Parfitt,2023-07-10 Since the rise of Islam Jews have been living in the Yemen as the only non Muslim minority Their status never enviable deteriorated in the twentieth century as the Imam Yahya sought to maintain the full force of Islamic law and local custom The attempts to create a Jewish National Home in Palestine Arab propaganda new economic realities and local resentments had the effect of further undermining their position While battling to maintain their rights the Yemenite Jews started trying to emigrate British immigration policies in Palestine the Imam s efforts to prevent them from leaving and British regulations in Aden often frustrated their efforts This movement of people was to culminate in 1948 50 in what was then the largest human airlift the world had ever seen Operation Magic Carpet when the Yemenites were taken on wings of eagles to Israel *Global Jewish Foodways* Hasia R. Diner,Simone Cinotto,2018-06-01 An exploration of the many facets of the global history of Jewish food when Jews struggled with embraced modified or rejected the foods and foodways which surrounded them from Renaissance Italy to the post World War II era in Israel Argentina and the United States **National**

Library of Medicine Current Catalog National Library of Medicine (U.S.),1993 First multi year cumulation covers six years 1965 70 **Bibliography of the History of Medicine** ,1993 Inyan haSakanah (On Danger) by Nahmanides - RAMBAN Michael Weingarten,2017-03 This is the first complete English translation of Nahmanides RAMBAN Inyan

haSakanah which is the earliest compendium of Jewish medical law The translation is accompanied by an introduction and annotations **Culture, Health and Illness, Fifth edition** Cecil Helman,2007-01-26 Culture Health and Illness is the leading international textbook on the role of cultural and social factors in health illness and medical care Since first published in 1984 it has been used in over 40 countries within universities medical schools and nursing colleges This new

edition meets the ever growing need for a clear starting point in **Genetic Disorders Among Arab Populations** Ahmad S. Teebi, 2010-07-30 Arab populations have their own genetic disorders both universal and particular Genetic diversity within these source populations along with the fact that the rates of inbreeding are often high and family sizes are often large constitute conditions that facilitate the emergence and detection of phenotypes explained notably by autosomal recessive inheritance in which case the use of homozygosity gene mapping can facilitate the discovery of the corresponding genes The present book includes 5 parts dealing with various aspects that relate to the genetic structure of Arabs and minorities within the Arab world as well as genetic disorders prevalent in this part of the world It includes updated reviews of the genetic disorders in various Arab countries and geographic regions The focus is primarily but not exclusively on the group of single gene disorders with particular emphasis on autosomal recessive conditions It further includes epidemiological and clinical data as well as inheritance patterns mutation and polymorphism data and available haplotype analysis data The ethnic and genetic diversity of the Arab populations is discussed as well as aspects of genetic counseling practice in this region together with a proposal for an ethical framework for genetic research and prevention of genetic disorders The target audience of this book includes human and medical geneticists genetic counselors researchers medical specialists dealing with Arab patients or practicing in Arab countries medical and genetic counseling students and nurses *Negotiating Across Cultures*

Raymond Cohen, 1997 In this revised edition as in the first Cohen explores how cultural factors have affected U S dealings with Japan China Egypt India and Mexico He demonstrates that there are two quite different models of negotiation low context a predominantly verbal and explicit style typical of individualistic societies such as the United States and high context a style associated with nonverbal and implicit communication more typical of traditionally interdependent societies

The Blessing of Africa Keith Augustus Burton, 2007-07-25 Keith A Burton traces the story of biblical Africa and the place of the Bible in the land of Ham He ends with an examination of the modern era and the achievements of African Christianity This invigorating work places the story of the Bible and African Christianity in a wider global context and challenges readers to think differently about history and the biblical world **Hadassah and the Zionist Project** Erica B. Simmons, 2006

Founded to give women a frontline role in the Zionist struggle for statehood Hadassah the Women's Zionist Organization of America first sent public health nurses to Palestine in 1913 Despite clashing with other Zionist organizations as it fought to keep control of its own projects Hadassah grew to be the largest single American Zionist organization in the interwar period Using original historical documents Simmons examines Hadassah's roots in the American Progressive movement and assesses some of the American field tested projects which Hadassah exported to Palestine including visiting nurses school lunches and playgrounds Hadassah chose each project carefully with a view to developing an egalitarian democratic Jewish state Simmons also traces Hadassah's involvement in the Youth Aliyah child rescue movement which saved thousands of youngsters from Nazi occupied Europe as well as from the beleaguered Jewish communities of the Middle East and North

