Brief, Fourth Edition and El + Cue Janda, 2000-12-01
Janda, 1998-01-01
American Democracy in Peril: Eight Challenges to America's Future, 7th Edition William E. Hudson, 2012-07-13
American Democracy in Peril encapsulates the tumultuous state of American politics By introducing the history of democratic theory in terms of four models of democracy Hudson provides readers with a set of criteria against which to evaluate the challenges discussed later This provocative book offers a structured yet critical examination of the American political system designed to stimulate students to consider how the facts they learn about American politics relate to democratic ideals This new edition incorporates the Trump Presidency and the polarization that has accompanied his leadership Provided by Publisher
Challenge of Democracy Brief, Third Edition and Study Guide and
Janda, 1998-01-01
The Challenge of Democracy Kenneth Janda, Jeffrey M. Berry, Jerry Goldman, Kevin W. Hula, 2001 This Brief Edition retains the popular themes of the full length text the conflict among the values of freedom order and equality and the tensions between pluralist and majoritarian visions of democracy New to the fourth edition coverage of key recent events including the 2000 elections the impeachment and acquittal of President Clinton the 1998 congressional elections the political implications of new media including the Internet Page 4 of cover
Challenge of Democracy Brief Edition Study Guide Kenneth Janda, 2005
The Challenge Of Democracy Kenneth Janda, 2000-12
Challenge of Democracy Brief 6th Edition Plus Eduspace Kenneth Janda, 2006-03-01
Organised Crime and the Challenge to Democracy Feli Allum, 2004
The Challenge of Democracy: Brief Edition, 2008 Update Edition Kenneth Janda, Jeffrey Berry, Jerry Goldman, Kevin Hula, 2007-11-30 This shorter format text brings students the content and outstanding new Associated Press features found in the bestselling *The Challenge of Democracy* Ninth Edition The Brief Edition maintains the same framework and motifs as the full length text its pedagogy linked to two main themes the conflicting values of freedom order and equality and the majoritarianism versus pluralism debate A focus on globalization and its implications helps students put American government in a broader context Important Notice Media content referenced within the product description or the product text may not be available in the ebook version
Challenge of Democracy Study Guide Brief, Third Edition Kenneth Janda, 1998
Party System Changes and Challenges to Democracy Danica Fink-Hafner, 2024-03-19 This open access book focuses on the nexus between party system stability and democratic consolidation using Slovenia as a case study Its findings are presented from a comparative perspective to illustrate the commonalities and differences found in research on Central European post socialist countries and former Yugoslav countries On the one hand Slovenia's characteristics including the characteristics of its transition to democracy are far more similar to those of Central European post socialist countries than Western Balkan countries On the other Slovenia shares some similarities with other parts of the former Yugoslavia

especially its experiences with the political system of socialist self management elements of a market economy under socialism and war following the end of socialism albeit the conflict in Slovenia was very short and rather mild in comparison to those in other parts of socialist Yugoslavia Slovenia s experiences with rapid but limited democraticbacksliding under the Jan a government March 2019 June 2022 were halted by the 2022 national election in contrast to the more widely known cases of Hungary and Poland where such backsliding took place incrementally over a longer period of time that included several election cycles *Challenge of Democracy Brief and Study Guide, Fifth Edition* Kenneth Janda,2003-05-01 **The**

Technocratic Challenge to Democracy Eri Bertsou,Daniele Caramani,2020-03-09 This book represents the first comprehensive study of how technocracy currently challenges representative democracy and asks how technocratic politics undermines democratic legitimacy How strong is its challenge to democratic institutions The book offers a solid theory and conceptualization of technocratic politics and the technocratic challenge is analyzed empirically at all levels of the national and supra national institutions and actors such as cabinets parties the EU independent bodies central banks and direct democratic campaigns in a comparative and policy perspective It takes an in depth analysis addressing elitism meritocracy de politicization efficiency neutrality reliance on science and distrust toward party politics and ideologies and their impact when pitched against democratic responsiveness accountability citizens input and pluralist competition In the current crisis of democracy this book assesses the effects of the technocratic critique against representative institutions which are perceived to be unable to deal with complex and global problems It analyzes demands for competent and responsible policy making in combination with the simultaneous populist resistance to experts The book will be of key interest to scholars and students of comparative politics political theory policy analysis multi level governance as well as practitioners working in bureaucracies media think tanks and policy making Challenges to Democracy Sten Berglund,2001 The euphoria evidenced in the aftermath of the collapse of communist regimes in the late 1980s and early 1990s sometimes conveyed the impression that the process of democratization would be achieved without difficulty or tribulation This book sets out to provide a thorough comparative analysis of the challenges which face the emerging democracies of Central and Eastern Europe and considers the impact of political change Drawing heavily on available survey data the book provides an in depth account of how the new democracies of Central and Eastern Europe have coped with four major challenges political fragmentation nationalism lack of respect for human rights and poorly developed civil service systems The book demonstrates that although the first few years of the 1990s were marked by increasing disenchantment with the new regimes the change of governments as a direct result of the electoral process and the prospects for European integration have served to reverse this negative trend Indeed the authors find that the new political systems have managed to cope with the challenges so effectively that striking similarities with Western democracies are now apparent Offering new insights into democratic transition *Challenges to Democracy* will appeal to political scientists diplomats and policymakers and economists

with an interest in European and comparative politics
