

Changing Pay Practices New Developments In Employee Compensations

Camilla Rothe

Changing Pay Practices New Developments In Employee Compensations:

Compensation Barry Gerhart, Sara Rynes, 2003-05-07 The authors artfully synthesize complex scholarly articles from economics psychology and sociology The organization of the book is exceptionally transparent Compensation should be accessible to a wide range of readers who appreciate a multidisciplinary perspective on organizational issues I cannot emphasize enough how effectively Gerhart and Rynes discuss compensation throughout this book As an experienced academic researcher I have already benefited tremendously from my first reading of the book It is a must read and I recommend it without reservation to instructors researchers and students Industrial and Labor Relations Review Gerhart and Rynes provide a thorough comprehensive review of the vast literatures relevant to compensation Their insights regarding the integration of economic psychological and management perspectives are particularly enlightening This text provides an invaluable tool for those interested in advancing our understanding of compensation practices Alison Barber Eli Broad College of Business Michigan State University Compensation Theory Evidence and Strategic Implications provides a comprehensive research based review of both the determinants and effects of compensation Combining theory and research from a variety of disciplines authors Barry Gerhart and Sara L Rynes examine the three major compensation decisions pay level pay structure and pay delivery systems Revealing the impact of different compensation policies this interdisciplinary volume examines The relationship between performance based pay and intrinsic motivation Implications of individual pay differentials for team or unit performance The consequences of pay for performance policies Effect sizes and practical significance of compensation findings Directions for future research Compensation Theory Evidence and Strategic Implications considers why organizations pay people the way they do and how various pay strategies influence the success of organizations Critically evaluating areas where research is inconsistent with common beliefs Gerhart and Rynes explore the motivational effects of compensation Primarily intended for graduate students in human resource management psychology and organizational behavior courses this book is also an invaluable reference for compensation management consultants and organizational development specialists

Compensation and Organizational Performance Luis R. Gomez-Mejia, Pascual

Berrone, Monica Franco-Santos, 2014-12-18 This up to date research oriented textbook focuses on the relationship between compensation systems and firm overall performance In contrast to more traditional compensation texts it provides a strategic perspective to compensation administration rather than a functional viewpoint The text emphasizes the role of managerial pay its importance determinants and impact on organizations It analyzes recent topics in executive compensation such as pay in high technology firms managerial risk taking rewards in family companies and the link between compensation and social responsibility and ethical issues among others The authors provide a thorough and comprehensive review of the vast literatures relevant to compensation and revisit debates grounded in different theoretical perspectives They provide insights from disciplines as diverse as management economics sociology and psychology and amplify previous discussions with the

latest empirical findings on compensation its dynamics and its contribution to firm overall performance **Advances in Industrial and Labor Relations** David Lewin, Donna Sockell, 2016-06-30 Advances in Industrial and Labor Relations Volume 6 presents papers that tackle concerns in industrial and labor relations The book is comprised of eight chapters each chapter reviews a study that discusses issues in industrial and labor relations The first two chapters discuss the development of models of industrial and labor relations that are not bound by characteristics processes and practices Chapter 3 compares the innovations in work organization compensation and employee participation in decision making Chapter 4 examines the cause and effects of technological change at the workplace level of analysis Chapter 5 discusses the effects of seniority based layoffs on survivors Chapters 6 and 7 cover the lump sum payment system Chapter 8 talks about the publishing performance of industrial relations academics The text will be of interest to readers who are concerned with the development of industrial and labor relations Hearings on the Fair Labor Standards Act United States. Congress. House. Committee on Education and Labor. Subcommittee on Workforce Protections, United States. Congress. House. Committee on Economic and Educational Opportunities.