Africa In the first decades of statehood Youth Aliyah education tried to make Israelis out of young refugees from all over the world Simmons offers a fresh perspective on Hadassah's place in history and shows for the first time how American Jewish women played a leading role in achieving Zionist goals and shaping the Jewish state The book is distinguished by its historical approach rooted in the analysis of original archival material including publicity brochures newsletters and correspondence as well as the contemporary Zionist and mainstream American press It is intended for students scholars and anyone interested in American Jewish history Israeli history women's studies Jewish women the history of voluntarism philanthropy public health social welfare or child welfare Progressivism the history of Zionism and the development of the State of Israel Diaspora Israel relations Jewish organizations ethnic studies emergence of the welfare state Modern Jewish Mythologies Glenda Abramson, 2000-04-01 Based on the Mason Lectures delivered at the Oxford Centre for Hebrew and Jewish Studies in the winter of 1995 the ten essays in this volume demonstrate the function and dynamic effect Jewish mythologies in social political and psychological life Eli Yassif's introduction illustrates the complex relationship between myth and ritual in modern Jewish culture In a separate essay he focuses on the ancient Jewish tale of the Golem a myth that presents an exemplary test case for the exploration of cultural continuity Using the testimonies of Jewish immigrants from eastern Europe to Britain and the battle on the plain of Latrun in the Israeli War of Independence David Cesarani and Anita Shapira demonstrate that the process of creating myth is related in one way or another to attempts by specific social and ethnic groups to shape their collective memory Along these lines Milton Shain and Sally Frankental interrogate the view that during the apartheid period in South African history South African Jewry operated on a higher moral plane than most other white South Africans And while Nurith Gertz examines the male superhero that dominated the early national Zionist cinema and reflected the center of gravity in the Zionist myth Dan Urian analyzes two Israeli plays produced in the 1990s that examine the myth of the biblical Sarah rewritten from a feminist perspective Other essays examine widely held cultural beliefs of contemporary Western Jewry Jonathan Webber questions whether memory is an essentially Jewish value and remembrance a Jewish moral duty Tudor Parfitt explores Western and Israeli perceptions of the Yemenite Jews and Sylvie Anne Goldberg in examining the evolving role of the chevrah kaddisha in Prague discusses changes in perceptions of communal institutions and traditional and modern Jewish attitudes with regard to death Finally Matthew Olshan offers an analysis of Kafka's animal fables as parables for the Jewish response to tradition *The Yemenite Children Affair* Motti Inbari, 2024-12-15 This edited collection brings together leading scholars in their field to discuss the Yemenite Children Affair including the health crisis the public demand for an investigation and the public discourse surrounding it The Yemenite Children Affair was a tragic health crisis in which about 1 000 babies and toddlers died between 1949 and 1954 In most cases the parents did not witness the death of their children and did not attend their funerals Over the years rumors spread that the babies had not died but were kidnapped by the Israeli authorities and sold to childless Ashkenazi or Holocaust

survivors in Israel and the United States These rumors eventually created a public demand for an investigation The contributors to this book analyze the policy and health challenges surrounding immigration to Israel in the 1950s Operation Magic Carpet the archives on the Yemenite Children Affair and public discourse surrounding it testimonies at commissions among other topics Scholars of Jewish studies Israel studies Middle Eastern studies public health and political science will find this book of particular interest

Jewish Communities in Exotic Places Ken Blady, 2000 Jewish Communities in Exotic Places examines seventeen Jewish groups that are referred to in Hebrew as edot ha mizrach Eastern or Oriental Jewish communities These groups situated in remote places on the Asian and African Jewish geographical periphery became isolated from the major centers of Jewish civilization over the centuries and embraced some interesting practices and aspects of the dominant cultures in which they were situated

Resolving International Conflicts Jacob Bercovitch, 1996 Mediation is one of the most important methods of settling conflicts in the post Cold War world This text represents the most recent trends in the process and practice of international mediation

American Jewish History, 2004

Handbook of Primary Care Ethics Andrew Papanikitas, John Spicer, 2017-09-25 With chapters revolving around practical issues and real world contexts this Handbook offers much needed insights into the ethics of primary healthcare An international set of contributors from a broad range of areas in ethics and practice address a challenging array of topics

These range from the issues arising in primary care interactions to working with different sources of vulnerability among patients from contexts connected with teaching and learning to issues in relation to justice and resources. The book is both interdisciplinary and inter professional including not just standard philosophical clinical ethics but also approaches using the humanities, clinical empirical research, management theory and much else besides. This practical handbook will be an invaluable resource for anyone who is seeking a better appreciation and understanding of the ethics in, of and for primary healthcare. That includes clinicians and commissioners but also policymakers and academics concerned with primary care ethics. Readers are encouraged to explore and critique the ideas discussed in the 44 chapters, whether or not readers agree with all the authors' views. This volume aims to inform, educate and in many cases inspire. Chapter 4 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution (CC BY) 4.0 license.
