Art and Revolution John Berger, 2025-09-30 A wrenching portrait of the Russian sculptor and a tribute to the potential of political art John Berger explores the life and work of Ernst Neizvestny who after clashing with Khrushchev was excluded from the ranks of officially approved Soviet artists Abandoned to obscurity Neizvestny laboured to realize a monumental and very public vision of art Exiled to the United States he finally found recognition returning to his homeland with the fall of the Berlin Wall Berger's account illuminates the very meaning of revolutionary art In his struggle against official orthodoxy which brought him into face to face conflict with Khrushchev himself Neizvestny was fighting not for a merely personal or aesthetic vision but for recognition of the social role of art His sculptures earn a place in the world by reflecting the courage of a whole people commemorating in an age of mass suffering the resistance and endurance of millions

Art and Revolution in Latin America, 1910-1990 David Craven, 2006-01-01 In this uniquely wide ranging book David Craven investigates the extraordinary impact of three Latin American revolutions on the visual arts and on cultural policy The three great upheavals in Mexico 1910 40 in Cuba 1959 89 and in Nicaragua 1979 90 were defining moments in twentieth century life in the Americas Craven discusses the structural logic of each movement's artistic project by whom how and for whom artworks were produced and assesses their legacies In

each case he demonstrates how the consequences of the revolution reverberated in the arts and cultures far beyond national borders The book not only examines specific artworks originating from each revolution s attempt to deal with the challenge of socializing the arts but also the engagement of the working classes in Mexico Cuba and Nicaragua with a tradition of the fine arts made newly accessible through social transformation Craven considers how each revolution dealt with the pressing problem of creating a dialogical art one that reconfigures the existing artistic resource rather than one that just reproduces a populist art to keep things as they were In addition the author charts the impact on the revolutionary processes of theories of art and education articulated by such thinkers as John Dewey and Paulo Freire The book provides a fascinating new view of the Latin American revolutionaries from artists to political leaders who defined art as a fundamental force for the transformation of society and who bequeathed new ways of thinking about the relations among art ideology and class within a revolutionary process

Art and Revolution John Berger,1997 In this prescient and beautifully written book John Berger examines the life and work of Ernst Neizvestny a Russian sculptor whose exclusion from the ranks of officially approved Soviet artists left him laboring in enforced obscurity to realize his monumental and very public vision of art This is a celebration of an art based on a heroic conception of the human will an art that endeavors above all to be answerable to the world

Media and Revolution Jeremy D. Popkin,1995 Jeffrey Wasserstrom taking the opposite view argues that the extensive attention paid to the effects of worldwide television coverage of the demonstrations in Tiananmen Square masks the fact that the Chinese students were essentially reworking protest rituals rooted in their country s history and culture long before the modern media era Owen Johnson in his essay on the Czechoslovak press during the Velvet Revolution likewise downplays the role of the media The remaining contributors Jeffrey Brooks Jack R Censer Tim Harris Thomas C Leonard Stephen R Mackinnon Michael Mendle Jeffery A Smith Jonathan Sperber Mark W Summers focus on pamphlet literature newspapers political cartoons and the modern electronic media Together their wide ranging views form a balanced and perceptive examination of the impact of the media on the making of history
