Portraits of Hope Huberta v. Voss, 2007-06 Elie Wiesel called the genocide of the Armenians during the First World War the Holocaust before the Holocaust Around one and a half million Armenians men women and children were slaughtered at the time of the First World War This book outlines some of the historical facts and consequences of the massacres but sees it as its main objective to present the Armenians to the foreign reader their history but also their lives and achievements in the present that finds most Armenians dispersed throughout the world 3000 years after their appearance in history 1700 years after adopting Christianity and almost 90 years after the greatest catastrophe in their history these 50 biographical sketches of intellectuals artists journalists and others produce a complicated kaleidoscope of a divided but lively people that is trying once again to rediscover its ethnic coherence Armenian civilization does not consist solely of stories about a far off past but also of traditions and a national conscience suggestive of a future that will transcend the present from the Preface

The SuperQuack Hoberleigh Phreigh, 2013-12 Why would an honest self respecting practitioner of energy healing call herself a superquack Do I really consider myself a quack Well no However there are quite a number of people who consider the work of energy healing to be quackery and at one time I was one of them After years of extensive study and success in my practice I have changed my mind While I do take my work seriously I don't take myself seriously On that score I am willing to use humor to get my point across This book is the story of my journey from a cold skeptic to a curious explorer to a believer with such passion that I have made energy healing my life's work The accounts range from my introduction to energy work and my personal experiences beyond the physical senses to sharing information from sessions with clients using energy in the body and in the mind in order to relieve distress Welcome to my world

Syrian Armenians and the Turkish Factor Marcello Mollica, Arsen Hakobyan, 2021-10-27 This volume examines significant social transformations engendered by the ongoing Syrian conflict in the lives of Syrian Armenians The authors draw on documentary material and fieldwork carried out in 2013 2019 among Syrian Armenians in Armenian and Lebanese urban settings The stories of Syrian Armenians reveal how contemporary events are seen to have direct links to the past and

to reproduce memories associated with the Armenian genocide the contemporary involvement of Turkey in the Syrian war for example is seen on the ground as an attempt to control the Armenian presence in Syria Today the Syrian Armenian identity encapsulates the complex intersection of memory transnational links to the past collective identity and lived experience of wartime everydayness Specifically the analysis addresses the role of memory in key events such as the bombing of Armenian historical sites during the commemorations of 24 April in the Eastern Syrian city of Deir ez Zor the perceived shift from destroying Syrian Armenians material culture to attempting to destroy the Armenian community in urban Aleppo and the informal transactions that take place in the border area of Kessab This carefully researched ethnography will appeal to scholars of anthropology sociology and political science who specialize in studies of conflict memory and diaspora

From Socialist to Post-Socialist Cities Alexander C. Diener, Joshua Hagen, 2016-04-14 The development of post socialist cities has become a major field of study among critical theorists from across the social sciences and humanities Originally constructed under the dictates of central planners and designed to serve the demands of command economies post socialist urban centers currently develop at the nexus of varied

and often competing economic cultural and political forces Among these nationalist aspirations previously simmering beneath the official rhetoric of communist fraternity and veneer of architectural conformity have emerged as dominant factors shaping the urban landscape This book explores this burgeoning field of research through detailed cases studies relating to the cultural politics of architecture urban planning and identity in the post socialist cities of Eurasia This book was published as a special issue of Nationalities Papers **The Oxford Handbook of Hip Hop Dance Studies** Mary Fogarty, Imani Kai Johnson, 2022 The Oxford Handbook of Hip Hop Dance Studies offers insights on individual and social histories of dance Afrodiasporic and global lineages of the genre the contribution of B Girls from Honey Rockwell to Rokafella the studio fiction of hip hop and the cultural shift into theatre TV and the digital social media space The Nation , 1898

