Changeling Plague:

The Changeling Plague Syne Mitchell, 2003 Science fiction roman The Medieval Changeling Rose A. Sawyer, 2023 The first comprehensive study of medieval changelings and associated attitudes to the health and care of children in the period The changeling a monstrous creature swapped for a human child by malevolent powers is an enduring image in the popular imagination dubbing a child a changeling is traditionally understood as a way to justify the often violent rejection of a disabled or ailing infant Belief in the reality of changelings is famously attested in Stephen of Bourbon's disapproving thirteenth century account of rites at the shrine of Saint Guinefort the Holy Greyhound where sick children were brought to be cured However the focus on the St Guinefort rituals has meant some scholarly neglect of the wealth of other sources of knowledge including mystery plays and medical texts and the nuances with which the changeling motif was used in this period This interdisciplinary study considers the idea of the changeling as a cultural construct through an examination of a broad range of medical miracle and imaginative texts as well as the lives of three more conventional Saints Stephen Bartholomew and Lawrence who in their infancy were said to have been replaced by a demonic changeling The author highlights how people from all walks of life were invested in both creating and experiencing the images texts and artefacts depicting these changelings and examines societal tensions regarding infants and children their health their care and their position within the familial unit **Changeling's Fealty** Glynn Stewart, 2019-08-27 A ragged newcomer With a secret even he doesn't know A backwater city With a countdown to an explosion no one is expecting A secret Covenant And a conspiracy to break it to pieces Jason Kilkenny is a new arrival in the Canadian city of Calgary Unlike most newcomers Jason isn't looking for a job in oil and gas he's a half fae changeling that wants to get away from the politics of the inhuman races He soon learns that despite being a supernatural backwater the city is run by a near godlike Wizard and the shadows are full of unseen dangers Jason's here to hide but he finds himself called to service by Calgary's understaffed Fae Court As supernatural politics collide in his new home Jason's plan to keep his head down is shattered and he finds himself testing the limits of his meager gifts He cannot run he cannot hide and if he loses he loses everything **A Reputed Changeling** Charlotte Mary Yonge, 1889 Changeling's Island Dave Freer, 2016-04-05 Tim Ryan can't shake the feeling that he is different from other teens and not in a good way For one thing he seems to have his own personal poltergeist that causes fires and sets him up to be arrested for shoplifting As a result Tim has been sent to live on a rundown farm on a remote island off the coast of Australia with his crazy grandmother a woman who seems to talk to the local spirits and who refuses to cushion Tim from facing his difficulties To make matters worse Tim is expected to milk cows chase sheep and hunt fish with a spear But he's been exiled to an island alive with ancient magic land magic that Tim can feel in his bones and sea magic that runs in his blood If Tim can face down the danger from drug runners sea storms and the deadly threat of a seal woman who wishes to steal him away for a lingering death in the land of Faery he may be able to claim the mysterious changeling

T Jeschonek and Annie Reed Join Strange New Worlds in its thrilling quest to uncover the most compelling Star Trek fiction this side of the Galactic Barrier **A History of Intelligence and 'intellectual Disability'** C. F. Goodey,2011 Autism

Down syndrome and other such labels assume that intellectual disability is a permanent aspect of human nature C F Goodey demonstrates that intellectual disability and even intelligence are instead historically contingent creations which are rooted in early modern cultural and religious matrices and corresponding forms of social organisation and which have subsequently undergone continuous change This paradigm shifting book is also an urgent and compassionate appeal for us to consider through the prism of history how the apparent certainties of modern biology medicine and psychology came to question the ethical status of some of us **Scourge** David H. Burton,2010 Two dads five siblings and goggles Grim Doyle has always

known his life was not exactly normal and things get even more curious when he discovers a set of stones that sweep him and his family to the fantasy steampunk world of Verne a place they had escaped from years ago Now that they ve returned Grim and his siblings hide from the evil Lord Victor and his minions And while learning about Jinns Mystics and the power of absinth they try to discover who is trying to kill them with the deadly Scourge **Context** John Meaney,2011-07-27

