Art and Ritual in Golden-Age Spain. Sevillian Confraternities and the Processional Sculpture Of Susan Verdi Webster,1998 **Art and Ritual in Golden-Age Spain** Susan Verdi Webster,1998 For nearly five centuries lay religious groups throughout the Spanish speaking world have staged elaborate public processions commemorating the events of Christ's passion during Holy Week In the Golden Age such processions featured extraordinarily lifelike sculpted images that were naturalistically painted elaborately clothed and adorned and surrounded by convincing stage properties and scenography all of which combined to create a profound impression on spectators Long dismissed as a minor form of popular art these polychrome wood sculptures emerge from this book as a unique genre one that can be best understood within its ritual context Here Susan Verdi Webster explores the Holy Week processions of penitential confraternities in Golden Age Seville for which many of Spain's greatest sculptors created some of the most illusionistic works ever She demonstrates how the pivotal role of the sculptures in procession transformed them from carved wooden objects to catalysts for intense spiritual and emotional experiences shared by spectators in the streets Drawing on extensive archival evidence and contemporary chronicles Webster is among the first to examine in depth Spanish processional sculpture its patrons and its ritual function Her inquiry wends through a kaleidoscopic variety of arenas artistic religious social cultural and political to provide a fascinating perspective on popular religious devotion in Golden Age Spain and on a previously undervalued dimension of Spanish sculpture

Staging Christ's Passion in Eighteenth-Century Nahua Mexico Louise M. Burkhart,2023-06-15 Staging Christ s Passion in Eighteenth Century Nahua Mexico explores the Passion plays performed in Nahuatl Aztec by Indigenous Mexicans living under Spanish colonial occupation Though sourced from European writings and devotional practices that emphasized the suffering of Christ and his mother this Nahuatl theatrical tradition grounded the Passion story in the Indigenous corporate community Passion plays had courted controversy in Europe since their twelfth century origin but in New Spain they faced Catholic authorities who questioned the spiritual and intellectual capacity of Indigenous people and in the eighteenth century sought to suppress these performances Six surviving eighteenth century scripts variants of an original play possibly composed early in the seventeenth century reveal how Nahuas passed along this model text while modifying it with new dialogue characters and stage techniques Louise M Burkhart explores the way Nahuas merged the Passion story with their language cultural constructs social norms and religious practices while also responding to surveillance by Catholic churchmen Analytical chapters trace significant themes through the six plays and key these to a composite play in English included in the volume A cast with over fifty distinct roles acted out events extending from Palm Sunday to Christ s death on the cross One actor became a localized embodiment of Jesus through a process of

investiture and mimesis that carried aspects of pre Columbian materialized divinity into the later colonial period The play told a far richer version of the Passion story than what later colonial Nahuas typically learned from their priests or catechists And by assimilating Jesus to an Indigenous or macehualli identity the players enacted a protest against colonial rule The situation in eighteenth century New Spain presents both a unique confrontation between Indigenous communities and Enlightenment era religious reformers and a new chapter in an age old power game between popular practice and religious orthodoxy By focusing on how Nahuas localized the universalizing narrative of Christ's Passion *Staging Christ's Passion in Eighteenth Century Nahua Mexico* offers an unusually in depth view of religious life under colonial rule Burkhart's accompanying website also makes available transcriptions and translations of the six Nahuatl language plays four Spanish language plays composed in response to the suppression of the Nahuatl practice and related documentation providing a valuable resource for anyone interested in consulting the original material

Christian Images and Their Jewish Desecrators Katherine Aron-Beller,2024-01-09

In *Christian Images and Their Jewish Desecrators* historian Katherine Aron Beller analyzes the common Christian charge that Jews habitually and compulsively violated Christian images identifying this allegation as one that functioned alongside other anti Jewish allegations such as ritual murder blood libel and host desecration to ultimately inform dangerous and long lasting prejudices in medieval and early modern Europe Through an analysis of folk tales myths legal proceedings and religious art Aron Beller finds that narratives alleging that Jews committed violence against images of Christ Mary and the disciples flourished in Europe between the fifth and seventeenth centuries She then explores how these narratives manifested differently across the continent and the centuries finding that their potency reflected not Jewish actions per se but Christians own concerns about slipping into idolatry when viewing depictions of religious figures In addition Aron Beller considers Jews own attitudes toward Christian imagery and the ways in which they responded to and rejected or embraced such allegations By examining how desecration allegations affected Jewish individuals and communities spanning Byzantium medieval England France Germany and early modern Spain and Italy Aron Beller demonstrates that this charge was a powerful expression of the Christian majority s anxiety around committing idolatry and their eagerness to participate in practices of veneration that revolved around visual images an anxiety that evolved through the centuries and persists to this day

Theaters of Conversion Samuel Y. Edgerton,2001 Mexico s churches and conventos display a unique blend of European and native styles Missionary Mendicant friars arrived in New Spain shortly after Cortes s conquest of the Aztec empire in 1521 and immediately related their own European architectural and visual arts styles to the tastes and expectations of native Indians Right from the beginning the friars conceived of conventos as a special architectural theater in which to carry out their proselytizing Over four hundred conventos were established in Mexico between 1526 and 1600 and more still in New Mexico in the century following all built and decorated by native Indian artisans who became masters of European techniques and styles even as they added their own influence The author argues that these magnificent sixteenth and seventeenth century structures are as much part of the artistic patrimony of American Indians as their pre Conquest temples pyramids and kivas Mexican Indians in fact adapted European motifs to their own pictorial traditions and thus made a unique contribution to the worldwide spread of the Italian Renaissance The author brings a wealth of knowledge of medieval and Renaissance European history philosophy theology art and architecture to bear on colonial Mexico at the same time as he focuses on indigenous contributions to the colonial enterprise This ground breaking study enriches our understanding of the colonial process and the reciprocal relationship between European friars and native artisans *The Penitente Brotherhood* Michael P.
