Channeling Investigations On Receiving Information From Paranormal Sources:

Channeling Jon Klimo, 1988 Traces the history of channeling phenomena such as trances clairvoyance and automatic writing and through interviews with professional channels describes the channeling process **Channeling** Jon Klimo, 1998-04-17 In this study of channeling earlier called spirit communication or mediumship Klimo who teaches at Rosebridge Graduate School in the San Francisco Bay Area writes with clarity about the communication of information to or through a physically embodied human being from a source on some other level or dimension of reality other than the physical as we know it He profiles recent channels and their sources goes back to preliterate societies and the advent of monotheism and identifies as channels such figures as Moses Solomon Muhammad Merlin Nostradamus Swedenborg and Edgar Cayce He discusses the sorts of people who are channels kinds of information channeled sources of information channeled and varieties of channeling like clairvoyance and automatic writing According to Klimo few people tap into their abilities to perform channeling and for those who think they can he serves as guide Shamans of the 20th Century Ruth-Inge Heinze, 1991 In *Shamans of the 20th Century* anthropologist Ruth Inge Heinze takes a critical look at the global re emergence of the shaman in the late twentieth century redefining the role of the shaman at a time when we in the West are questioning both our ways of knowing and medical practice A pioneering work hers is a much needed synthesis between third world and primal people s holistic understanding of healing as embracing the total human condition social emotional psychological as well as physical and the radically innovative stance of Western New Age healers Elinor W Gadon Back cover **Awakening the Soul** Bill Missett, 2008-05-21 *Awakening The Soul* The Trilogy includes *ATS Book One Proof of Our Spiritual Nature* which itemizes more than 80 characteristics of our spiritual nature many very familiar and explains 10 of them in depth *ATS Book 2 Our Suppressed Spiritual Nature* which explains why we are so out of touch with our spiritual nature primarily through suppression of those traits by religions primarily Christianity and *ATS Book 3 Restoring Your Spiritual Nature* contains detailed channeled instructions to restore immediate awareness of your spiritual nature which has proven highly successful in doing just that Awakening Your Psychic Powers Henry Reed, 2025-06-25 We all have psychic experiences without even realizing it Now you can harness the power of your inborn psychic awareness In his lifetime American visionary Edgar Cayce introduced thousands to the wonders of psychic awareness Now his carefully preserved writings are illuminated by well known psychologist Henry Reed Ph D In the words and spirit of Edgar Cayce this guide will give you the knowledge you need to build a foundation for ESP and unlock the secrets of heightened awareness including Psychic sensitivity a natural part of perception Exercises to develop your psychic intuition Experimenting with clairvoyance telepathic suggestion and open channeling Meditation and recognizing the patterns that can change your life Music and the Paranormal Melvyn J. Willin, 2022-02-02 Exploring the paranormal through musical phenomena this encyclopedia covers a range of anomalies from musical mediumship to locations throughout the world where music has been heard with no obvious source Other

manifestations such as the abilities of musical savants and the anesthetic use of music during surgical procedures are included with a focus on parapsychical aspects Entries describe examples from earliest history up to the present interpretation is left to the reader Broader themes and concepts are discussed in appendices with additional references provided for further study

Handbook to the Afterlife Pamela Rae Heath, Jon Klimo, 2011-07-05 Two seasoned experts with decades of experience working with channeled material describe the various stages of life after death Just as life itself has different stages of growth and development so does the afterlife In this useful handbook authors Pamela Rae and Jon Klimo demonstrate how dying and rebirth are much like life continuous processes Beginning with the moment of death itself progressing through different transitional stages and ending with the return of spirits to the physical plane they define the purposes and pitfalls of each stage They look at the kinds of adjustment problems that occur in each phase and how spirits can be helped to move forward Questions of pain and emotional state at the time of death karma and reincarnation are sensitively addressed The book includes practical techniques for opening communication with those who have passed on to the other side While of interest to anyone seeking a general overview of the subject *Handbook to the Afterlife* is particularly useful for those dealing with spirits who have not moved on such as ghosts

New Age Religion and Western Culture Wouter J. Hanegraaff, 2018-09-24 Recent years have seen a spectacular rise of the New Age movement and an ever increasing interest in its beliefs and manifestations This fascinating work presents the first ever comprehensive analysis of New Age Religion and its historical backgrounds thus providing the reader with a means of orientation in the bewildering variety of the movement Making extensive use of primary sources the author thematically analyses New Age beliefs from the perspective of the study of religions While looking at the historical backgrounds of the movement he convincingly argues that its foundations were laid by so called western esoteric traditions during the Renaissance Hanegraaff finally shows how the modern New Age movement emerged from the increasing secularization of those esoteric traditions during the 19th century This ground breaking publication is compulsive reading for all those involved or interested in the New Age movement

Addison C. Arthur,2007-04 **Tell My Mother I'm Not Dead** Trevor Hamilton,2012-10-08 This book divides into two parts The first is a personal narrative of the impact of the death of the author s son Ralph on him and his family and his efforts to see if there was any evidence for his continued existence generated largely through visits to mediums that a thinking person could take seriously The second is an attempt to evaluate that evidence objectively based on an extensive survey of current and past scientific research in the UK and the USA The title reflects the inevitable tension between emotion and intellect in such an enquiry *New Spiritual Answers to Life's Big Questions* Marianne Figge Stein,2006-06-01 Do you want meaningful inspirational answers to important questions about God the universe and the meaning of life Are you an open minded spiritual seeker who is willing to look outside the boundaries of traditional religions Then you ll want to know about new spirituality It s not a new religion or organization it s a new worldview based on love tolerance compassion and freedom

