**Yorkshire Bred** John Hall, 2018-02-20 As we age our outlook on life changes Throughout our carefree youth and busy adult years working producing and rearing future generations our focus is on just that the here and now We don't think that our parents are watching and enjoying for the second time what we are seeing as a whole new life experience Now that my youth and working years are done and the whole new life experience of retirement is unfolding before me I have time to reflect A few years ago I enjoyed writing the memoirs of my early working life in Bricks and Mortar and now I have taken to writing some of the precious memories of my youth I hope that my jottings of a time in my formative years might also awaken your own memories of a similar era in your own life and if so then that is my gift to you A time without responsibility or care when life was all before us and tomorrow was a world away We lived for the here and now days were long and weeks longer I hope you enjoy my words as much as I have enjoyed writing them