Nagorno-Karabakh T. J. Petrowski, 2022-09-08 The Azerbaijani attack on the de facto independent Republic of Artsakh formerly the Nagorno Karabakh Republic in September 2020 shattered the illusion that this conflict is frozen The forty four day war in 2020 was the bloodiest outbreak of violence over the separatist region since the conflict began in the late 1980s and threatened to embroil Turkey and Russia in a dangerous proxy war in the volatile South Caucasus Despite the publication of several works on the conflict since the 1990s many aspects of the conflict remain poorly understood or distorted in Western scholarship due to US NATO political influence Are the origins of the conflict found in Soviet nationalities policy and Joseph Stalin's divide and rule methods Do the Armenians in Artsakh have a right to self determination as enshrined in treaty and customary international law What role do Russia and Turkey have in the conflict Did Kosovo's 2008 declaration of independence establish a precedent for Artsakh and other separatist states such as Abkhazia and South Ossetia By breaking with the dominant US NATO political paradigm this book strives to answer these and many other questions to provide a long overdue reassessment of the Armenian Azerbaijani Conflict Extraterritorial Citizenship in Postcommunist Europe Timofey Agarin, Ireneusz Pawel Karolewski, 2015-09-29 What role does the protection of citizens abroad play in motivating states policies How does citizenship of non residents map onto domestic nation building projects And in what ways do extraterritorial citizenship issues differ from those related to diaspora and migration This volume develops a new analytical framework for emerging research on how states establish relationships with non resident citizens and resident non citizens It provides new insights on the changing relationship between states and the societies they govern particularly in light of the liberalization of the state institutions on the one hand and their approach to citizenship as a political resource on the other Examining a range of European states in the post communist region the book illustrates the complex geopolitical interests and interstate relations involved with these policy decisions whilst highlighting the relevance of similar issues around the globe **Armenia in Pictures** Bella Waters, 2008-09-01 Colorful guide to Armenia including information about the geography history and people of the nation *Survival of a Perverse Nation* Tamar R. Shirinian, 2024-10-11 In *Survival of a Perverse Nation* Tamar R Shirinian traces two widespread rhetorics of perversion

sexual and moral in postsocialist Armenia showing how they are tied to anxieties about the nation's survival. In her fieldwork with Armenians, Shirinian found that right wing nationalists focus on sexual perversion, centers the figure of the homosexual while questions of moral perversion surround oligarchs and other members of the political economic elite. While the homosexual is seen as non or improperly reproductive, the oligarch's moral deviations from the caring and paternalistic expectations associated with national leadership also endanger Armenia's survival. Shirinian shows how both figures threaten the nation's proper social reproduction, a source of great anxiety for a nation whose primary point of identity is surviving genocide. In the existential threat posed by these forms of perversion, Shirinian finds paths where nonsurvival might mean the creation of futures that are queerer and more just. Detailing how the language of perversion offers trenchant critiques of capitalism as a perversion of life, Shirinian presents a new queer theory of political economy. *Review of Armenian Studies*, 2003

Europe's Next Avoidable War M. Kambeck, S. Ghazaryan, 2013-03-05 An international and interdisciplinary group of experts shed light upon the Nagorno Karabakh conflict today, how it evolved and likely scenarios. Taking into account a changed political landscape including the EU's new foreign policy instruments, they also make concrete policy proposals to make war less likely.

Dağlık Karabağ Sorunu: Dar Alanda Büyük Oyun M. Turgut Demirtepe, 2011-09-01 Güney Kafkasya bölgesinde iki devlet arasında zımne kavu turulamam en uzun süreli çatışma olma zelliğini koruyan Dağlık Karabağ sorunu zımne ynelik girişimlerde yer alan uluslararası güçlerin varlığı ile uluslararası bir nitelik kazanmıştır. 1994 yılında imzalanan ateşkes anlaşması sonrasında ihtilaf tarafları arasında Avrupa Güvenlik ve Birliği Teşkilatı AGT bünyesinde oluşturulan Minsk Grubu'nun girişimleriyle barış görüşmeleri yapılmaya başlandıysa da Azerbaycan ve Ermenistanın mutabık olduğu bir anlaşma zemininde karar kılınmamıştır. Ateşkes anlaşmasının nereden nereden artan oranda ihlal edilmesi dondurulmuş olan sorunun her an yeniden sıcak bir savaşla dönüşmesi potansiyelini taşıdığı görülmektedir. Dağlık Karabağ sorununun zımne ynelik girişimlerde dikkate alınması gereken unsurlardan biri sorunun okunaklı yapılandırılmasıdır. Daha açık bir ifade ile gerek Dağlık Karabağ konusunu derinlemesine incelemek gerekse de sorunun zımne ynelik girişimleri kapsamlı bir şekilde ele almak için sorunun okunaklı tarafları yapılandırılması gerekmektedir. Bu kapsamda raporda ihtilaf tarafları olan Azerbaycan ve Ermenistanın Dağlık Karabağ sorununun zımne ynelik politikaları ile gerek bölgesel gerekse de uluslararası alanda rol oynayan aktörler olarak Türkiye, Rusya, ABD ve İranın Dağlık Karabağ politikaları incelenmektedir. Rapor ayrıca Dağlık Karabağ sorununun zımne amaçyla oluşturulmuş olan Minsk Grubu'nun yaklaşımları ile Azerbaycan'da yerlerinden edilmiş kişilerin de etrafında ele alınmaktadır. Raporun son bölümünde ise tespit ve öneriler yer almaktadır. Bu bağlamda aşağıdaki hususlar netleşmektedir:
