At the Limits of Justice Suvendrini Perera,Sherene Razack,2014-09-24 The fear and violence that followed the events of September 11 2001 touched lives all around the world even in places that few would immediately associate with the global war on terror In *At the Limits of Justice* twenty nine contributors from six countries explore the proximity of terror in their own lives and in places ranging from Canada and the United States to Jamaica Palestine Israel Australia Guyana Chile Pakistan and across the African continent In this collection female scholars of colour including leading theorists on issues of indigeneity race and feminism examine the political social and personal repercussions of the war on terror through contributions that range from testimony and poetry to scholarly analysis Inspired by both the personal and the global impact of this violence within the war on terror they expose the way in which the war on terror is presented as a distant and foreign issue at the same time that it is deeply present in the lives of women and others all around the world An impassioned but rigorous examination of issues of race and gender in contemporary politics *At the Limits of Justice* is also a call to create moral communities which will find terror and violence unacceptable **Behind the War on Terror** Nafeez Mosaddeq Ahmed,2003-01-01 Using official sources Ahmed investigates U S and British claims about Iraq s WMD programs and in the process reveals the hidden motives behind the 2003 invasion and the grand strategy of which it is a part He shows that the

true goals of U S British policy in the Middle East are camouflaged by spin P R declarations and seemingly noble words The reality can only be comprehended through knowledge of the history of Western intervention in the region Ahmed demonstrates that such intervention has been dictated ruthlessly by economic and political interests with little regard for human rights He traces events of the past decades beginning with the West s support for the highly repressive Shah of Iran his subsequent usurpation by the Ayatollah s Islamist regime and the West s resultant backing of Saddam Hussein

Proceedings RMRS. ,1998 US policy in the Middle East the struggle for peace and prosperity. , Wielding Words like Weapons Ward Churchill,2017-04-15 *Wielding Words like Weapons* is a collection of acclaimed American Indian Movement activist intellectual Ward Churchill s essays in indigenism selected from material written during the decade 1995 2005 It includes a range of formats from sharply framed book reviews and equally pointed polemics and op eds to more formal essays designed to reach both scholarly and popular audiences The selection also represents the broad range of topics addressed in Churchill s scholarship including the fallacies of archeological and anthropological orthodoxy such as the insistence of cannibologists that American Indians were traditionally man eaters Hollywood s cinematic degradations of native people questions of American Indian identity the historical and ongoing genocide of North America s native peoples and the systematic distortion of the political and legal history of U S Indian relations Less typical of Churchill s oeuvre are the essays commemorating Cherokee anthropologist Robert K Thomas and Yankton Sioux legal scholar and theologian Vine Deloria Jr More unusual still is his profoundly personal effort to come to grips with the life and death of his late wife Leah Renae Kelly thereby illuminating in very human terms the grim and lasting effects of Canada s residential schools upon the country s indigenous peoples A foreword by Seneca historian Barbara Alice Mann describes the sustained efforts by police and intelligence agencies as well as university administrators and other academic adversaries to discredit or otherwise neutralize both the man and his work Also included are both the initial stream of consciousness version of Churchill s famous or notorious little Eichmanns opinion piece analyzing the causes of the attacks on 9 11 as well as the counterpart essay in which his argument was fully developed *Philosophy After Hiroshima* Fred Dallmayr,2020-05-15 *Philosophy after Hiroshima* offers a philosophical analysis of the issues surrounding war and peace and their challenges to ethics It reminds us that the threat posed to civilization by nuclear weapons persists as does the need for continuing philosophical reflection on the nature of war the problem of violence and the need for a workable ethics in the nuclear age The book recalls the atomic bombings of Hiroshima and Nagasaki as the beginning of the nuclear age the Cold War and subsequently of the hegemonic unilateralism of the sole superpower Reviewing early critical responses to the first atomic bombings by such figures as Camus Sartre Russell Heidegger Jaspers and others the authors themselves respond to contemporary threats to peace including the US global war on terrorism the recrudescence of militarism and the continuation of imperial power politics by other means In the nuclear age the use of military force as a political instrument threatens the future of humanity This poses formidable

challenges to philosophy and calls for its transformation In using memories of the atomic bombings to help us to grasp the moral implications of the current escalation of global violence the authors hope to show the urgent relevance of nonviolence in the contemporary context Drawing on a range of philosophical traditions Taoist and Western the contributors take up a welter of philosophical and political concerns of topical interest including human rights toleration the politics of memory intercultural dialogue the ethics of co responsibility and the possibility of a cosmopolitan order of law and peace Going beyond postmodernism and deconstruction several of the authors develop a post critical constructive paradigm of thinking a philosophy of the possible and a new methodology for the realization of the creative potential of the humanities Philosophy is viewed as a peace promoting global dialogue Special Bibliography Series United States Air Force Academy. Library,2000

Special Bibliography Series ,1957 **Why We War** Al Smith,2006-11-01 Why We War begins a new dialog about war and the social organization of peace This book re orients the thinking about war from a preoccupation with a war to an investigation into the phenomenon of war itself There is an unequal investment in war that has historically damaged the ability of social systems to perform adequately for all members of society The result is ongoing strife warfare and poverty War emerges as the disease of civilization and the bane of human rights Commentaries on Law & Public Policy Robert McGee,2005-01-27 This journal published by Robert McGee deals with commentaries on law and public policy