Nulapeiron a world isolated for twelve centuries Its billions of inhabitants occupy subterranean strata ruled by a trained aristocracy of lords and ladies whose power base is upheld by oracles But revolution has touched all of its many cultures failing in its intent yet changing everything Now Lord Tom Corcorigan the commoner turned noble who renounced his power the poet logosopher and holder of the key to understanding the myriad wonders of mu space the legendary one armed warrior former revolutionary and would be peacemaker lies fatally wounded His survival is dependent on his meeting with a mysterious seer whose spacetime warping talents transcend the merely Oracular It is a confrontation that will result in bitter tragedy and loss Can the woman he loves be truly dead or can quantum mysteries lie beyond the grave Turning his back on a society sliding once more into anarchy and chaos a disillusioned and despairing Tom wanders this strange stratified world in search of meaning love and his own salvation But it seems Nulapeiron is threatened by a vast insidious and terrifying enemy whose origins may lie beyond their world beyond their understanding And now is the time for legends to be reborn Sequel to the acclaimed Paradox and the second book in the Nulapeiron Sequence Context is a thrilling daring and complex novel that confirms John Meaney as one of British science fiction s most original and exciting practitioners The Last Mortal Man

Syne Mitchell,2006 In the 24th century nano designed biology has turned the world into humanity s playground But when a new technology attacks the fundamental building blocks of nanobiology the survival of humanity is at stake Original

Persecution, Plague, and Fire Ellen MacKay,2011-02-15 The theater of early modern England was a disastrous affair The scant record of its performance demonstrates as much for what we tend to remember today of the Shakespearean stage and its history are landmark moments of dissolution the burning down of the Globe the forced closure of playhouses during outbreaks of the plague and the abolition of the theater by its Cromwellian opponents *Persecution Plague and Fire* is a study

of these catastrophes and the theory of performance they convey Ellen MacKay argues that the various disasters that afflicted the English theater during its golden age were no accident but the promised end of a practice built on disappearance and erasure a kind of fatal performance that left nothing behind but its self effacing poetics Bringing together dramatic theory performance studies and theatrical religious and cultural history MacKay reveals the period's radical take on the history and the future of the stage to show just how critical the relation was between early modern English theater and its public

The Global Novel and Capitalism in Crisis Treasa De Loughry, 2020-04-29 This book examines how contemporary global novels by Salman Rushdie David Mitchell Rana Dasgupta and Rachel Kushner have evolved new aesthetics to represent global economic and ecological crises Paying close attention to the interrelations between postcolonial world and global literatures this book argues that postcolonial literary studies cannot account for global crises that exceed the national and anti colonial Advocating an interdisciplinary framework informed by a synthesis of materialist literary theory with world systems theory combining Fredric Jameson and Georg Lukács with Giovanni Arrighi and Jason W Moore this book examines how global literatures metabolise not only socioeconomic conditions but also transformations in the world ecology and emergent developmental and epochal crises of capitalism

The Good People Peter Narvåg, 1997-11-06 Whether called the good people the little people or simply them fairies are familiar from their appearances in Shakespeare's plays Disney's films and points in between In many cultures however fairies are not just the stuff of distant legend or literature they are real creatures with supernatural powers The Good People presents nineteen essays that focus on the actual fairies of folklore fairies of past and living traditions who affected and still affect people's lives in myriad ways

Wandering and Return in Finnegans Wake Kimberley J. Devlin, 2014-07-14 Guiding readers through the disorienting dreamworld of James Joyce's last work Kimberley Devlin examines *Finnegans Wake* as an uncanny text one that is both strange and familiar In light of Freud's description of the uncanny as a haunting awareness of earlier repressed phases of the self Devlin finds the uncanniness of the *Wake* rooted in Joyce's rewritings of literary fictions from his earlier artistic periods She demonstrates the notion of psychological return as she traces the obsessions scenarios and images from Joyce's waking fictions that resurface in his final dreamtext in uncanny forms transformed yet discernible often to uncover hidden unconscious truths Drawing on psychoanalytic arguments and recent feminist theory Devlin maps intertextual connections that reveal many of Joyce's most deeply felt imaginative and intellectual concerns such as the self in its decentered relationship to language the elusive nature of human identity the anxieties implicit in mortal selfhood the male subject in its opposition to the female sexual other She suggests that the *Wake* records Joyce's implicit interest in the psychological counterpart to Vico's theory of historical repetition Freud's theory of the insistent internal return of earlier narratives Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve

the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Writing India Anew* Krishna Sen,Rituparna Roy,2025-10-01 This groundbreaking study assesses the genre of Indian English fiction in the first decade of the twenty first century Some of the most prominent scholars in the field including Rimi B Chatterjee Bill Ashcroft and Shirley Chew explore a range of themes that extend from the re mapping of mythology and history to reassessing the globalised India of today Together they contend that the current body of work of Indian English literature is so varied and vibrant that it can no longer be dismissed as derivative or dispossessed Instead they regard this new corpus of writing to be a major aspect of contemporary Anglophone literature Ultimately the contributors contend that the current body of work in Indian English fiction is so varied and vibrant that it can no longer be dismissed as derivative or dispossessed or even as mere postcolonial writing back or compensatory national allegory
