A/r/tography Rita L. Irwin,Alex De Cosson,2004 Twelve contributors explore the relationships between and among the three roles of artist researcher and teacher as they implement arts based educational research Each contributor uses her or his own artistic practices as integral ot complementary practices to other forms of inquiry In each case the artist author examines an educational issue and through visual and textual means pursues theoretical and practical considerations Each artist author engages with theory and practice art and text self and other artist and teacher In many respects two points of view are explored art as phenomenon and art making as method Using these points separately or together the artist authors explore the fullness of such inquiry for educational research Through an examination of these art based texts readers will come to appreciate educational practices in deeper and more meaningful ways publisher

Art-based Research Shaun McNiff,1998-01-01 Art therapy and all of the other creative arts therapies have promoted themselves as ways of expressing what cannot be conveyed in conventional language Why is it that creative arts therapists fail to apply this line of thinking to research In this exciting and innovative book Shaun McNiff one of the field s pioneering educators and authors breaks new ground in defining and inspiring art based research He illustrates how practitioner researchers can become involved in art based inquiries during their educational studies and throughout their careers and shows how new types of research can be created that resonate with the artistic process Clearly and cogently expressed the theoretical arguments are illustrated by numerous case examples and the final part of the book provides a wealth of ideas and thought provoking questions for research This challenging book will prove invaluable to creative art therapy educators students and clinicians who wish to approach artistic inquiry as a way of conducting research It will also find a receptive audience within the larger research community where there is a rising commitment to expanding the theory and practice of research Integrating artistic and scientific procedures in many novel ways this book offers fresh and productive visions of what research can be
