**The Ark of Speech** Jean-Louis Chrétien, 2004-03-01 The Ark of Speech investigates the interplay of speech and silence in the dialogue between God and human beings and human beings and the world Ranging from the Old Testament and its depiction of God's creative word to the New Testament and its focus on the life and words of Jesus as the Word of the Father the book shows how important it is for the believer to listen to God and to others in silence and devotion **Finitude's**

**Wounded Praise** Philip John Paul Gonzales, Joseph Micah McMeans, 2023-11-07 The late Jean Louis Chretien's responsorial and polyphonic style of thinking is nothing less than a performance of gratitude which manifests the many ways and manners that our wounded finitude is graced and blessed along the peregrine path of human existence Finitude's Wounded Praise Responses to Jean Louis Chretien is a receptive celebratory response to the immense fecundity and potential of Chretien's thank you of gratitude This volume gathers leading Chretien scholars and thinkers to explicate explore think with and commemorate his thought The essays in the volume engage Chretien's work from three primary fields phenomenological literary poetic and theological Finitude's Wounded Praise is a diverse exploratory and impressive testament to the expansive and enduring richness of Chretien's oeuvre **Diagonal Advance** Anthony D. Baker, 2013-01-25 Reveals how the divorce of

divine perfection from human perfection undergirds the divorce of theology and philosophy This work shows how these discourses were originally joined by the Church Fathers to how they were separated in the Middle Ages and modern Anglicanism to how they can be rejoined **Sources of the History of North Africa, Asia and Oceania in Denmark**

Hebrew Bible is increasingly studied from the perspective of critical spatiality emphasizing the social and cultural dimension of space how people experience space and their creativity in constructing space Zhenshuai Jiang investigates the discourses on space in Gen 1-11 and discusses the connection between social space and spatial narrative He deals with various questions in different spatial terms with a detailed textual analysis of Gen 1-11 How is space constructed in Gen 1-11 To what extent and how is this construction influenced by social and cultural elements The author describes specifically how space in Gen 1-11 is constructed rhetorically taking into account historical and social circumstances in which the texts were written

**The New Cambridge Companion to Biblical Interpretation** Ian Boxall, Bradley C. Gregory, 2022-12-22 This Cambridge Companion offers an up to date and accessible guide to the fast changing discipline of biblical studies Written by scholars from diverse backgrounds and religious commitments many of whom are pioneers in their respective fields the volume covers a range of contemporary scholarly methods and interpretive frameworks The volume reflects the diversity and globalized character of biblical interpretation in which neat boundaries between author focused text focused and reader focused approaches are blurred The significant space devoted to the reception of the Bible in art literature liturgy and religious

practice also blurs the distinction between professional and popular biblical interpretation The volume provides an ideal introduction to the various ways that scholars are currently interpreting the Bible It offers both beginning and advanced students an understanding of the state of biblical interpretation and how to explore each topic in greater depth

**The Persuasive Portrayal of David and Solomon in Chronicles** Suk-Il Ahn, 2018-02-01 This study examines the speeches and prayers in the David Solomon narrative in Chronicles and seeks to demonstrate that the Chronicler's portrayal of David and Solomon attempts to establish the Yehudite community's identity Is the covenantal relationship still valid in the Persian period The author asserts that as a commitment to YHWH involving the worship of YHWH through the Jerusalem temple the covenantal relationship between YHWH and Israel continues even into the Persian period This study employs Kennedy's rhetorical method with the new categories of the narrative situation and the Chronicler's situation being used to further delineate his concept of the narrative situation The Chronicler's portrayal of David and Solomon through speeches and prayers serves to persuade his audience of the significance of the Jerusalem temple reformulating the Yehudite community identity as a cultic community in the Persian period

[Essays and Speeches Vol 1](#) S R Ramaswamy, **Introduction to Psalms** Hermann Gunkel, 2020-02-05 Hermann Gunkel's commentary on Psalms Die Psalmen HKAT considered by many to be his magnum opus was published in 1926 But he was unable to complete his final work on the Psalms The severe suffering of the final months of his life forced him to hand over his incomplete manuscript at Christmastime 1931 to his pupil Joachim Begrich

Gunkel died on 11 March 1932. Begrich put the final touches on the organization of Gunkel's last work on Psalms and it was published in 1933 as *Einleitung in die Psalmen die Gattungen der religiösen Lyrik Israels*. As with much of Gunkel's other work, the influence of *Einleitung in die Psalmen* on the study of the Psalms, Hebrew poetry, and indeed the whole realm of Old Testament literature, lyric and cult, as already noted, can scarcely be overestimated.

*The Birth Report Genre in the Hebrew Bible* Timothy D. Finlay, 2005 Timothy D. Finlay conducts a comprehensive analysis of all birth reports in the Hebrew Bible. These passages include genealogies, stories of annunciation to barren women, and prophetic narratives. The birth reports may be short, but they contribute greatly to the plot. **BOOK JACKET**

**Joshua 1-12** Thomas B. Dozeman, 2015-01-01 An acknowledged expert on the Hebrew Bible, Thomas Dozeman offers a fresh translation of the Hebrew and Greek texts of the book of Joshua and explores the nature, function, and causes of the religious violence depicted therein. By blending the distinct teachings of Deuteronomy and the Priestly literature, Dozeman provides a unique interpretation of holy war as a form of sacred genocide, arguing that since peace in the promised land required the elimination of the populations of all existent royal cities, a general purging of the land accompanied the progress of the ark of the covenant. This essential work of religious scholarship demonstrates how the theme of total genocide is reinterpreted as partial conquest when redactors place Joshua as an independent book between Deuteronomy and Judges. The author traces the evolution of this reinterpretation of the central themes of religious violence while providing a comparison of the two textual versions of Joshua and an insightful analysis of the book's reception history.

*The Loving Struggle* Emmanuel Falque, 2018-10-15 It has been 25 years since Dominique Janicaud derisively proclaimed the theological turn in French phenomenology due to the return of God to philosophy through the influence of religious thinkers such as Levinas, Ricoeur, and Marion. Since then, the theological turn has flowered into a fully fledged movement on both sides of the Atlantic. But what will be the shape and direction of the second generation of the theological turn? In this important new book, Emmanuel Falque engages with all the major twentieth-century French phenomenologists, something heretofore unavailable in English. He argues that rather than being content to argue for the return of God to philosophy, something fought for and developed by the foregoing generation of the theological turn, it is necessary to stage a philosophical confrontation or *disputatio* with them and their work in order to ensure the ongoing vitality of the unexpected contemporary relationship between philosophy and theology. Drawing on the legacies of Heidegger and Jaspers, who both staged their own loving struggles to arrive at defining philosophical conclusions, Falque confronts, interrogates, and learns from his most influential philosophical forebears to steer the theological turn in a new direction. Offering a novel and creative philosophy of the body, Falque argues for a reorientation of philosophy of religion generally and the theological turn specifically, from a philosophy of revelation from above to a philosophy of the limit from below.
