Moxley, 2015-07-09 People yearn for leaders who are authentic who show their own face and not a game face who find and use their voice in appropriate ways and act with a tangible sense of integrity Those who engage in the process of leadership each of us at some point want to do so as our true self But staying true to one's self is not easy We are continually moving in and out of authenticity We are present one moment and absent the next We often say yes when we want to say no We act from our core values some of the time but give them a wink when the heat is on There is no formula for being integral and authentic Becoming and being ourselves requires confidence and courage Drawing on the author's 40 years in leadership training this book discusses the things we can do along the way recognizing our strengths and limitations speaking truth to power trusting our companions as we strive to fulfill our leadership potential Instructors considering this book for use in a course may request an examination copy here

philosophers have pored over the subject of events extensively in recent years The Event Literature and Theory seeks to ground it What is literature s approach to the event How does literature produce and give testimony to events Ilai Rowner s study not only revisits some of the most important thinkers of our time including Maurice Blanchot Gilles Deleuze Jacques Derrida and Martin Heidegger it also develops a critical approach to literature that questions the meaning of the literary event through examinations of literary works by Marcel Proust Louis Ferdinand Celine and T S Eliot Rowner offers a new method of thinking about the particular characteristics of the event within literary works and defines the creative value of literature as the aspiration toward the un happening within the happening In this study the experience of literature as an act of both writing and reading becomes the struggle to capture the excessive movement of the event while also revealing the creative energy within that work of literature
