum Pearl Lowe Boyd,2001-12-21 Note Although this book is listed as biography autobiography it is actually FOLKLORE from the Midland Region of the United States and can be considered as Americana and nostalgia Elizabeth Pearl Lowe Boyd 1904 1965 grew up on farms in Warren County Kentucky near Bowling Green Unlike many girls of that era she went on from the rural one room school to graduate from what is now Western Kentucky University a degree in English and Latin After a year of teaching in Shepherdsville Kentucky she moved to Cross City Florida where she taught another year and married Robert U Boyd a railroad agent By 1935 they had settled in Dunedin Florida where they raised their eight children From 1936 until her death she wrote a popular column in the local weekly paper The Dunedin Times titled From My Kitchen Window The topics she wrote about were many and varied and her focus was on the ordinary and commonplace Over two hundred of these articles were about her recollections of growing up in rural Kentucky and they were selected for this book Although Florida had become her home her heart remained in Kentucky It was there for that sweet land and for the hills and seasons that she felt deeply attached She never lost her yearnings for the hills for the agrarian life of Kentucky And it was of rural people life times and history that she wrote most eloquently Pearl Lowe Boyd the name she went by was energetic jolly determined and focused civic minded and above all a mother She spread her children out over twenty two years and she was fascinated by her little ones their beauty their trust their development and their emergence into big people Writing was the forum through which she best expressed herself the same as music is for a musician In her earliest writings and diaries she stated her desires to be a writer Her opinions were carefully thoughtful erudite and tactfully voiced The only time I remember that she got her dander up and went on an all out crusade was when she got wind that the town leaders were planning to have an enormous beautiful oak tree behind the Chamber of Commerce cut down They lost she won and the tree is standing today She loved to read and kept lists of books she devoured sometimes over a hundred in a years span Yet her own mother was opposed to education beyond the eighth grade for a farm girl and was very much disapproving of her reading novels even the writings by

Dickens It was her father who encouraged her education and her love of books and writing She was the kind of person who looked for the good in things in people in nature and in life Although she had periods of worry and depression she never let them slow her down The reasoning behind her positive outlook which she described to me during one of my down times was pragmatic and positive why choose to dwell on the hurtful and the bad when one can live much more effectively by dwelling on the beautiful the exciting and the good of life She grew up during Womens Suffrage As an early feminist she insisted on fairness in all things for women as for men yet in her own life she was comfortable with first being a had working housewife and mother and being a civic leader and writer second Among her homespun articles she also wrote blistering articles against the treatment of Jews and others during World War II and against bigotry during the early days of desegregation The n word was certainly not permitted in her home I remember her as a wise person On one occasion when two of her children were arguing over splitting up a remaining chunk of cake she utilized the King Solomon ploy by allowing one to make the slice and the other to take the first piece Of course the two pieces were precisely identical Music was a part of our lives with

**Hope and Uncertainty in Contemporary African Migration** Nauja Kleist, Dorte Thorsen, 2016-11-25 This volume examines the relationship between hope, mobility and immobility in African migration Through case studies set within and beyond the continent it demonstrates that hope offers a unique prism for analyzing the social imaginaries and aspirations which underpin migration in situations of uncertainty deepening inequality and delimited access to global circuits of legal mobility The volume takes departure in a mobility paradox that characterizes contemporary migration Whereas people all over the world are exposed to widening sets of meaning of the good life elsewhere an increasing number of people in the Global South have little or no access to authorized modes of international migration This book examines how African migrants respond to this situation Focusing on hope it explores migrants' temporal and spatial horizons of expectation and possibility and how these horizons link to mobility practices Such analysis is pertinent as precarious life conditions and increasingly restrictive regimes of mobility characterize the lives of many Africans while migration continues to constitute important livelihood strategies and to be seen as pathways of improvement Whereas involuntary immobility is one consequence another is the emergence and consolidation of new destinations emerging in the Global South The volume examines this development through empirically grounded and theoretically rich case studies in migrants' countries of origin, zones of transit and in new and established destinations in Europe, North America, the Middle East, Latin America and China It thereby offers an original perspective on linkages between migration, hope and immobility ranging from migration aspirations to return