It is based on the writings of people such as Neale Donald Walsch author of the Conversations with God books but it also draws on sources ranging from ancient mysticism to contemporary science This book serves as an introduction to new spirituality for people who are ready to embark on a spiritual journey In a question and answer format it discusses important issues in a clear inspirational and practical way that will help you cultivate inner peace and happier relationships in your daily life You will find out what new spirituality has to say about topics such as love karma suffering and the future of humanity You will also learn about reincarnation co creation intuition and healing And above all you will acquire a compassionate and empowering basis for finding your own way to enlightenment

Astrology and Psychic Phenomena Andre Kole, Terry Holley, 2016-09-06 Astrology Tarot cards Ouija boards spiritism psychic healing palm reading and old fashioned fortune telling now called psychic consulting all these are popular in America today Psychic hotlines are heavily represented on television with testimonials to their amazing ability to give people accurate details about their past and predictions about their future Are psychics indeed gifted with supernatural powers Andre Kole and Terry Holley show convincingly how the success of these and other paranormal phenomena depends on deceit and slight of hand rather than on genuine supernatural powers This is an age when countless groups and movements new and old mark the religious landscape in our culture As a result many people are confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully the Zondervan Guide to Cults and Religious Movements series provides essential information and insights for their spiritual journeys The second wave of books in this series addresses a broad range of spiritual beliefs from non Trinitarian Christian sects to witchcraft and neo paganism to classic non Christian religions such as Buddhism and Hinduism All books but the summary volume Truth and Error contain five sections A concise introduction to the group being surveyed An overview of the group's theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group Truth and Error the last book in the series consists of parallel doctrinal charts compiled from all the other volumes Three distinctives make this series especially useful to readers Information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details Information is presented in a clear easy to follow outline form with menu bar running heads This format greatly assists the reader in quickly locating topics and details of interest Each book meets the needs and skill levels of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood

Suicide Jon Klimo, Pamela Rae Heath, 2006-06-12 This provocative study explores what happens to those who commit suicide Drawing on communications from the spirits of more than 100 successful suicides it offers an intriguing

look at what the dead themselves say about suicide its repercussions and their experiences in the afterlife Bringing together the channeled messages of three types of suicide traditional suicide assisted suicide and the suicide mass murder adopted by terrorists the book covers a wide range of topics including why people commit suicide what it is like to cross over adjustment problems what suicides would say to those left behind and what they would tell others thinking of taking their own lives Additionally the book conveys powerful messages from suicide bombers warning potential terrorists of the serious karmic consequences that await them For anyone contemplating suicide or euthanasia the book offers profound sometimes unsettling insight into the ramifications of these acts

Mind-Matter Interaction Pamela Rae Heath, M.D.,2014-01-10 The power of the mind to influence the physical world has long been debated debunked studied for military applications and used in science fiction This historical and theoretical study of mind matter interaction or MMI explores the phenomena of levitation stigmata inedia paranormal activity bilocation fire immunity luminosity and the teleportation of matter The results of more than a century of formal experimental research are discussed as are resultant training techniques theories and controlled experiments used to test or bolster psychokinetic abilities

Exploring Frontiers of the Mind-Brain Relationship Alexander Moreira-Almeida, Franklin Santana Santos,2011-11-25 The conscious mind defines human existence Many consider the brain as a computer and they attempt to explain consciousness as emerging at a critical but unspecified threshold level of complex computation among neurons The brain as computer model however fails to account for phenomenal experience and portrays consciousness as an impotent after the fact epiphenomenon lacking causal power And the brain as computer concept precludes even the remotest possibility of spirituality As described throughout the history of humankind seemingly spiritual mental phenomena including transcendent states near death and out of body experiences and past life memories have in recent years been well documented and treated scientifically In addition the brain as computer approach has been challenged by advocates of quantum brain biology who are

possibly able to explain scientifically nonlocal seemingly spiritual mental states Exploring Frontiers of the Mind Brain Relationship argues against the purely physical analysis of consciousness and for a balanced psychobiological approach This thought provoking volume bridges philosophy of mind with science of mind to look empirically at transcendent phenomena such as mystic states near death experiences and past life memories that have confounded scientists for decades Representing disciplines ranging from philosophy and history to neuroimaging and physics and boasting a panel of expert scientists and physicians including Andrew Newberg Peter Fenwick Stuart Hameroff Mario Beauregard Deepak Chopra and Chris Clarke the book rigorously follows several lines of inquiry into mind brain controversies challenging readers to form their own conclusions or reconsider previous ones Key coverage includes Objections to reductionistic materialism from the philosophical and the scientific tradition Phenomena and the mind brain problem The neurobiological correlates of meditation and mindfulness The quantum soul a view from physics Clinical implications of end of life experiences Mediumistic experience and the mind brain relationship Exploring Frontiers of the Mind Brain Relationship is essential reading for researchers and clinicians across many disciplines including cognitive psychology personality and social psychology the neurosciences neuropsychiatry palliative care philosophy and quantum physics This book brings together some precious observations about the fundamental mystery of the nature of consciousness It raises many questions that serve to invite each of us to be more aware of the uncertainty of our preconceptions about consciousness This book on the frontiers of mind body relationships is a scholarly embodiment of creative and open minded science C Robert Cloninger MD Wallace Renard Professor of Psychiatry Genetics and Psychology Washington University School of Medicine St Louis MO
