Piquette,Ruth D. Whitehouse,2013-12-18 Writing as Material Practice grapples with the issue of writing as a form of material culture in its ancient and more recent manifestations and in the contexts of production and consumption Fifteen case studies explore the artefactual nature of writing the ways in which materials techniques colour scale orientation and visibility inform the creation of inscribed objects and spaces as well as structure subsequent engagement perception and meaning making Covering a temporal span of some 5000 years from c 3200 BCE to the present day and ranging in spatial context from the Americas to the Near East the chapters in this volume bring a variety of perspectives which contribute to both specific and broader questions of writing materialities The authors also aim to place past graphical systems in their social contexts so they can be understood in relation to the people who created and attributed meaning to writing and associated symbolic modes through a diverse array of individual and wider social practices **Original Papers Read before the Syro-Egyptian Society of London** Isaac Cullimore,2025-08-07 Reprint of the original first published in 1845 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Problems of Chronology in Gandhāran Art Wannaporn Rienjang,Peter Stewart,2018-03-14 Since the beginning of Gandhāran studies in the nineteenth century chronology has been one of the most significant challenges to the understanding of Gandhāran art Many other ancient societies including those of Greece and Rome have left a wealth of textual sources which have put their fundamental chronological frameworks beyond doubt In the absence of such sources on a similar scale even the historical eras cited on inscribed Gandhāran works of art have been hard to place Few sculptures have such inscriptions and the majority lack any record of find spot or even general provenance Those known to have been found at particular sites were sometimes moved

and reused in antiquity Consequently the provisional dates assigned to extant Gandh ran sculptures have sometimes differed by centuries while the narrative of artistic development remains doubtful and inconsistent Building upon the most recent cross disciplinary research debate and excavation this volume reinforces a new consensus about the chronology of Gandh ra bringing the history of Gandh ran art into sharper focus than ever By considering this tradition in its wider context alongside contemporary Indian art and subsequent developments in Central Asia the authors also open up fresh questions and problems which a new phase of research will need to address Problems of Chronology in Gandh ran Art is the first publication of the Gandh ra Connections project at the University of Oxford s Classical Art Research Centre which has been supported by the Bagri Foundation and the Neil Kreitman Foundation It presents the proceedings of the first of three international workshops on fundamental questions in the study of Gandh ran art held at Oxford in March 2017 Museum criticism: or, Cambridge classical researches ,1826 Consolidated Listing of Official Gazette Notices Re Patent and Trademark Office Practices and Procedures ,2007 **Goldstein Trial Technique** Irving Goldstein,Fred Lane,2003 *The Book Collector* ,1958 **The History of Herodotus. A new Engl. version, ed. with notes by G. Rawlinson assisted by sir H. Rawlinson and sir J.G. Wilkinson** Herodotus,1875 Jesus and Archaeology James H. Charlesworth,2006-07-28 Based on studies at Bethsaida Capernaum Nazareth Jerusalem and elsewhere this volume shows how recent archaeological studies clarify the world life and thought of Jesus of Nazareth It contains the revised and edited lectures that leading archaeologists and biblical scholars presented at a gathering in Jerusalem to celebrate the new millennium Many contributors came directly from their excavations in places like Bethsaida Capernaum Nazareth and Jerusalem to share their discoveries and insights focusing on the question In what ways do new archaeological discoveries clarify the world life and thought of Jesus from Nazareth Readers of Jesus and Archaeology will gain many new insights into the life and times of this fascinating Galilean Jew Graffiti Scratched, Scrawled, Sprayed Ondřej Škrabal,Leah Mascia,Ann Lauren Osthof,Malena Ratzke,2023-12-04 Over the last two decades the study of graffiti has emerged as a bustling field invigorated by increased appreciation for their historical linguistic sociological and anthropological value and propelled by ambitious documentation projects The growing understanding of graffiti as a perennial universal phenomenon is spurring holistic consideration of this mode of graphic expression across time and space Graffiti Scratched Scrawled Sprayed Towards a Cross Cultural Understanding complements recent efforts to showcase the diversity in creation reception and curation of graffiti around the globe throughout history and up to the present day Reflecting on methodology concepts and terminology as well as spatial social and historical contexts of graffiti the book s fourteen chapters cover ancient Egypt Rome Northern Arabia Persia India and the Maya medieval Eastern Mediterranean Turfan and Dunhuang and contemporary Tanzania Brazil China and Germany As a whole the collection provides a comprehensive toolkit for newcomers to the field of graffiti studies and appeals to specialists interested in viewing these materials in a cross cultural perspective **Miscellaneous works** Young,1855
