Sederholm,Mark I. West,2023-06-28 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio s missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory     *Animating Space* J. Disney best known as a filmmaker had perhaps a greater skill as a reader While many would have regarded Felix Salten s Bambi and Carlo Collodi s Pinocchio as too somber for family oriented films he saw their possibilities He appealed to his audience by selecting but then transforming familiar stories Many of the tales he chose to adapt to film became some of the most read books in America Although much published research has addressed his adaptation process often criticizing his films for being too saccharine or not true to their literary sources little has been written on him as a reader what he read what he liked his reading experiences and the books that influenced him This collection of 15 fresh essays and one classic addresses Disney as a reader and shows how his responses to literature fueled his success Essays discuss the books he read the ones he adapted to film and the ways in which he demonstrated his narrative ability Exploring his literary connections to films nature documentaries theme park creations and overall creative vision the contributors provide insight into Walt Disney s relationships with authors his animation staff and his audience Animation Magazine ,2004 Historical Collections Council Newsletters Nancy Dustin Wall Moure,Historical Collections Council (Laguna Beach, Calif.),2006 Continues those Newsletters printed in Publications in Southern California Art No 5 **Animation and the American Imagination** Gordon B.
