Harold Bloom

Art And Influence Of Jean Jacques Rousseau The Pastorale Goethe Gottfried Keller And Other Essays:

Art and Influence of Jean-Jacques Rousseau Mark J. Temmer, 1973 Gottfried Keller and His Critics Richard R. Ruppel, 1998 Survey of the criticism devoted to Gottfried Keller the important nineteenth century writer in German The works of Gottfried Keller 1819 1890 rank alongside those of Goethe and Thomas Mann yet this volume is the first in any language to examine the critical assessment and scholarly expertise devoted to him ranging from the early stages of journalistic criticism to the present day Professor Ruppel begins by exploring the literary industry in the nineteenth century the literary market place the tastes of the reading public and the expectations of editors before going on to survey representative journalistic assessments of Keller's writing including critical correspondence from Keller's contemporaries Subsequent chapters examine in chronological order the most important milestones in Keller scholarship particularly twentieth century criticism and the Anglo American tradition There is also a brief history of the translations of Keller's works into English investigating some of the difficulties confronting English translators of Keller's poetically creative German The study concludes with an overview of recent scholarly assessments covering the past twenty five years The Japanese Novel of the Meiji Period and the Ideal of Individualism Janet A. Walker, 2019-01-29 The Western ideal of individualism had a pervasive influence on the culture of the Meiji period in Japan 1868 1912 Janet Walker argues that this ideal also had an important influence on the development of the modern Japanese novel Focusing on the work of four late Meiji writers she analyzes their contribution to the development of a type of novel whose aim was the depiction of the modern Japanese individual Professor Walker suggests that Meiji novels of the individual provided their readers with mirrors in which to confront their new found sense of individuality Her treatment of these novels as confessions allows her to discuss the development of modern Japanese literature and the modern literary self both in themselves and as they compare their prototypes and analogues in European literature The author begins by examining the evolution of a literary concept of the inner self in Futabatei Shimei's novel *Ukigumo* The Floating Clouds Kitamura Tokoku's essays on the inner life and Tayama Katai's novel *Futon* The Quilt She devotes the second half of her book to Shimazaki Toson the Meiji novelist who was most influenced by the ideal of individualism Here she traces Toson's development of a personal ideal of selfhood and analyzes in detail two examples of the lengthy confessional novel form that he created as a vehicle for its expression Janet A Walker is Associate Professor of Comparative Literature at Livingston College Rutgers University Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **University Bulletin** University of California (System), 1973 **Gottfried Keller** Hermann

Boeschstein,2016-12-13 **Jean-Jacques Rousseau in American Literature** Frederick William Dame,1996

Jean-Jacques Rousseau Harold Bloom,1988 A selection of critical essays arranged in chronological order of publication devoted to the works of the eighteenth century French author and philosopher **Gottfried Keller** Richard R. Ruppel,1988 This book examines Gottfried Keller s oeuvre from Der Gr ne Heinrich to Martin Salander in the tradition of such pedagogues and humanists as Pestalozzi and Humboldt Under Keller s quill writing becomes a means of self cultivation and personal redemption eventually becoming a conscious cultivating effort to establish and maintain certain inviolable ethics and truths by which modern man might live and thereby survive No other study comparable in intent or scope currently exists It is a major contribution to our understanding of Gottfried Keller and the Humanist Tradition which he furthered **Diderot Studies** Otis Fellows,1963 Historical Dictionary of Neoclassical Art and Architecture Allison Lee Palmer,2020-05-15

Neoclassicism refers to the revival of classical art and architecture beginning in Europe in the 1750s until around 1830 with late neoclassicism lingering through the 1870s It is a highly complex movement that brought together seemingly disparate issues into a new and culturally rich era one that was unified under a broad interest in classical antiquity The movement was born in Italy and France and spread across Europe to Russia and the United States It was motivated by a desire to use ideas from antiquity to help address modern social economic and political issues in Europe and neoclassicism came to be viewed as a style and philosophy that offered a sense of purpose and dignity to art following the new enlightened thinking This second edition of Historical Dictionary of Neoclassical Art and Architecture contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries cover late Baroque and Rococo tendencies found in the early 18th century and span the century to include artists who moved from neoclassicism to early romanticism This book is an excellent resource for students researchers and anyone wanting to know more about neoclassical art and architecture

The Ethical Pragmatism of Albert Camus Dean Vasil,1985 In what since the age of its Enlightenment the West has perceived to be an absurd universe it has had continually to choose between two ways of life as consequences of that perception and of the movement which gave it rise these are the way of ethics and the way of modern historicist ideology the way of a moral imperative without God and that of the will to become God in His place The first is illogical but the second is irrational la pr dication de la surhumanit as Camus says aboutissant la fabrication m thodique des sous hommes The way of ethics or of man as an end in himself is the way of Camus as well and one the reflection of whose origins and raison d tre in his own thought is the subject of the two studies in the present essay Subject Guide to Books in Print ,1993 *Yearbook of Comparative and General Literature* ,1974 The Publishers' Trade List Annual ,1990 **British Books in Print** ,1985

Books in Series ,1985 Vols for 1980 issued in three parts Series Authors and Titles *Monographic Series* Library of Congress, **"Heil dem Bürger des kleinen Städtchens"** Carsten Behle,2011-05-03 Ausgehend von systemtheoretischen Grundannahmen wirft der Verfasser einen neuen sozialhistorisch akzentuierten Blick auf die Gattungsgeschichte der

literarischen Idylle im 18. Jahrhundert. Es ergibt sich eine Neuordnung der Quellen, die einen Bruch in der Entwicklung der Gattung statt mit der empfindsamen Idylle. Ge ners erst mit den auf ihn folgenden kritischen Auseinandersetzungen mit seinem Werk konstatiert. Leben und Werk Ge ners werden hingegen einer als komplementär ausgewiesenen Tradition sozialer Theorie zugeordnet, die eingangs aus den Grundlagenschriften des s kularen Naturrechts hergeleitet wird. Die kleinen Gesellschaften emotional verbundener Gruppen wurden hier in die Theorien der großen Gesellschaft integriert, die auf die selbstbezogenen Neigungen und Interessen der einzelnen zurückgriffen. Dies ging einher mit einem beschränkten Geltungsanspruch schner Literatur, in der sich das Ideal harmonischer Geselligkeit Ausdruck verschaffte. Sobald dieser beschränkte Geltungsanspruch in Frage gestellt und schließlich offen abgelehnt wurde, musste sich daher auch der soziale Status des Idyllischen einschneidend verändern. Der Verfasser verfolgt diese Veränderungen anhand zentraler Autoren der Idyllentheorie von Ge ner bis Goethe und greift ausführlich auf deren sozialtheoretischen Kontext zurück, wobei auch bislang wenig beachtete Texte etwa die Einsamkeitsschriften J. G. Zimmermanns und J. H. Obereits einer ausgiebigen Betrachtung unterzogen werden.

American Book Publishing Record, 1977-03-31. Here's quick access to more than 490,000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult and Juvenile Fiction. Author and Title indexes are included and a Subject Guide correlates primary subjects with Dewey and LC classification numbers. These cumulative records are available in three separate sets.

Books in Print, 1981.
