

Yes "the spirit of Champ Ferguson still lives" and will live on; for it is the spirit of all "civil" wars, from the killing of Abel to that of little Point Zachery—old Ruben Woods—and the burning of Toliver Staple's feet so that he died,—the three latter set on foot by "the best citizens of Overton county," who continue running some courts in accordance with Champ's principles; permitted, to, if not sanctioned, by authority.

"He who sows THE VULTURE'S WING IS RESPONSIBLE FOR HIS TALONS."

Go on friends of Champ, always forgetting that there is a Power above from whom masks cannot hide you.

I, who tried to save you from yourselves, admit a deserved punishment, and will endeavour to submit with patience.

"Let us have peace" after the war is all over and forgotten.

Washington, D. C., June, 1886.

J. D. HALE.

They who wrote letters, and visited me in masks at midnight, carrying shotguns in their hands, were mild mannered, and amiable in their way, although the plan of opening doors with fence rails was peculiar, even at that time, and their number—thirty to two—evinced discretion.

The annexed picture of Ferguson is a correct copy of a photograph taken in 1865, while he was on trial before the Military Commission at Nashville, Tennessee.

He claimed to have acted under orders of General Jno. Morgan, and other Confederate Generals, and some citizens.

He was entitled to the claim. He was with Morgans command in Kentucky, and passed out of the State with it.

He was in Kentucky with the Honorable Alvan Cullom, at the time of the killing of little Point Zachery, and when several horses, and mules were stolen.

Ferguson and others of his type materially aided in prolonging the war. Certainly he did not deserve hanging so much as some Confederate Generals who have been honored by one or more Federal Generals, and are now writing histories of battles.

Had Ferguson been let live he could have told about battles lost and won on many a field, and materially aided in exhibiting war in all its hideous nakedness.

Although not a West Point Graduate, Ferguson was a warrior.

At this late day "that fellow Hale" would consider it kind of Champ's, or of any other spirits, if they would define his situation now, and his duty then.

What his course should have been at the commencement of the war, during open hostilities, and since.

Should he have received Confederate gold, and gone North, and purchased supplies to aid that cause? Or adhered to the old flag with the "Pentress Boys," a large majority of whom could neither be bought, nor driven?

By adopting the former, he could have saved his property, excepting the negroes, and named his reward in gold.

By the latter course, he became a foot ball for Federals, and Confederates.

Henry Sublits, Ferguson's Lieutenant, returning from Kentucky with a band of plunderers composed of Confederate soldiers and some citizens of Overton County, burned Hale's Mills, Machinery, the entire hamlet on both sides of the River, and contents, with U. S. Postoffice property, and over 300,000 feet of choice lumber stacked in the vicinity, nothing was left but the schoolhouse. Post-master Hale abandoned on the night of the 7th of July 1861.

After the war was declared at an end, that Post-master was required to make good the loss to the U. S. Government, and subsequently on his application for a return of the amount, received notice from the P. O. Dept. Attorney General, that, over fifteen years having elapsed since the payment, his request could not be complied with.

From the Nashville Patriot of June 25th, 1881.

A LINCOLNITE IN TENNESSEE. The Cockville Times of the 12th says—

Report says that Dr. Hale is making up a Lincolnite company in Pensacola. Said Hale is a Northern man, therefore we did not expect anything else of him. But surely the Pentress Boys do not intend to follow him.

That fellow Hale ought to be made to leave the State or stretch lamp. Treason cannot be tolerated a moment in Tennessee now.

The Ghosts of Guerrilla Memory Matthew C. Hulbert, 2016 The Civil War tends to be remembered as a vast sequence of battles with a turning point at Gettysburg and a culmination at Appomattox But in the guerrilla theater the conflict was a vast sequence of home invasions local traumas and social degeneration that did not necessarily end in 1865 This book chronicles the history of guerrilla memory the collision of the Civil War memory industry with the somber realities of irregular warfare in the borderlands of Missouri and Kansas In the first accounting of its kind Matthew Christopher Hulbert's book analyzes the cultural politics behind how Americans have remembered misremembered and re remembered guerrilla warfare in political rhetoric historical scholarship literature and film and at reunions and on the stage By probing how memories of the guerrilla war were intentionally designed created silenced updated and even destroyed Hulbert ultimately reveals a continent wide story in which Confederate bushwhackers pariahs of the eastern struggle over slavery were transformed into the vanguards of American imperialism in the West

[Arming the Confederacy](#) Robert C. Whisonant, 2015-02-21 This is a fresh look at the American Civil War from the standpoint of the natural resources necessary to keep the armies in the field This story of the

links between minerals topography and the war in western Virginia now comes to light in a way that enhances our understanding of America s greatest trial Five mineral products niter lead salt iron and coal were absolutely essential to wage war in the 1860s For the armies of the South those resources were concentrated in the remote Appalachian highlands of southwestern Virginia From the beginning of the war the Union knew that the key to victory was the destruction or occupation of the mines furnaces and forges located there as well as the railroad that moved the resources to where they were desperately needed To achieve this Federal forces repeatedly advanced into the treacherous mountainous terrain to fight some of the most savage battles of the War Confederate Rage, Yankee Wrath George S Burkhardt,2013-01-16 This provocative study proves the existence of a de facto Confederate policy of giving no quarter to captured black combatants during the Civil War killing them instead of treating them as prisoners of war Rather than looking at the massacres as a series of discrete and random events this work examines each as part of a ruthless but standard practice Author George S Burkhardt details a fascinating case that the Confederates followed a consistent pattern of murder against the black soldiers who served in Northern armies after Lincoln s 1863 Emancipation Proclamation He shows subsequent retaliation by black soldiers and further escalation by the Confederates including the execution of some captured white Federal soldiers those proscribed as cavalry raiders foragers or house burners and even some captured in traditional battles Further disproving the notion of Confederates as victims who were merely trying to defend their homes Burkhardt explores the motivations behind the soldiers actions and shows the Confederates rage at the sight of former slaves still considered property not men fighting them as equals on the battlefield Burkhardt s narrative approach recovers important dimensions of the war that until now have not been fully explored by historians effectively describing the systemic pattern that pushed the conflict toward a black flag take no prisoners struggle A Savage Conflict Daniel E.
