Discover what you truly want If you establish your will firmly all creations of the Universe wrap supporting energy around  
you Therefore you will gain power If you don't gain power that is because your goal is not clear Evolution basically means  
knowing It is to know about yourself about God about nature as well as about birth aging illness death Once you realize these  
once you know the direction which the Universe is headed for you will then evolve Why did the Creator make human beings  
to be imperfect Why did He make human beings like this and have them feel pain grief and sorrow How did He make human  
beings and how much did He involve Himself The purpose of the Universe's creation is evolution and the Earth is the planet  
which was created as a training center The purpose of human beings born on this planet is only evolution through experience  
Likewise if you can become well aware that the Earth is a school and that people are born to learn lessons you will be pleased  
by all the affairs happening to you because they are teaching materials that make you profound by presenting you with  
experiences     The Culture of Fengshui in Korea Hong-key Yoon,2008-01-01 Hong Key Yoon's book explores the nature of
