Challenging Humanism Dominic Baker-Smith, 2005 Dominic Baker Smith has been a leading international authority on humanism for more than four decades specializing in the works of Erasmus and Thomas More The present collection of essays by colleagues throughout Europe Canada and the United States examines humanism in both its historic sixteenth century meanings and applications and the humanist tradition in our own time drawing on his work and that of scholars who have followed him Contributors include Andrew Weiner Elizabeth McCutcheon and Germaine Warkentin Arthur F Kinney is Thomas W Copeland Professor of Literary History at the University of Massachusetts Amherst Ton Hoenselaars is Associate Professor of English at the University of Utrecht *Renaissance Historicisms* Arthur F. Kinney, 2008 This collection of essays by major Renaissance scholars demonstrates the vitality and variety of current historical approaches to studying early modern England itself developing new ways to view the past Here are for example a hitherto unpublished memoir a discussion of Shakespeare's printed texts new biographical approaches to Tudor writers the recovery of manuscript sources the tracing of intertextual relations the impact of Renaissance humanism and close readings that join an understanding of words ambiguity to a refreshed awareness of historical context From publisher's description [A Word for the Church](#) Jeff Mills, MDiv, 2023-04-27 This book was written for both the new churchgoer and the senior churchgoer It begins with a history of the church and leads into how the church leadership of today operates This book was written to show that there is no such thing as a perfect church but there is a church that should be striving toward perfection This book allows its readers to test their church to ensure that sound Christian doctrine is being taught and put to the test As stated earlier there is no perfect church every church has issues that must be dealt with and this book covers many of those issues through a firsthand account and gives actions that can help eliminate these troublesome areas It also deals with what a healthy church looks like and how to get to that point As the church body our greatest job is to share the good news of Jesus with everyone that we can This book includes a chapter on evangelism and easy methods that can be used by individuals and the church as a whole In summary this book is about the history of the church and what God intended the church to be and how many times we fall short The good news is that there is hope for our churches today we just need our members to be on fire for Jesus and become servant hearted workers in the church **The Brand of Print** Andie Silva, 2019-10-01 The Brand of Print offers a comprehensive analysis of the ways printers publishers stationers and booksellers designed paratexts to market printed books as cultural commodities This study traces envoys to the reader visual design in title pages and tables of contents and patron dedications illustrating how the agents of print branded their markets by crafting relationships with readers and articulating the value of their labor in an increasingly competitive trade Applying terms from contemporary marketing theory to the study of early modern paratexts Andie Silva encourages a consideration of how print agents labor and agency made visible through paratextual design continues to influence how we read study and digitize early modern texts **Mediatrix**

Julie Crawford, 2014 *Mediatrix* examines the roles women played as patrons dedicatees and readers as well writers in the English Renaissance and the relationship between these literary activities and religious and political activism *This Is Enlightenment* Clifford Siskin, William Warner, 2010-06-15 Debates about the nature of the Enlightenment date to the eighteenth century when Immanuel Kant himself addressed the question What is Enlightenment The contributors to this ambitious book offer a paradigm shifting answer to that now famous query Enlightenment is an event in the history of mediation Enlightenment they argue needs to be engaged within the newly broad sense of mediation introduced here not only oral visual written and printed media but everything that intervenes enables supplements or is simply in between With essays addressing infrastructure and genres associational practices and protocols this volume establishes mediation as the condition of possibility for enlightenment In so doing it not only answers Kant's query it also poses its own broader question how would foregrounding mediation change the kinds and areas of inquiry in our own epoch *This Is Enlightenment* is a landmark volumewith the polemical force and archival depth to start a conversation that extends across the disciplines that the Enlightenment itself first configured **Writing the Other** Mike Pincombe, 2009-10-02 An international group of scholars working in early modern English literature and culture have been invited to reflect upon one of the most dynamic dialectics of the period the opposition between the concept human humanist humanism versus the concept barbarous barbarian barbarism The result is *Writing the Other Humanism versus Barbarism in Tudor England* The essays in this volume range widely across the literary and cultural field mapped out by this opposition thus revealing a rich multiplicity of voices and approaches to one of the fundamental processes by which self fashioning and also other fashioning operated during the Tudor reign The focus moves from England to North Africa to Hungary and to the New World in its panoramic display of the vast theatre in which identities were forged The volume as a whole demonstrates how the cultural OtherOther was as much invented as described forged in the sense perhaps of counterfeited during the early modern and especially the Tudor period This invention occasionally led to the demonisation of the object of its gaze at other times its rehumanisation sometimes we may detect evidence of a painful act of distortion and at others we see the purposeful and profitable creation of a self identityidentity with an eye on the rhetorical religious poetic national expectations of the readers in the new context of print culture But everywhere we witness the remarkable energy and fertility of the primary opposition which gives this collection its central theme **The Oxford Handbook of Philip Sidney**, 2024-11-13 The Oxford Handbook of Philip Sidney is the most comprehensive collection of essays on Sidney published to date Written by an expert team of international specialists its fifty chapters cover every aspect of Sidney's life works and the times in which he lived It provides fresh interpretations of Sidney's career texts and legacy drawing on the most recent historical and archival research and showcasing the range of critical approaches historicist formalist postcolonial post humanist presentist materialist economic ecological affective queer and zoocritical which has opened up so many new perspectives in the study of Renaissance literature in recent years Part I

The Lily and the Thistle William Calin, 2014-01-01 In The Lily and the Thistle William Calin argues for a reconsideration of the French impact on medieval and renaissance Scottish literature Calin proposes that much of traditional medieval and early modern Scottish culture thought to be native to Scotland or primarily from England is in fact strikingly international and European By situating Scottish works in a broad intertextual context Calin reveals which French genres and modes were most popular in Scotland and why The Lily and the Thistle provides appraisals of medieval narrative texts in the high courtly mode equivalent to the French *dit amoureux* comic didactic and satirical texts and Scots romance Special attention is accorded to texts composed originally in French such as the Arthurian *Roman de Fergus* as well as to the lyrics of Mary Queen of Scots and little known writers from the French and Scottish canons By considering both medieval and renaissance works Calin is able to observe shifts in taste and French influence over the centuries

Spenser's Heavenly Elizabeth Donald Stump, 2019-11-07 This book reveals the queen behind Edmund Spenser s *The Faerie Queene* Placing Spenser s epic

poem in the context of the tumultuous sixteenth century Donald Stump offers a groundbreaking reading of the poem as an allegory of Elizabeth I's life By narrating the loves and wars of an Arthurian realm that mirrors Elizabethan England Spenser explores the crises that shaped Elizabeth's reign her break with the pope to create a reformed English Church her standoff with Mary Queen of Scots offensives against Irish rebels and Spanish troops confrontations with assassins and foreign invaders and the apocalyptic expectations of the English people in a time of national transformation Brilliantly reconciling moral and historicist readings this volume offers a major new interpretation of *The Faerie Queene* **John Donne and the Conway Papers** Daniel Starza Smith, 2014 John Donne and the Conway Papers examines the archive of the Conway family and considers how the archive came to contain a concentration of manuscript poetry by Donne and what this tells us in terms of seventeenth century politics patronage and culture Rose Tremain Emilie Walezak, 2017-07-15 This comprehensive chronological introduction offers a detailed analysis of Rose Tremain's novels and examines the critical reception of her work It situates Tremain listed by Granta magazine as one of the twenty most promising young British novelists in 1983 in the landscape of contemporary British literature by demonstrating how the variety of her work touches upon major concerns of contemporary fiction The book aims to satisfy the needs of students by providing an extensive reading of Tremain's novels based on critical discussions of key notions in contemporary literary theory and cultural studies It includes a comprehensive bibliography and overview of Tremain's critical reception It points up the suitability of Tremain's novels as practical illustrations of major concepts in contemporary literary debates *The Apparelling of Truth* Kevin J. McGinley, Nicola Royan, 2010-01-08 Prepared to honour the work of R J Lyall this collection of essays offers new perspectives on the literature and culture of the reign of James VI from his accession as an infant to the throne of Scotland through the Union of the Crowns to his final years as king of Great Britain Its emphasis is on James's reign as a whole stressing the continuities in literary culture throughout the time of his rule rather than the more familiar narrative of disjunction caused by his accession to the English throne in the 1603 Union of Crowns In addition the collection extends its focus beyond a concentration on the environment of James's court to situate the literature of his reign in terms of both regional and international contexts The essays range widely in their approaches and cover topics as diverse as book history and printing textual scholarship and editing language rhetoric and prosody gender attitudes in James's reign travel writing and colonial contexts Latin literary culture and courtly culture and the politics of literary representation Such variety is also evident in the languages discussed which include Scots English Latin and French in the generic range of the subject texts from epic poetry to travel writing and in the writers discussed from the very familiar such as John Knox and Robert Aytoun to the currently less well known such as William Lithgow and Thomas Hudson All the contributors are respected scholars in the discipline including some of the most senior figures in the field Taken as a whole this collection is the most extensive and varied treatment of Scottish literary culture of this period to date and will be a key collection for all students and specialists in the field **Philip Sidney and**

the Poetics of Renaissance Cosmopolitanism Robert E. Stillman, 2016-04-22 Celebrations of literary fictions as autonomous worlds appeared first in the Renaissance and were occasioned paradoxically by their power to remedy the ills of history Robert E Stillman explores this paradox in relation to Philip Sidney's *Defence of Poesy* the first Renaissance text to argue for the preeminence of poetry as an autonomous form of knowledge in the public domain Offering a fresh interpretation of Sidney's celebration of fiction making Stillman locates the origins of his poetics inside a neglected historical community the intellectual elite associated with Philip Melanchthon leader of the German Reformation after Luther the so called Philippists As a challenge to traditional Anglo centric scholarship his study demonstrates how Sidney's education by Continental Philippists enabled him to dignify fiction making as a compelling form of public discourse compelling because of its promotion of powerful new concepts about reading and writing its ecumenical piety and its political ambition to secure through natural law from universal Ideas freedom from the tyranny of confessional warfare Intellectually ambitious and wide ranging this study draws together various elements of contemporary scholarship in literary religious and political history in order to afford a broader understanding of the *Defence* and the cultural context inside which Sidney produced both his poetry and his poetics
